PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS & DOMESTIC ANIMALS
CAUTION

Harmful if inhaled or absorbed through skin. Avoid breathing spray mist. Avoid contact with eyes and skin. Wear long-sleeved shirt, long pants and PVC gloves when spraying. Wash thoroughly after handling. Note to Physicians: Emergency Information - call (415) 233-3737.

STATEMENT OF PRACTICAL TREATMENT

In case of eye contact, wash eyes immediately with fresh water for at least 15 minutes. Get medical attention if irritation persists. For skin contact, wash skin with plenty of soap and water. If inhaled, remove person from exposure area.

ENVIRONMENTAL HAZARDS

Do not apply directly to water.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

READ ENTIRE LABEL USE STRICTLY IN ACCORDANCE WITH LABEL PRECAUTIONARY STATEMENTS AND DIRECTIONS.

GRASS-B-GON Grass Killer is a ready-to-use selective systemic grass killer that can be used to kill existing weedy grasses in and around plant beds, landscapes and individual shrubs and trees. Treatment is rain proof one hour after application.

WEEDY GRASSES CONTROLLED

Controls most annual and hard-to-kill perennial grasses including the examples listed below in one (or two) application(s). Younger, actively growing seedling weeds are more easily killed than older, mature, well-established grassy weeds.

Annuals	Perennials
Annual Bluegrass (Poa annua)	Bentgrass
Barnyardgrass	Bermudagrass
Crabgrass	Centipedegrass
Downy Brome	Dallisgrass
Foxtails	Johnsongrass
Goosegrass	Kentucky Bluegrass
Sandbur	Nimblewill
Panicum	Orchardgrass
	Perennial Ryegrass
	Quackgrass
	Tall Fescue
	St. Augustinegrass

Note: This product does not control broadleaf weeds or sedges (nutgrass). Select an appropriate KLEENUP or WEED-B-GON product.

WHEN TO APPLY—Apply anytime weeds are actively growing. Warm, sunny weather will accelerate systemic movement from leaves and stems down to the roots to give complete kill. Do not mow or cut tops of weeds before spraying. Do not apply if rainfall is expected within one hour. Growth of treated grasses stops soon after application. They turn yellow and die within one to four weeks depending on the grass species and weather conditions. Cool weather slows activity.

HOW TO USE—Apply with a hand trigger sprayer. Spray nozzle should be adjusted to deliver a fine spray pattern to just wet foliage. Stand close to weed (1-2 feet) with spray nozzle aimed at weed and away from face. Make two applications 7 days apart for tough-to-control weeds. Repeat if necessary. Spray when air is calm to avoid drift to non-targeted plants. If an unlisted plant is accidentally contacted, wash off immediately with water. Unless the ornamental plant is listed in the table under those plants which you can spray over the top, always direct the spray to the weeds to avoid possible injury to the foliage.

ORTHO

GRASS-B-GON™

Grass Killer

- Kills: Bermudagrass, Annual Bluegrass, Crabgrass, Barnyardgrass, Foxtails, Bentgrass, Quackgrass, Johnsongrass, Sandbur and many other annual and perennial grassy weeds.
- For use in and around ornamentals, ground covers, evergreens, shrubs, shade trees, and non-bearing tree crops and vines.
- Systemic selective herbicide kills weedy grasses including roots and tops without injuring ornamental plants when used as directed.
- Ready-to-Use. No mixing.

Active Ingredient Fluazifop-butyl (*Butyl (RS)-2-(4-[[5-(trifluoromethyl)-2-pyridinyl]oxy]phenoxy)propanoate) 0.50%
 Inert Ingredients 99.50%
 *FUSILADE®—Reg. TM for fluazifop-butyl herbicide, ICI Americas, Wilmington, DE

Keep out of reach of children.

CAUTION

See side panel for additional precautionary statements.

Ground Covers, Flowers, Ornamentals, Shrubs and Shade Trees

To kill undesirable weedy grasses growing around the trunk or up through the foliage of the following plants, spray directly on the weeds, avoiding the desirable plant foliage as much as possible. The following plants are generally tolerant (will not be injured) although temporary discoloration of the foliage may occur occasionally on some of the listed plants if contacted by spray. If desirable, unlisted plants are accidentally sprayed, wash off foliage with water immediately after treatment.

Ground Covers & Flowers

Ajuga	English Ivy	Marigold
Algerian Ivy	Gazania	Pachysandra
Baltic Ivy	Geranium	Periwinkle (Vinca Minor)
Cinquefoil (Potentilla)	Hypericum	Petunia
Coleus	Iris	Rose
Dichondra	Kinnikinnick	Zinnia
		Lilyturf

Low Growing Shrubs & Ornamentals

Azalea	Forsythia	Pyracantha
Barberry	Gardenia	Rhododendron
Boxwood	Juniper	Spiraea
Coloneaster	Photinia	Star Jasmine
Crape Myrtle	Pittosporum	Yew (Taxus)
Euonymus	Privet (Ligustrum)	Viburnum

Tall Shrubs & Shade Trees

Arborvitae	Eucalyptus	Pear (flowering)
Ash	Fir	Pine
Beech	Hemlock	Plum (flowering)
Birch	Holly	Quince (flowering)
Cherry (flowering)	Horsechestnut	Redbud
Crab Apple	Magnolia	Spruce
Crape Myrtle	Maple	Sweet Gum
Dogwood	Mountain Ash	Tulip Tree
Douglas Fir	Oak	Willow
Elm	Peach (flowering)	

NOTICE TO USER—It is impossible to test this product on every species and variety of ornamental and nursery plants. Before spraying on or around any plant not listed on this label, test on a sample plant and observe for several weeks to determine if any damage occurs before spraying large number of plants.

NON-BEARING TREE CROPS AND VINES—(Plants that will not bear edible fruit for one year.) Direct spray around the base but away from foliage of desirable plants to contact weedy grasses. Should accidental contact be made to foliage, immediately wash off with water.

Almonds	Grapefruit	Pecans
Apples	Lemons	Pistachios
Apricots	Limes	Plums
Avocados	Macadamia	Pomegranates
Berries	Mangoes	Prunes
Cherries	Nectarines	Tangelos
Dates	Olives	Tangerines
Figs	Oranges	Walnuts
Filberts	Peaches	
Grapes	Pears	

STORAGE AND DISPOSAL

STORAGE: Keep from freezing. Keep pesticide in original container. Do not put concentrate or dilute into food or drink containers. Avoid contamination of feed and foodstuffs. Store in a cool, dry place, preferably in a locked storage area.

DISPOSAL: PRODUCT—Partially filled bottle may be disposed of by securely wrapping original container in several layers of newspaper and discard in trash. **CONTAINER**—Do not reuse empty bottle. Rinse thoroughly before discarding in trash.

NOTICE: Buyer assumes all responsibility for safety and use not in accordance with directions.
