BUG-GETA Snail & Slug Pellets is specially formulated to attract and control snails and slugs. The highly compressed pellets are easy to use, clean to handle and economical. 1 lb. of BUG-GETA Snail & Slug Pellets will bait 1000 sq. ft.

The presence of snails and slugs can be detected by their slimy, mucous like trail. They are night feeders and prefer damp, cool places in the ornamental garden, flowers, under boards or flower pots and around fences, hedges and bushes.

DRY, COMPRESSED PELLET

WET, EXPANDED PELLET

Sprinkle lightly with water after application. Each compressed pellet when moistened from wet ground, rain or water expands into an efficient pest attracting source of bait which is less attractive to children or pets.

GREENHOUSES AND LATH HOUSES Distribute pellets on and beneath benches, but do not place in pots or flats unless plants are well established. Keep pellets from coming in contact with plants. If soil is dry irrigate prior to or sprinkle lightly after distributing pellets.

FRUITS AND VEGETABLES: To control snails and slugs around the following fruits and vegetables, apply to the soil surface around the plants. Do not contaminate edible parts.

FRUITS - Apples, Avocado, Blackberries, Cherries, Citrus, Grapes, Peaches, Plums, Strawberries

VEGETABLES - Asparagus, Beans, Beets, Cabbage, Carrots, Corn, Cucumbers, Eggplant, Lettuce, Melons, Onions, Peas, Peppers, Potatoes, Radishes, Spinach, Squash, Tomatoes and Turnips

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS & DO-
MESTIC ANIMALS**

CAUTION: Harmful if swal-
lowed. Avoid breathing dust. Avoid
contact with skin, eyes or clothing.
Wash thoroughly after use. Keep out
of reach of children and domestic
animals. **IMPORTANT: KEEP PEL-
LETS AWAY FROM CHILDREN,
DOGS AND PETS. BAIT MAY BE
ATTRACTIVE TO DOGS. CONFINE
PETS DURING APPLICATION TO
PREVENT THEM FROM BELIEVING
THEY ARE BEING FEED. USE AND
STORE UNDER CONDITIONS WHERE
THERE WILL NOT BE A HAZARD.**
**STATEMENT OF PRACTICAL
TREATMENT**

If swallowed, contact physician,
Poison Control Center, or emer-
gency clinic before inducing vom-
iting. Give water or milk to drink
and induce vomiting by touching
back of throat with finger or by
administering syrup of ipecac. Do
not induce vomiting or give any-
thing by mouth to an unconscious
person. If medical advice cannot
be obtained, take person and
product container to the nearest
emergency treatment facility. In
case of eye contact, wash eyes
immediately with fresh water for
at least 15 minutes. See a doctor if
irritation persists. For skin contact,
wash skin with plenty of soap and
water. If inhaled, remove person
from exposure area.

Note to Physicians: Emergency
Information: call 1-800-457-2022

ENVIRONMENTAL HAZARDS: Do
not apply directly to water or wet-
lands (swamps, bogs, marshes,
and potholes). Do not contami-
nate water when disposing of
equipment washwaters.

NOTICE: Buyer assumes all re-
sponsibility for safety and use not
in accordance with directions.

Kills Snails & Slugs
Remains effective after rain
