ORTHO Hornet & Wasp Jet Spray

READ ENTIRE LABEL. USE STRICTLY IN ACCORDANCE WITH LABEL CAUTIONS AND DIRECTIONS

Must bees and wasps are beneficial, however, when their nests are built too close to windows, doorways, or children's play areas, they may be dangerous and should be killed.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

FOR CONTROL OF WASPS AND HORNETS: Apply after dark when all of the insects have returned to the nest. Remove protective cap. Hold container in upright position to spray. Aim valve opening at nest, hold at arms length and depress button, soaking the entire nest with spray. Spray jet will carry for a distance of 6-8 feet. Repeat as necessary. Avoid spraying plant foliage as injury may occur. Do not use as a space spray. For outdoor use only.

OTHER USES - OUTDOORS ONLY: For Control of Clover Mites, Crickets, Earwigs, Fleas, Millipedes, Sowbugs, and Brown Dog Ticks: Spray infested areas thoroughly including outside surfaces of screen frames, doors, window frames, foundations, patios or other places where insects may enter or harbour. **FOR ANTS:** spray hills and runways. Repeat as necessary. Do not spray vegetation. Do not use as a space spray.

FOR SPIDERS - OUTDOORS ONLY: Spray directly on spiders and treat webs and tracking areas around porches, under eaves, along foundations, similar outdoor areas. Repeat as necessary. Spray may cause injury to flowers and ornamentals. Before using on easily stained surfaces, test a small spot before giving full treatment.

FIRST AID: If stung by a wasp, apply an icepack to the area of the sting, then apply a paste made with bicarbonate of soda and water. If stung many times or if the reaction is severe, call a physician.

CAUTION: May be harmful if swallowed, inhaled or absorbed through the skin. Avoid breathing of spray mist. Contact with skin, eyes, or clothing should also be avoided. Wash thoroughly with soap and warm water after handling. If poisoning occurs, get prompt medical aid.

Note to Physicians: Emergency Information - call (415) 233-3737. Atropine sulfate is antidotal. Avoid contamination of food, utensils and food preparation areas. Avoid contamination of fish ponds. Remove pets from area before spraying.

Flammable. Contents under pressure. Keep away from heat, sparks, and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

DISPOSAL

Do not reuse empty container. Wrap container and put in trash collection.

NOTICE: Buyer assumes all responsibility for safety and use not in accordance with directions.

Active Ingredients

	By Wt.
Pyrethrins	10%
*Piperonyl Butoxide, technical	20%
(N-Octyl bicycloheptene dicarboximide	33%
*2 (1-Methylethoxy) phenyl methylcarbamate	50%
Isoparaffinic Hydrocarbons	81.87%

Inert Ingredients

*Consists of .36% (butylcarbitol) (6-propylpiperonyl) ether and .04% other related compounds
†MGK 264 Insecticide Synergist

*U.S. Pat. No. 3,111,539
