Note to Physicians: Emergency Information - call (415) 233-5737

ENVIRONMENTAL HAZARDS

Highly toxic to fish. Do not contaminate any body of water. This product is toxic to bees and should not be applied when they are actively visiting the area.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

READ ENTIRE LABEL. USE STRICTLY IN ACCORDANCE WITH LABEL PRECAUTIONARY STATEMENTS AND DIRECTIONS.

DIRECTIONS

ORTHO Tomato Vegetable Dust may be used as a dust or spray. For best results, dust or spray in early morning or late evening when temperature is low and air is still. Apply so all exposed parts of plants are contacted, especially upper and lower leaf surfaces.

As a Spray: Mix 3 to 4 Tablespontuls in a little water to make a thin paste, add to 1 gallon water and agitate during application. Make new dilution for each use.

Insect Control: Apply when insects first appear and repeat at 5 to 10 day intervals or as necessary.

Can be used on Beans up to within 3 days of harvest, on Raspberries within 14 days of harvest, on Potatoes within 1 day of harvest, and on other listed food crops up to within 7 days of harvest.

Remove residues from food crops by washing before use.
