OFFICE OF CHEMICAL SAFETY
AND POLLUTION PREVENTION

Mandy Slack
The Scotts Company LLC d/b/a The Ortho Group
PO Box 190
Marysville, OH 43040

Subject: Notification of Added logo and claim "To be used around listed Fruits/Vegetables and Ornamentals" and Added "ornamentals" to the claim "IN GRANULAR FORM- To be used around listed fruits and vegetables."
EPA Registration # 239-2514
Submission Date: July 20, 2011
Decision Number: D452479

Dear Ms Slack:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 received July 20, 2011. The Registration Division (RD) has reviewed these requests and finds that this action falls within the scope of PRN 98-10. The label submitted with the application has been stamped "Notification" and will be placed in our records. If you have any questions, please contact Jessica Rogala at (703) 347-0263 or via email at rogala.jessica@epa.gov.

Sincerely,

A handwritten signature in cursive script that reads "J. Rogala".

Jessica Rogala

KEEP OUT OF REACH OF CHILDREN AND PETS

CAUTION

For additional information see Precautionary Statements, Directions for Use and Storage and Disposal on back/side panel.

[Note to PM: Circle/slash icon is red in color.]

Keep out of reach of children and domestic animals. This pesticide may be harmful to children and fatal to domestic animals if ingested. Exclude children and pets from treated areas until the applied product is no longer visible. For additional precautionary measures, see "Directions for Use" and "Storage and Disposal."

Do not use this product unless both insect pests and slugs or snails are present. Pests targeted by this product are listed under Directions for Use.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS & DOMESTIC ANIMALS

CAUTION: Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet.

IMPORTANT: This product may be harmful to children and fatal to domestic animals if ingested. Children and dogs may be attracted to metaldehyde products and their packaging.

[Reentry icon] Keep children and pets out of treated areas from the start of application until the applied product is no longer visible.

NOTE:

Bold, italicized text is information for the reader and is not part of the label.

[Bracketed information is optional text]. Text separated by / denotes and/or options.

FIRST AID

If in eyes:

Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

Seek medical care as soon as possible after exposure. For incidents involving animals, seek veterinary care as soon as possible after exposure. Have the product container or label with you when you call a poison control center or doctor or veterinarian, or going for treatment. For information on this pesticide product (including health concerns, medical emergencies, treatment advice, or pesticide incidents), call 1-800-225-2883.

Metaldehyde is a systemic toxin. There is no antidote. The following instructions are not intended for laypeople. There is no home treatment. Exposed individuals and animals should receive emergency care as quickly as possible.

NOTE TO PHYSICIAN: Dust inhalation is usual route of accidental exposure; the product is rarely ingested. Treatment is symptomatic and supportive. Monitor severe exposures closely: seizures, electrolyte imbalances, acidosis, dehydration, and increased body temperature have been reported.

Carbaryl is an N-methyl carbamate and a moderate, reversible cholinesterase inhibitor. Atropine is antidotal. Do not use 2-PAM (pyridine-2-aldoxime methiodide), opiates or cholinesterase inhibiting drugs. Probable mucosal damage may contraindicate the use of gastric lavage.

NOTE TO VETERINARIAN: Animals typically are exposed via ingestion. Treatment is symptomatic and supportive. If significant ingestion suspected, and the animal is asymptomatic, consider induction of emesis or gastric lavage and administration of activated charcoal, cathartic and enema to limit absorption. Monitor asymptomatic and symptomatic animals closely. Treat seizures, electrolyte imbalances, acidosis, dehydration, and increased body temperature. Monitor liver function post recovery.

ENVIRONMENTAL HAZARDS:

This product is extremely toxic to aquatic and estuarine invertebrates and is toxic to mollusks (clams, oysters, scallops, mussels). To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area.

This pesticide is toxic to birds and mammals. Collect and remove any product that is spilled. Bee information: May kill Honey bees and other bees. This product is highly toxic to honeybees and other bees.

Physical or Chemical Hazards

Keep this product away from strong oxidizers.

NOTE:

Bold, italicized text is information for the reader and is not part of the label.

[Bracketed information is optional text]. Text separated by / denotes and/or options.

EPA Reg. No. 239-2514

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Not for use on plants being grown for sale or other commercial use, or for commercial seed production or for research purposes. For use on plants intended for aesthetic purposes or climatic modifications and being grown in ornamental gardens or parks, or on golf courses or lawn and grounds or residential fruit trees.

PRECAUTIONS AND RESTRICTIONS

Do not apply this product in a way that will contact any person or pet, either directly or through drift. Keep people and pets out of the area during application. Do not enter or allow others to enter until dusts have settled.

This pesticide may be harmful to children and fatal to dogs and other domestic animals if ingested. Children and dogs may be attracted to metaldehyde products, both in the package and when applied. Children and domestic animals must be kept out of treated areas from the start of application until the applied product is no longer visible.

Application of this metaldehyde product is prohibited unless children and domestic animals can be excluded from the treated areas from the start of application until the applied product is no longer visible.

Applications to turf and dichondra lawns are prohibited. Application is permitted only to non-turf areas (i.e., on soil or mulch) directly surrounding plants listed for use on the label.

Broadcast and foliar applications of this product are prohibited. **Application is permitted only as a barrier around gardens or individual plants. Application is prohibited within one foot of vegetable plants or fruit-bearing plants not listed on this label.**

Certain cultural practices may reduce damage from snails and slugs. Examples of these practices would be:

- Eliminating hiding places by removing leaf litter and debris in garden;
- Removing slugs and snails during daylight hours from nearby leaf litter, mulch, and other protected areas;
- Watering in the morning to reduce humidity during the night when snails and slugs are active.

This product may only be applied with the shaker can packaging.

Do not apply by hand, spoon, or belly grinder.

NOTE:

Bold, italicized text is information for the reader and is not part of the label.

KILLS / TO KILL THESE INSECTS:

Slugs & Snails *Plus* Ants (except fire ants, harvester ants, carpenter ants and pharaoh ants), Armyworms, Crickets, Cutworms, Earwigs, Grasshoppers, Millipedes, Pillbugs & Sowbugs

WHEN TO APPLY

- To prevent damage to transplants and seedlings, apply immediately after spring planting.
- Repeat treatments according to the table instructions.

HOW TO APPLY

- If ground is dry, water area to be treated.
- Scatter directly from container via the shaker can, applying 1 teaspoon per 12 sq. ft. [approximately 15 particles per sq. ft.].
- Avoid applying pellets in piles that may attract pets.
- Always wear protective gloves. Scatter the granules via the shaker can in ornamental gardens and planted borders, on the soil and mulched surfaces around plants. Do not apply to foliage or edible parts of plants.
- Sprinkle lightly with water after application. Withhold heavy watering for at least two days after application.

WHEN TO HARVEST

- Harvest according to table instructions.

AROUND LISTED VEGETABLES AND TOMATOES: Apply 1 teaspoon per 12 sq. ft. [approximately 15 particles per sq. ft.], distributing granules around listed fruits and vegetables. Do not contaminate edible parts.

Plant	Minimum Retreatment Interval (Days)	Maximum Number of Applications per Season	Days to Wait To Harvest	Restrictions
Vegetables and Fruits Broccoli, Brussels sprouts, cabbage, cauliflower, kohlrabi	14	3	3	Not for use in California. Irrigate after application.
Collards, kale, lettuce (head and leaf), mustard greens, spinach	14	3	14	
Tomatoes	14	3	3	
Strawberries (grown as a perennial only)	14	3	7	Not for use in California. Irrigate after application.
Ornamentals	21	3	Not Applicable	Do not use on plants taller than 4 feet. Irrigate after application.

NOTE:

Bold, italicized text is information for the reader and is not part of the label.
[Bracketed information is optional text]. Text separated by / denotes and/or options.

STORAGE & DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.

PESTICIDE STORAGE: Do not put into food or drink containers. Avoid contamination of feed and foodstuffs. This product can be harmful to children and fatal to dogs and other domestic animals if ingested. Dogs have been known to ingest metaldehyde after opening or tearing packaging. Store this product in its original packaging in a cool, secure location (preferably in a locked storage area) and out of reach of children and pets.

PESTICIDE DISPOSAL: Non-refillable container. Do not reuse or refill this container. If empty: Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

OPTIONAL NON-PESTICIDAL CLAIMS (claims may appear on any or all label panel(s))

- X pounds treats up to X,XXX sq. ft.
- BAITS X,XXX sq. ft. (X lb size)
