DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

READ ENTIRE LABEL. USE STRICTLY IN ACCORDANCE WITH LABEL PRECAUTIONARY STATEMENTS AND DIRECTIONS.

- Apply when weeds are actively growing. Water lawn 1 to 2 days before application. Do not water for 48 hours after application. Spray when air is calm to avoid spray drift that might injure desirable ornamental plants. Do not apply when temperatures are expected to exceed 85° F within 24 hours. Temporary injury may occur on Bent, Bermuda, Red Fescue, Centipede, and Carpet grasses; DO NOT apply to Dichondra, Lippia, St. Augustine, and Clover lawns. The maximum number of broadcast applications (entire lawn) is 2 per year.

HOW TO USE

Shake well. Connect spray nozzle to garden hose. Turn the green ON/OFF valve to OFF. Turn on water at faucet. Extend hose to the farthest area of lawn to be treated. Using a coin or key, rotate the small green product control valve located near front of nozzle forward to OPEN.

To BEGIN spraying, point nozzle towards lawn and turn the green valve to ON. The water automatically mixes with the product. Walk at a steady pace using an even sweeping motion, slightly overlapping treated areas. Spray entire lawn, wetting weeds and grasses; do not saturate.

NEWLY SEEDED LAWNS: May be treated after they have been mowed at least three times.

HARDY WEEDS

For hardy weeds such as Clover, Ground Ivy, Oxalis, Sheep Sorrel, Dock, Thistles, and Morningglory in lawns, repeat application in two to three weeks if necessary. The maximum number of broadcast applications (entire lawn) is 2 per year.

IMPORTANT: Do not use this product for controlling weeds in flower or vegetable beds or around shrubs or ornamental plantings. Do not reseed for three to four weeks after use. Avoid spray contact or drift to susceptible plants as this may injure flowers, shrubs, garden vegetables, fruit trees, and other crops.

KILLS: ANNUAL, BIENNIAL, AND PERENNIAL WEEDS - Black Medic, Burdock (Common), Canada Thistle, Carpetweed, Chickweed (Common and Mouseear), Clover (Annual and Perennial), Creeping Beggar Weed, Curly Dock, Dandelion, Dichondra, Fennel, Fleabane, Florida Pusley, Geranium (wild), Ground Ivy, Hawkweed, Henbit, Knotweed, Lambsquarters, Lawn Pennywort, Lippia, Mallow, Morningglory, Oxalis, Pigweed, Plantain (Buckhorn and Common), Purslane, Ragweed, Sheep Sorrel, Shepherdspurse, Smartweed, Sowthistle, Speedwell, Spurge, Thistles, Wild Carrot, Wild Garlic, Wild Onion, Yarrow.

STORAGE AND DISPOSAL

STORAGE: Keep product in original container. Do not put concentrate or dilute into food or drink containers. Avoid contamination of feed and foodstuffs. Do not store near feed, foodstuffs, fertilizers, seeds, insecticides, or fungicides. Store in a cool, dry place, preferably in a locked storage area. Do not store diluted spray.

DISPOSAL: Empty or partially filled container may be disposed of by securely wrapping original container in several layers of newspaper and discard in trash.

To Begin

To STOP spraying, turn green valve to OFF. Rotate small product control valve back to CLOSED. Turn off water at faucet. Point sprayer away from desirable plants. To relieve pressure, turn water control valve to ON before removing nozzle from hose.

To Stop

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS & DOMESTIC ANIMALS

WARNING: Causes substantial but temporary eye injury. Harmful if swallowed or absorbed through skin. Do not get in eyes, on skin, or on clothing. **APPLYING:** When using this product wear long-sleeved shirt, long pants, socks, shoes, rubber gloves and eye protection. After using this product, rinse gloves before removing, remove clothing and launder separately before reuse, and promptly and thoroughly wash hands and exposed skin with soap and water. Remove saturated clothing as soon as possible and shower.

 Do not allow people (other than applicator) or pets on treatment areas during application. Do not enter treatment areas until spray has dried.

FIRST AID: IF IN EYES: Hold eyelids open and flush with a steady, gentle stream of water for 15 minutes. Get medical attention. **IF SWALLOWED:** Call a doctor or get medical attention. Do not induce vomiting. Drink promptly a large quantity of milk, egg whites, gelatin solution, or if these are not available, drink large quantities of water. Avoid alcohol. **IF ON SKIN:** Wash with plenty of soap and water. Get medical attention. Note to Physicians: Emergency Information call 1-800-454-2333.

ENVIRONMENTAL HAZARDS: This product is toxic to aquatic invertebrates. Drift or runoff may adversely affect aquatic invertebrates and nontarget plants. Do not apply directly to water. Do not contaminate water when disposing of equipment washwaters.

NOTICE: Buyer assumes all responsibility for safety and use not in accordance with directions.
