READ THE LABEL

KEEP OUT OF REACH OF CHILDREN

CAUTION: May be harmful if swallowed. May be absorbed through skin. Do not breathe spray mist. Avoid contact with skin, eyes and clothing. Wash thoroughly after handling. Avoid contamination of feed and foodstuffs. Do not use on household pets or humans. Keep children and pets away from treated area until completely dry. Keep out of reach of domestic animals. **DO NOT USE, POUR, SPILL OR STORE NEAR HEAT OR OPEN FLAME.** Do not contaminate ornamental fishponds. When container is empty, immediately wash thoroughly and destroy. Never re-use.

This product is toxic to fish and wildlife. Birds feeding on treated areas may be killed. Keep out of any body of water. Do not apply when weather conditions favor drift from areas treated. Do not apply where runoff is likely to occur. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as specified on this label.

This product is highly toxic to bees exposed to direct treatment or residues on crops. Protective information may be obtained from your cooperative Agricultural Extension Service.

HOW TO MIX AND APPLY: For lawns, measure the area to be sprayed. Make applications when insects first appear. Repeat applications as needed or as noted in Rate Chart. Use coarse drenching spray for lawns, soil and surface applications. Thorough coverage is important. Use contents within 6 months of opening. Keep tightly capped.

See Rate Chart Below For Complete Insect List—Use dosages shown unless otherwise indicated. (Note: Do not use on ferns, poinsettia, hibiscus, papaya, pilea, gardenia and orchids since injury may occur.)

Problem Area	Pests	Rate and Area Covered	Notes
Lawns: Bent. Bermuda. Bluegrass. Dichondra. Fescue. Merica. St. Augustine	Ants, Armyworms, Bermuda Mites, Chiggers, Chinch Bugs, Clover Mites, Crickets, Cutworms, Dichondra Flea Beetle, Earwigs, Fleas, Lawn Billbugs, Lawn Moths, Leafhoppers, Sod Webworms, Ticks	8 fl. oz. (1 cup) in 15 gals. water covers 500 sq. ft.	Thoroughly wet down grass a few hours before applying. For Lawn Billbugs, water lawn thoroughly immediately after treatment. In the North if chinch bugs are the only lawn insect problem, a lower rate of application can be used, 8 Tbs. (4 fl. oz.) in 15 gals. water covers 500 sq. ft.
Japanese Beetle Grubs, May Beetle Larvae (White grubs)		1 1/2 fl. oz. in 15 gals. water covers 500 sq. ft.	For Grubs: Treat when damage to lawn is first noticed and grubs are found in the soil. Water lawn thoroughly immediately after treatment.
Nuisance Pests: In outside areas	Ants, Box Elder Bugs, Chiggers, Clover Mites, Cockroaches, Earwigs, Fleas, Fleas, Millipedes, Scorpions, Sowbugs (Pill bugs), Spiders, Ticks	1 1/2 fl. oz. in 3 gals. water. Spray a 5 ft. band of soil around the house next to the foundation and spray the foundation of the house to a height of 2 ft.	Thoroughly spray windows and door screens, sills, foundations, porches and patio walls and ceilings, entranceways, walks, garbage cans, tree trunks and into cracks and other places where the insects hide.

Do not treat plants or animals.

NOTICE: Buyer assumes responsibility for safety and use that is in accordance with directions.
