Dear Ms. Levine:

Enclosed is an application to add the logo "Endorsed - American Rose Society" to the ABN RosePride ORTHENEX Insect & Disease Control 1 by notification. The basis for submitting the logo by notification is as follows:

1. "Endorsed - American Rose Society" has already been approved by the Agency for another SOLARIS product, ORTHO Rose Disease Control, EPA Reg. No. 239-2435. A copy of the EPA stamped label accepting this logo is attached Reference 1). Also attached is a production label for the ABN RosePride Funginex Rose Shrub & Disease Control (Reference 2).
2. The American Rose Society endorses the performance of this product and has given us permission for their logo to appear on our product. A copy of the American Rose Society letter of August 6 to The SOLARIS Group is attached (Reference 3).
3. The Agency has previously approved by notification SOLARIS' use of two logos for ORTHO Diazinon Insect Spray<sub>2</sub>, EPA Reg. No. 239-2643. These two logos were previously accepted by the Agency for a Ciba Geigy product. A copy of the Agency acceptance of these two logos by Notification are also attached (Reference 4).

In summary, we believe that it is permissible to add the subject logo by notification based on the criteria presented above.

Please call me at (510)355-3335 if you have any questions on this notification.
