

The proposed label directions for the use of ORTHENE 75 S Soluble Powder as a foliar spray for application to peanuts are as follows:

PEANUTS - Grasshoppers - Apply 1/3 to 2/3 lb. per acre. Thrips - Apply 2/3 to 1 lb. per acre. Corn Earworm, Fall Armyworm, Leafhoppers, Loopers, Velvetbean Caterpillar - Apply 1 to 1 1/3 lbs. per acre. Apply in 10 to 50 gals. water per acre with ground equipment or in 5 to 10 gals. water per acre by air. Begin applications when insects first appear and repeat as needed to maintain control. Do not apply within 14 days of digging. Do not feed treated forage or hay to livestock or allow animals to graze treated areas.
