Do not use in dining rooms.

**STRICTLY IN ACCORDANCE WITH LABEL PRECAUTIONARY STATEMENTS**

Orthene Garden Spray is a systemic insecticide and miticide. It is used to control a wide range of pests on roses, flowers, ornamentals, shrubs, and trees. It is applied as a spray to the foliage of the plants. It is absorbed by the plants and moves through the vascular system to the leaves, stems, and roots. It kills the pests by interfering with their metabolism. It is effective against aphids, mites, thrips, mealybugs, whiteflies, scales, and Japanese beetles. It is also effective against other pests that are not listed on the label. It is safe for use on most plants and is easy to apply. It is available in a 1 quart container. It is sold by Chevron Chemical Company.

**Use on Roses, Shrubs, Trees:** Apply to foliage. Repeat as needed. Do not apply to plants in bloom. Do not apply to plants in fruit. Do not apply to plants in seed. Do not apply to plants in flower. Do not apply to plants in leaf. Do not apply to plants in stem. Do not apply to plants in root. Do not apply to plants in branch. Do not apply to plants in twig. Do not apply to plants in bark. Do not apply to plants in wood.
