PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS & DOMESTIC ANIMALS

DANGER: Corrosive to eyes. Causes eye damage. Do not get into eyes. Harmful if swallowed. Avoid contact with skin or clothing. **MIXING/APPLYING:** When mixing or applying this product, wear goggles or face shield, long pants, long sleeved shirt, shoes, and chemical resistant gloves. Wash nondisposable gloves thoroughly with soap and water before removing. Remove contaminated clothing and launder separately before reuse. Thoroughly wash hands and exposed skin with soap and water after handling. Do not reenter or permit others such as children and pets to reenter treated areas until spray has dried. **STATEMENT OF PRACTICAL TREATMENT:** In case of eye contact, immediately flush eyes with fresh water for 15 minutes and get medical attention. If swallowed, give plenty of water or milk to drink and telephone for medical advice. DO NOT make person vomit unless directed to do so by medical personnel. If medical advice cannot be obtained, then take person and product container to the nearest medical emergency treatment center or hospital. In case of skin contact, wash skin with plenty of soap and water. Get medical attention if irritation persists. **Note to Physicians:** Emergency Information — call 1-800-457-2022.

ENVIRONMENTAL HAZARDS: This product is toxic to aquatic invertebrates. Drift or runoff may adversely affect aquatic invertebrates and nontarget plants. Do not apply directly to water or wetlands (swamps, bogs, marshes, and potholes). Most cases of groundwater contamination involving phenoxy herbicides such as 2,4-D and MCPP have been associated with mixing and disposal sites. Exercise caution when handling pesticides to prevent contamination of groundwater supplies. Mixing and cleaning of equipment on an impervious pad such as concrete will help contain spills and prevent groundwater contamination. Do not contaminate water when disposing of equipment washwaters. When cleaning equipment, do not pour the washwater on the ground. Spray or drain over a large area away from wells and other water sources.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

READ ENTIRE LABEL. USE STRICTLY IN ACCORDANCE WITH LABEL PRECAUTIONARY STATEMENTS AND DIRECTIONS.

WEED-B-GON M is for effective control of lawn weeds and will not harm lawn grasses when used according to directions.

DIRECTIONS FOR USE ON LAWNS: For control of Dandelions, Chickweed, Plantains, Clover and the other listed weeds, apply WEED-B-GON M any time weeds are actively growing. Weeds such as wild garlic and wild onions should be sprayed when they appear in late fall and again in early spring.

HOW TO USE: May be applied with an ORTHO Weed Killer Sprayer, ORTHO SPRAY-ETTE™, ORTHO DIAL™ in SPRAY® Hose-End Sprayer or tank-type sprayer. Refer to table for recommended dilution. If lawn needs watering, water thoroughly before application. Do not water for 48 hours after application. Spray entire lawn, wetting weeds and lawn grasses; do not overspray. Spray when air is calm to avoid spray drift that might injure desirable ornamental plants. Do not apply when temperatures are expected to exceed 85°F within 24 hours following application. Make new dilution for each use.

Copy B

NEWLY SEEDDED LAWNS may be treated with WEED-B-GON M at 1.5 g/gal. per gal. of water. Make 2 applications 10 days apart on Lippia, St. Augustine and Clover lawns.

DORMANT SEASON (WINTER): BERNALTA™ (Table) and apply when turf is dormant (not greened up and is actually growing (see label).

HARDY WEEDS: For hardy weeds such as crabgrass, repeat application in 2 to 3 weeks.

IMPORTANT: Do not use this product on ornamental plantings. Do not reuse.

DILUTION TABLE

AREA TO TREAT	WEED-B-GON M
200 sq. ft.	1 g
1200 sq. ft.	6 g

***Use one-half of this rate for Bent, etc.

Avoid spray contact or drift to susceptible plants, fruit trees and other crops. Containers should be rinsed thoroughly as directed on spray label. Do not apply insecticides, fungicides and liquid fertilizers to the same area until 24 hours after WEED-B-GON M application.

TO PREPARE REFILL FOR WEED-B-GON M: Add WEED-B-GON M into the empty container. Use according to the directions and precautions on the label.

STORAGE AND DISPOSAL

STORAGE: Keep pesticide in original containers. Avoid contamination of feed and food. Do not store with insecticides or fungicides. Store in a cool, dry place. Do not use if diluted spray.

DISPOSAL: PRODUCT — Partially filled containers should be placed in several layers of newspaper and discarded before discarding in trash.

**PRECAUTIONARY STATEMENTS
& DOMESTIC ANIMALS**

~~to eyes. Causes eye damage. Do not get into eyes. Harmful if swallowed. Avoid
drinking. MIXING/APPLYING: When mixing or applying this product, wear goggles or
long sleeved shirt, shoes, and chemical resistant gloves. Wash nondisposable
clothing and water before removing. Remove contaminated clothing and laundry sepa-
rately. Wash hands and exposed skin with soap and water after handling. Do not
allow children and pets to reenter treated areas until spray has dried. STATEMENT
OF CAUTION: In case of eye contact, immediately flush eyes with fresh water for 15 minutes
or more. If swallowed, give plenty of water or milk to drink and telephone for medical
advice. Do not induce vomiting unless directed to do so by medical personnel. If medical advice cannot
be obtained, and product container to the nearest medical emergency treatment center
for information. In case of skin contact, wash skin with plenty of soap and water. Get medical attention if
needed. For more information, call 1-800-457-2022.~~

~~**HAZARDS:** This product is toxic to aquatic invertebrates. Drift or runoff may adversely
affect aquatic life. Do not apply directly to water or wetlands (swamps,
marshes, etc.). Most cases of groundwater contamination involving phenoxy herbicides
have been associated with mixing and disposal sites. Exercise caution when
mixing and cleaning of equipment. Mixing and cleaning of equipment
such as concrete will help contain spills and prevent groundwater contamination.
When cleaning equipment, do not spray or drain over a large area away from wells and other water~~

~~Do not use this product in a manner inconsistent with its labeling.
USE STRICTLY IN ACCORDANCE WITH LABEL PRECAUTIONARY STATEMENTS~~

~~For effective control of lawn weeds and will not harm lawn grasses when used according
to directions. **NEWLY SEEDED LAWNS:** For control of Dandelions, Chickweed, Plantains, Clover and the other
weeds, apply WEED-B-GON M any time weeds are actively growing. Weeds such as wild garlic and
sheep sorrel should be sprayed when they appear in late fall and again in early spring.~~

~~When applied with an ORTHO Weed Killer Sprayer, ORTHO SPRAY-ETTE™, ORTHO DIAL™ or
ORTHO tank-type sprayer. Refer to table for recommended dilution. If lawn needs
watering, water lightly before application. Do not water for 48 hours after application. Spray entire
lawn and lawn grasses; do not overspray. Spray when air is calm to avoid spray drift that
may damage ornamental plants. Do not apply when temperatures are expected to exceed 85°F
at time of application. Make new dilution for each use.~~

NEWLY SEEDED LAWNS may be treated after they have been mowed at least 3 times. **BENT, BERMUDA, RED FESCUE, CENTIPEDE AND CARPET GRASSES: GROWING SEASON**—Use one-half recommended rate (2 tsp.) per gal. of water. Make 2 applications 10 days apart. Temporary injury may occur. Do not apply to Dichondra, Lippia, St. Augustine and Clover lawns.

DORMANT SEASON (WINTER): BERMUDA, CENTIPEDE, CARPET GRASSES: Use at regular rate (see Dilution Table) and apply when turf is dormant (brown). Reduce rate by one-half (2 tsp.) per gal. water when turf has greened up and is actually growing (see Growing Season).

HARDY WEEDS: For hardy weeds such as sheep sorrel, dock, thistle and morning glory in lawns and other areas, repeat application in 2 to 3 weeks if necessary.

IMPORTANT: Do not use this product for controlling weeds in flower or vegetable beds or around shrubs or ornamental plantings. Do not reseed for 3 to 4 weeks after use.

DILUTION TABLE

AREA TO TREAT	WATER TO USE	AMOUNT OF WEED-B-GON M TO USE***
200 sq. ft.	1 gallon	4 teaspoonfuls
1200 sq. ft.	6 gallons	8 Tablespoonfuls (4 oz.)

***Use one-half of this rate for Bent, Bermuda, Red Fescue, Centipede and Carpetgrasses.

~~**Avoid spray contact or drift to susceptible plants as this product may injure flowers, shrubs, garden vegetables, fruit trees and other crops. Coarse sprays are less likely to drift. When ORTHO Sprayer is used and rinsed thoroughly as directed on sprayer jar immediately after applying WEED-B-GON M it can be used to apply insecticides, fungicides and liquid fertilizers to ornamental plants.**~~

TO PREPARE REFILL FOR WEED-B-GON WEED KILLER, EPA REG. NO. 239-2499: Measure 1 Tablespoonful of WEED-B-GON M into the empty container of WEED-B-GON Weed Killer (24 oz. size) and then fill with tap water. Use according to the directions and precautions on the applicator bottle.

STORAGE AND DISPOSAL

STORAGE: Keep pesticide in original container. Do not put concentrate or dilute into food or drink containers. Avoid contamination of feed and foodstuffs. Do not store near feed, foodstuffs, fertilizers, seeds, insecticides or fungicides. Store in a cool, dry place, preferably in a locked storage area. Do not store diluted spray.

DISPOSAL: PRODUCT—Partially filled can may be disposed of by securely wrapping original container in several layers of newspaper and discard in trash. **CONTAINER**—Do not reuse empty can. Rinse thoroughly before discarding in trash.
