

26 AUG 1992

Mr. W. L. Chase, Jr.  
Chevron Chemical Company  
Ortho Consumer Products Div.  
940 Hensley St.  
Richmond, CA 94804-0036

Dear Mr. Chase:

Subject: Dermal Sensitization (MRID#42434801): Revised Labels  
FLEA-B-GON Flea Killer Formula II  
EPA Reg. No. 239-2523  
Submission: July 31, 1992

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. A stamped copy is enclosed for your records.

We are not reviewing the above study at this time. Labeling is accepted based on reported results. We question the practical effect of the reference to wearing gloves when treating animals. Are you responding to the sensitizing potential or unruly animals? If the former, the type of glove should be indicated.

Sincerely,

Richard F. Mountfort  
Product Manager 10  
Insecticide & Rodenticide Branch  
Registration Division (H7505C)

FLEA-B-GON Flea Killer  
Formula II  
EPA Reg. No. 239-2523

## FLEA-B-GON<sup>®</sup> Flea Killer

Formula II

### PRECAUTIONARY STATEMENTS

#### HAZARDS TO HUMANS & DOMESTIC ANIMALS

**WARNING:** Causes eye and skin irritation. Avoid contact with eyes, skin or clothing.

**STATEMENT OF PRACTICAL TREATMENT:** In case of eye contact, immediately flush eyes with fresh water for 15 minutes. If irritation persists, see a doctor. In case of skin contact, wash skin thoroughly with soap and water. Note to Physicians: Emergency Information — call (415) 233-3737.

**ENVIRONMENTAL HAZARDS:** This product is toxic to fish.

**PHYSICAL OR CHEMICAL HAZARDS:** Contents under pressure. Do not use or store near heat or open flame. Exposure to temperatures above 130°F. may cause bursting.

**DIRECTIONS FOR USE:** It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**READ ENTIRE LABEL. USE STRICTLY IN ACCORDANCE WITH LABEL PRECAUTIONARY STATEMENTS AND DIRECTIONS.**

**SHAKE BEFORE USING:** Point valve opening away from face and push button, holding container as upright as possible. Do not remain in treated areas and ventilate the area after treatment is completed.

**NOTE:** Do not contaminate food, utensils, dishes or drinking water. Foods should be removed or covered during treatment. All food processing surfaces should be covered during treatment or thoroughly cleaned before using. Remove birds and cover fish aquariums when using indoors.

**How To Use: Fleas and Ticks — Cats and Dogs —** Holding upright container 8-12 inches from pet, start spraying at tail, moving the container rapidly to ensure complete coverage of back, legs and underside. Ruffle hair to insure good coverage and penetration to the skin. Do not spray into eyes, face or on genital areas. Apply to animal to thoroughly moisten hair. To prevent re-infestation, remove soiled pet bedding and wash or destroy, then spray entire inside surface of dog house. Put fresh bedding in pet quarters after spray has dried. Repeat as necessary.

**Note:** This aerosol makes a slight hissing sound and causes a temporary cool sensation. Hold pet securely while applying. Nervous animals may become frightened the first time this product is used but soon become accustomed to the treatment.

**FOR RESIDUAL CONTROL IN AND AROUND PET QUARTERS —** Use ORTHO Home Pest Insect Control.

**ANTS, ROACHES, FLEAS, SPIDERS (including Black Widow Spiders), EARWIGS, SOWBUGS, CENTIPEDES:** Spray directly on insects wherever possible and in areas where insects may be found, such as in carpets, under sinks, firewood piles, drainboards, cabinets, cracks, and crevices on baseboards, pipes, around doorsills, window frames, screens, garbage cans, refuse areas, in attics, behind shelving, bookcases, storage areas and other areas where pests may be found. Repeat as necessary.
