

ACCEPTED

JUL 21 1987

Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, for the pesticide registered under EPA Reg. No. 239-2523

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS & DOMESTIC ANIMALS

WARNING: Causes eye and skin irritation. Avoid contact with eyes, skin or clothing. STATEMENT OF PRACTICAL TREATMENT: In case of eye contact, immediately flush eyes with fresh water for 15 minutes. If irritation persists, see a doctor. In case of skin contact, wash skin thoroughly with soap and water. Note to Physicians: Emergency information - call (415) 233-3737.

ENVIRONMENTAL HAZARDS: This product is toxic to fish. PHYSICAL OR CHEMICAL HAZARDS: Contents under pressure. Do not use or store near heat or open flames. Exposure to temperatures above 130°F. may cause bursting.

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

READ ENTIRE LABEL USE STRICTLY IN ACCORDANCE WITH LABEL PRECAUTIONARY STATEMENTS AND DIRECTIONS.

SHAKE BEFORE USING. Point valve opening away from face and push button, holding container as upright as possible. Do not remain in treated areas and ventilate the area after treatment is completed.

NOTE: Do not contaminate food, utensils, dishes or drinking water. Foods should be removed or covered during treatment. All food processing surfaces should be covered during treatment or thoroughly cleaned before using. Remove birds and cover fish aquariums when using indoors.

How To Use: Fleas and Ticks - Cats and Dogs - Holding upright container 8-12 inches from pet, start spraying at tail, moving the container rapidly to ensure complete coverage of back, legs and underside. Ruffle hair to insure good coverage and penetration to the skin. Do not spray into eyes, face or on genital areas. Apply to animal to thoroughly moisten hair. To prevent reinfestation, remove soiled pet bedding and wash or destroy, then spray entire inside surface of dog house. Put fresh bedding in pet quarters after spray has dried. Repeat as necessary.

Note: This aerosol makes a slight hissing sound and causes a temporary cool sensation. Hold pet securely while applying. Nervous animals may become frightened the first time this product is used but soon become accustomed to the treatment.

FOR RESIDUAL CONTROL IN AND AROUND PET QUARTERS - Use ORTHO Home Pest Insect Control.

ANTS, ROACHES, FLEAS, SPIDERS (including Black Widow Spiders), EARWIGS, SCORPIONS, CENTIPEDES: Spray directly on insects wherever possible and in areas where insects may be found, such as in carpets, under sinks, broom piles, drainboards, cabinets, cracks, and crevices on baseboards, pipes, around doorills, window frames, scuffs, porches, cars, refuse areas, in attics, behind shelving, bookcases, storage areas and other areas where pests may be found. Repeat as necessary.

INDOORS - FOR PROTECTION OF STORED GARMENTS AND FABRICS (Wool, Cotton and Synthetic): Dry clean or wash garments and blankets before treating. Clean carpets, draperies and other fabrics by thoroughly brushing before treating. Remove persistent spots or stains by dry cleaning. Apply to garments, blankets, carpets and other fabrics dry before placing in storage for protection from larvae of webbing clothing moths and black carpet beetles.

Hold the container 14 inches to 18 inches from the fabric and apply the spray while moving evenly in a forward and back motion across the fabric while covering one 10 sq. ft. in 5 seconds. Spray the entire fabric surface until it is slightly moist to the touch. When possible treat both sides of the fabric. Do not soak or wet fabric. For maximum protection place treated fabrics after drying in plastic bags. Also treat cracks and crevices of closets, chests and trunks where these fabrics are being stored. Treat the cracks and crevices at the rate of two seconds per linear foot. Dry clean treated clothes before wearing. When applied as directed on fabric and in storage areas this treatment will offer protection for 6 months. To insure protection, repeat application every 6 months. (Treated fabrics should be put in a darkened closet or other darkened storage area.) Avoid heavy applications. When possible make application outdoors. If application is made indoors do not remain in treated areas. Ventilate the area after treatment is complete.

STORAGE AND DISPOSAL

STORAGE: Store in a secure, preferably locked storage area away from heat or open flames.

DISPOSAL: PRODUCT-Unused product may be disposed of by securely wrapping original container in several layers of newspaper and discard in trash.

CONTAINER-Replace cap and discard container in trash. Do not incinerate or puncture.

NOTICE: Buyer assumes all responsibility for safety and use not in accordance with directions.
