PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS & DOMESTIC ANIMALS

CAUTION: Avoid contact with eyes, skin and clothing. Avoid breathing vapors or spray mist. Keep away from food, feedstuffs and domestic water supplies. Wash thoroughly after handling. **Note to Physicians:** Emergency Information - call (415) 233-3737. Chlorpyrifos is a cholinesterase inhibitor. Atropine is antidotal. 2-PAM is also antidotal and may be used in conjunction with atropine but should not be used alone.

ENVIRONMENTAL HAZARDS: This product is toxic to fish, birds, and other wildlife. Do not apply directly to lakes, streams or ponds. Do not apply where runoff is likely to occur. This product is highly toxic to bees exposed to direct treatment or residues on plants. Protective information may be obtained from your Cooperative Agricultural Extension Service. **PHYSICAL OR CHEMICAL HAZARDS:** Do not use or store near heat or open flame. Do not store below 32°F.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

READ ENTIRE LABEL. USE STRICTLY IN ACCORDANCE WITH LABEL PRECAUTIONARY STATEMENTS AND DIRECTIONS.

For use in homes, apartments, attics, garages, basements, and storage areas. Non-staining, non-damaging to carpets, rugs, floors and baseboards. Kills insects on contact and keeps on killing for weeks with residual action.

HOW TO USE: Hold container upright and spray infested surfaces until wet. Do not use as a space spray. Do not spray desirable plants. Thoroughly wash dishes and food handling utensils with soap and water if they become contaminated by application of this product. Do not allow children or pets to contact treated surfaces until spray has dried. Remove pets and cover fish aquaria before spraying. Do not apply sprays of this product in conduits, motor housings, junction and switch boxes or other electrical equipment because of possible shock hazard. Do not use in edible products areas of food processing plants, restaurants or other areas where food is commercially prepared. Repeat treatment as needed.

SUGGESTION: To improve residual control of crawling pests such as fleas, roaches, spiders, silverfish, ants and crickets, use ORTHO Hi Power Indoor Insect Fogger after treating surfaces with this product. The total release program will flush hiding insects out of hiding where they will be killed. Follow all precautions, directions and limitations on both product labels.

ROACHES, ANTS, CLOVER MITES, CRICKETS, FIREBRATS, SILVERFISH AND SPIDERS (including Black Widow Spiders)—Thoroughly apply under and behind sinks, stoves, refrigerators, cabinets, around plumbing, along baseboards, and other areas where insects hide including dark corners of rooms, cabinets, cracks and crevices in walls and floors. **ANTS:** Apply directly to ants and ant trails or wherever these pests may gain entrance.
