- Non-staining
- For use on floor coverings and other indoor areas including kitchens, bathrooms, bedrooms, basements, storage areas, garages.

COPY B

For use in homes, apartments, attics, garages, basements and storage areas. Non-staining, non-damaging to carpets, rugs, floors and baseboards. Kills insects on contact.

COPY C

Adjust spray nozzle to give a mist spray or fine stream for crack and crevice treatment. Hold container about 12 inches from pest, animal or surface to be treated. May be used indoors or outdoors. Hold container upright and spray infested surfaces until barely wet. Do not spray desirable plants. Thoroughly wash dishes and food handling utensils with soap and water if they become contaminated by application of this product. Do not apply spray of this product in conduits, motor housings, junction and switch boxes or other electrical equipment because of possible shock hazard. Do not use in edible products areas of food processing plants, restaurants or other areas where food is commercially prepared. Repeat treatment as needed.

ROACHES, ANTS, CLOVER MITES, CRICKETS, FIREBRATS, SOWBUGS (PILLBUGS), MILLIPEDES, SILVERFISH AND SPIDERS - Thoroughly apply under and behind sinks, stoves, refrigerators, cabinets, around plumbing, along baseboards, and other areas where insects hide, including dark corners of rooms, cabinets, cracks and crevices in walls and floors. **ANTS** - Apply directly to ants and ant trails or wherever these pests may gain entrance.

COPY D

Start spraying at the animal's head - avoiding the eyes, nose, mouth and genital areas as you spray.

COPY E

FLYING INSECTS - FLIES, MOSQUITOS, SMALL FLYING MOTHS, GNATS: Spray directly on pests or on surfaces, especially around window screen and frames, screen doors, around outdoor lights, garbage cans and other places where these insects alight or congregate.
