EPA Reg. No. 239 2297

**DO NOT TAKE INTERNALLY**  
**DO NOT GET IN EYES**  
**DO NOT GET ON SKIN**

**DANGER:** Concentrate causes eye and skin damage. Do not get in eyes, on skin or on clothing. May be fatal if swallowed or absorbed through the skin. Avoid breathing spray mist. Use waterproof gloves and face shield or goggles when handling concentrate. In case of contact, immediately remove contaminated clothing and flush skin or eyes with plenty of water. For eyes, get medical attention. Avoid contamination of feed, foodstuffs and drinking water. Do not store or transport near feed or food.

**Note to Physicians:** Emergency Information - call 415-233-3737. Naled is a cholinesterase inhibitor. Atropine is antidotal. 2-PAM is also antidotal and may be used in conjunction with atropine. Mucosal damage may occur, and if gastric lavage is indicated it should be performed cautiously.

Concentrate may corrode metal spray or mixing equipment. Flush all equipment thoroughly with aromatic solvent after use. Rinse equipment and containers and dispose of wastes by burying in non-crop lands away from water supplies. Do not reuse empty container. Destroy it by perforating or crushing. Bury or discard in a safe place away from water supplies.

This product is toxic to fish, birds, and other wildlife. Keep out of lakes, streams, or ponds. Do not contaminate water by cleaning of equipment, or disposal of wastes.

This product is intended only for use in the formulation of other naled insecticide products. Refer to the CHEVRON Naled Formulators Manual for formulating directions, chemical and physical properties.
