NOTIFICATION

OCT 19 2001

Explanation: Use additional page(s) if necessary. (For section I and Section II.)

The ORTHO Group is submitting a notification of "minor label revisions" per PR Notice 98-10. This notification is consistent with the provisions of PR Notice 98-10 and EPA regulations at 40 CFR 152.46, and no other changes have been made to the labeling or the confidential statement of formula of this product. I understand that it is a violation of 18 U.S.C. Sec. 1001 to willfully make any false statement to EPA. I further understand that if this notification is not consistent with the terms of PR Notice 98-10 and 40 CFR 152.46, this product may be in violation of FIFRA and I may be subject to enforcement action and penalties under sections 12 and 14 of FIFRA.

DISEASES STOPPED & PREVENTED

Black spot on roses

Powdery mildew on calendulas, crapemyrtle, dahlia, euonymus, Jerusalem thorn, lilac, phlox, photinia, roses, snapdragon and zinnia

Rust on asters, carnations and roses

HOW IT WORKS

Ortho® Orthenex® Garden Insect & Disease Control is absorbed by leaves for lasting systemic insect and disease protection that won't wash off with rain or watering.

Ortho® Orthenex® Garden Insect & Disease Control quickly kills sprayed insects and mites and continues controlling insects which feed on treated plants.

Although, no fungicide can clear up diseased areas already on plants, Ortho® Orthenex® Garden Insect & Disease Control with its systemic formula will stop major plant diseases and protect unaffected areas and new growth when used as directed.

Thank you for choosing Ortho.

HOW TO APPLY

- Use a tank, Ortho Dial 'n Spray or other hose-end sprayer.
- Spray thoroughly to cover all plant surfaces (upper and lower leaf surfaces, flowers, stems and branches) including new growth.

WHEN TO APPLY

- Spray when first sign of insects, mites or disease appears.
- **For hard to control pests** such as two-spotted spider mite: It may be necessary to spray 2 to 3 times, waiting 7 to 10 days between each application.
- **For diseases:** Apply every 7 to 10 days if disease conditions persist.

4/5

People and pets may enter treated area after spray has dried.

STORAGE AND DISPOSAL

STORAGE: Store away from heat or open flame. Keep pesticide in original container. Do not put concentrate or dilute into food or drink containers. Avoid contamination of feed and foodstuffs. Store in a cool, dry place, preferably in a locked storage area. Do not store below 25°F. Do not store diluted spray.

DISPOSAL: PRODUCT - Partially filled bottle may be disposed of by securely wrapping original container in several layers of newspaper and discard in trash.

CONTAINER - Do not reuse empty bottle. Rinse thoroughly before discarding in trash.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS & DOMESTIC ANIMALS

DANGER: Causes irreversible eye damage and skin irritation. May be harmful if swallowed or absorbed through skin. Do not get in eyes, on skin or on clothing. Wear goggles. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

FIRST AID: IF IN EYES: Hold eyelids open and flush with a steady, gentle stream of water for 15 minutes. See a physician immediately. **IF ON SKIN:** Wash with plenty of water. Get medical attention. **IF SWALLOWED:** Do not induce vomiting. Call a physician or Poison Control Center. Drink promptly a large quantity of milk, egg whites, gelatin solution, or, if these are not available drink large quantities of water. Avoid alcohol.
