Covers up to 5,000 Sq. Ft.
Aids in the Control of Imported Fire Ants
This granular formulation is safe for children, pets, and livestock.

SATISFACTION GUARANTEED

NET WT. 10 LBS.

ORTHO Diazinon
Soil & Turf Insect Control
02590 A

ORTHO Diazinon
Soil & Turf Insect Control
02590 A
Covers up to 5,000 Sq. Ft.

ORTHO Diazinon is a systemic insecticide which is absorbed by the roots of plants and moves through the plant to the leaves, stems and flowers.

Ants - Armyworms - Burmuda Mites - Brown Dog Ticks - Chiggers - Chinch Bugs - Clover Mites - Crickets - Cutworms - Earwigs - European Crane Fly (Larvae) - Fleas - Lawn Moths - Sod Web worms - Leafhoppers - May Beetle Grubs - Mole Crickets - Millipedes - Sawbugs - Springtails (Collembola)

Apply ORTHO Diazinon to the lawn with a fertilizer spreader. For spot treatments, apply with a watering can. Apply after grass is dry. Water lawns after application. Repeat as necessary. For control of ants, apply to the lawn after mowing. Water lawn thoroughly after treatment.

For application with a backpack, follow the directions on the label. For application with a backpack, follow the directions on the label. For application with a backpack, follow the directions on the label.

Billbugs - White Grubs of Japanese Beetle - European Chafer - and Southern Chafer

Apply 2 1/2 lbs. per 1000 sq. ft. of lawn. Water lawn thoroughly after application. Repeat as necessary. Apply when activity is first observed. Water chewed or brown grass indicates damage from these insects. Repeat as necessary. For spot control, apply any time between early spring and early summer.

European Crane Fly (Larvae)

Apply 2 1/2 lbs. per 1000 sq. ft. of lawn. Water lawn thoroughly after application. Repeat as necessary. For spot control, apply any time between early spring and early summer.

May Beetle Grubs

Apply 2 1/2 lbs. per 1000 sq. ft. of lawn. Water lawn thoroughly after application. Repeat as necessary. For spot control, apply any time between early spring and early summer.

Hypermet Weevils - New York City

Apply 2 1/2 lbs. per 1000 sq. ft. of lawn. Water lawn thoroughly after application. Repeat as necessary. For spot control, apply any time between early spring and early summer.

Spot Treatment:

Ants - Apply 1/2 teaspoon of ORTHO Diazinon Soil & Turf Insect Control over and around each ant.

Imported Fire Ants - To aid in the control of imported fire ants in lawns and other recreational areas, apply 1/2 cup in a 3 ft. radius over and around each fire ant mound. Immediately after application, water thoroughly. A minimum of 1/2 inch of water should be applied to each mound. Repeat this treatment more than 2 gallons of water. Apply water gently to avoid disturbing ants. Use of excessive watering may disturb the ants and cause them to migrate. This treatment will be effective in treating most fire ant mounds as they appear. For best results, apply in the early morning or late evening hours.

Digger Wasps - Apply 1/2 teaspoon of ORTHO Diazinon Soil & Turf Insect Control over and around each wasp nest. Apply and water with care.

Band Treatment Around House Foundation - For control of ants, apply 1/2 cup of ORTHO Diazinon Soil & Turf Insect Control in a band around the foundation of the house.
