**WARNING: KEEP OUT OF REACH OF CHILDREN.  
KEEP PELLETS AWAY FROM CHILDREN,  
DOGS & OTHER PETS.**

**MAY BE FATAL IF SWALLOWED.**

**Read and follow all directions.**

**Read warning statements — side panel.**

**NET WEIGHT 1 POUND**

**READ ENTIRE LABEL. USE STRICTLY IN ACCORDANCE WITH LABEL WARNINGS AND DIRECTIONS. KEEP PESTICIDE IN ORIGINAL CONTAINER.**

**DIRECTIONS:** If ground is dry, water area to be treated thoroughly. Toss the pellets around flowers, ornamental plants and lawn areas. Apply one pound of pellets to each 1000 sq. ft. Apply only to soil surface around plants. Do not apply to foliage or other plant parts. Do not apply where food crops are grown. Always wear protective gloves.

Bait areas likely to be infested at the beginning of the spring planting season before damage occurs. Treatment every two weeks should give satisfactory control. Under conditions of frequent watering and high temperatures it may be necessary to treat more often.

**Pellets**

BUG-GETA Snail & Slug Pellets is specially formulated to attract and control snails and slugs. The highly compressed pellets are easy to use, clean to handle and economical. 1 lb. of BUG-GETA Snail & Slug Pellets will bait 1000 sq. ft.

The presence of snails and slugs can be detected by their shiny mucuous-like trail. They are night feeders and prefer damp, cool places in the ornamental garden, flowers, under boards or flower pots and around fences, hedges and bushes.

**WARNING:** May be Fatal if Swallowed. Avoid breathing dust. Avoid contact with skin, eyes or clothing. Wash thoroughly after using. Avoid contamination of feed and foodstuffs. Keep out of reach of children and domestic animals. **First Aid:** If ingested, immediately induce vomiting and call a physician. Dispose of container promptly when empty.

**DRY, COMPRESSED PELLET**                      **WET, EXPANDED PELLET**

This product may be toxic to wildlife. Birds feeding on treated areas may be killed. Do not contaminate water by cleaning of equipment, or disposal of wastes. Apply this product only as specified on this label.

Sprinkle lightly with water after application. Each compressed pellet when moistened from wet ground, rain or water, expands into an efficient, pest-attracting mound of bait, which is less attractive to children or pets.  
**GREENHOUSES AND LATH HOUSES:** Distribute pellets on and beneath benches, but do not place in pots or flats unless plants are well established. Keep pellets from coming in contact with plants. If soil is dry, irrigate prior to or sprinkle lightly after distributing pellets.

**IMPORTANT: KEEP PELLETS AWAY FROM DOGS, PETS AND CHILDREN. BAIT MAY BE ATTRACTIVE TO DOGS. USE AND STORE UNDER CONDITIONS WHERE THERE WILL NOT BE A HAZARD.**  
**NOTICE:** Buyer assumes all responsibility for safety and use not in accordance with directions.
