PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS & DOMESTIC ANIMALS

DANGER: Irritates eyes. Causes eye damage. Do not get in eyes. Wear goggles or face shield when using outdoors. Harmful if swallowed. Avoid contact with skin or clothing. Avoid breathing vapor. Wash hands thoroughly after use. Wash face with fresh water for 15 minutes and rinse thoroughly. Wash hair with plenty of soap and water. Get medical attention if you are pregnant or nursing.
Note to Physicians: Emergency information call 1-415-253-9797

ENVIRONMENTAL HAZARDS: Do not contaminate waterways, rivers, streams, ponds. Do not contaminate water used for drinking purposes.

DIRECTIONS FOR USE: See label for complete directions. Use with 1/2% solution of Wetting Agent.

READ ENTIRE LABEL USE STRICTLY IN ACCORDANCE WITH LABEL PRECAUTIONARY STATEMENTS AND DIRECTIONS

DIRECTIONS FOR USE ON LAWNS: Apply to all newly seeded lawns. Also use on existing Bent, Bermuda, Red Fescue, Centipede and Carpetgrasses. Apply to weeds already growing. Weeds such as wild geranium and wild carrot will be killed when they are sprayed after the first mowing.

HOW TO USE: Fill sprayer with water. Add 1/2% Wetting Agent. Refer to label for recommended dilution. Spray with water. Do not overwater. Do not water for 48 hours after application. Do not apply to lawns which are to be watered. Do not overpray. Spray when air is calm. Do not apply when temperature is below 40°F or above 90°F. Do not apply to plants. Do not apply when temperatures are below 40°F or above 90°F. Do not apply to plants.

NEWLY SEEDED LAWNS: Apply to all newly seeded lawns. Use 1/2% solution of Wetting Agent. Apply to Bent, Bermuda, Red Fescue, Centipede and Carpetgrasses. Apply to weeds already growing. Weeds such as wild geranium and wild carrot will be killed when they are sprayed after the first mowing.

HAPPY WEEDS: Apply to all newly seeded lawns. Use 1/2% solution of Wetting Agent. Apply to Bent, Bermuda, Red Fescue, Centipede and Carpetgrasses. Apply to weeds already growing. Weeds such as wild geranium and wild carrot will be killed when they are sprayed after the first mowing.

IMPORTANT: Do not use this product for controlling weeds on ornamental plantings. Do not reseed for 3 to 4 weeks after application.

DILUTION TABLE

AREA TO TREAT	WATER TO USE
1,000 sq. ft.	1 gallon
10,000 sq. ft.	6 gallons

NOTE: Use one-half of this rate for Bent, Bermuda, Red Fescue, Centipede and Carpetgrasses.

Avoid spray contact or drift to susceptible plants as this product kills: fruit trees and other crops. Coarse sprays are less effective. Do not apply to lawns which are to be watered. Do not apply to plants which have been treated with insecticides, fungicides and liquid fertilizers to ornamentals.

TO PREPARE REFILL FOR WEED-B-GON WEED KILLER, EPA REG. NO. 112-451: Add 1/2% solution of Wetting Agent to the empty container of WEED-B-GON Weed Killer. Refer to the directions and precautions on the applicator bottle.

STORAGE AND DISPOSAL: Keep pesticide in original container. Do not put in canisters. Avoid contamination of feed and foodstuffs. Do not use in containers which hold insecticides or fungicides. Store in a cool, dry place, preferably in a metal container.

DISPOSAL PRODUCT: Partially filled can may be disposed of by covering several layers of newspaper and discard in trash. **CONTAINER DISPOSAL:** Before discarding in trash.

8 →

Apply Weed-B-Gon M to dandelions, wild onions, plantains, henbit, chickweeds and many other listed weeds. It kills the roots, so weeds do not come back. Use on lawns, driveways, sidewalks, and parking areas. Do not use on ornamentals, shrubs, or trees. Do not use on flowers, lawns, or areas where children or pets play. For more information, see the back panel.

Keep out of reach of children

DANGER
