## P/P INSECTICIDE No. 5

## P/P INSECTICIDE No. 5

P/P INSECTICIDE No. 5 kills flies, mosquitoes, gnats, flying moths and wasps. No unpleasant odor. Stainless when used as directed. Contents of this can will completely treat 75,000 cubic feet (75 rooms, 10 x 10 x 10) for flies and mosquitoes using the minimum 4 second dosage.

### HOUSE and GARDEN FLYING INSECT KILLER

#### DIRECTIONS

1. Remove cap. 2. Point the nozzle on the side of the valve away from you. 3. Press top of valve to release the desired amount of insecticide. 4. Hold can at least four feet away from any object when spraying.

**INDOORS** — release spray upwards in all directions into air of closed room, about four to six seconds for every 1,000 cubic feet. After 15 minutes, doors and windows may be opened.

**OUTDOORS** — spray into grass and shrubbery (about one foot above ground) in immediate area to be occupied. Hold can about four feet away from vegetation being sprayed. Similarly, spray around patios, barbecue pits, picnic tables, and other outdoor areas when the air is quiet. Frequent repeated applications may be necessary, depending upon the weather conditions.

FRESH AND PLEASANT

NET. WT. 12 1/4 OZ.
