 REREGISTRATION  
(Under the Federal Insecticide, Fungicide,  
and Rodenticide Act, as amended)

TERM OF ISSUANCE

Until Reregistration

NAME OF PESTICIDE PRODUCT

CEFYX 51-FCWEP™ Ant, Fungi &  
Spider Spray Formula II

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

Clevor Chemical Company  
Consumer Products Division  
60 Berkeley Street  
Hingham, MA 02043-1002

**NOTE:** Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

1. Submit or cite all data and other material required for registration/reregistration of your product under FIFRA sec. 3(c)(5) and FIFRA sec. 4. The Agency requires all registrants of similar products to submit such data.

2. List the following changes (a) listed below before you release the product to sell:

(A) Change the name "E-1" to "299-2619".

(B) Correct the spelling "silverfish" on the front panel claim.

(C) In the first paragraph after the heading "E-1", delete the words "silverfish" and "E-1" and insert "E-1" immediately after the word "insecticide".

(D) Change the word "E-1" to "299-2619" in the first paragraph of the "Directions" section.

(E) Change the word "E-1" to "299-2619" in the first printed label and the second label and the word "E-1" to "299-2619" in the first printed label.

**ORTHO HI-POWER Ant, Roach & Spider Spray Formula II**

**PRECAUTIONARY STATEMENTS**

**HAZARDS TO HUMANS & DOMESTIC ANIMALS**

**CAUTION:** Harmful if inhaled. Causes moderate eye irritation. Avoid contact with eyes, skin, or clothing. Avoid breathing spray mist. Wash thoroughly with soap and water after handling. If clothing becomes wet from spray during use, remove clothing after spraying, wash affected body areas thoroughly with soap and water, and launder clothing before wearing again. Do not use on household pets or humans.

**STATEMENT OF PRACTICAL TREATMENT:** If inhaled; remove victim to fresh air. If on skin; wash with plenty of soap and water. If in eyes; flush eyes with fresh water for 15 minutes. **Note to Physicians:** Emergency Information - call 1-800-457-2022. This product contains a light petroleum solvent and may present an aspiration problem. This is an organophosphate insecticide. If symptoms of cholinesterase inhibition are present, atropine sulfate by injection is antidotal. 2-PAM is also antidotal and may be administered, but only in conjunction with atropine.

**ENVIRONMENTAL HAZARDS:** This pesticide is highly toxic to birds, fish, and other wildlife. Birds, especially waterfowl, feeding or drinking on treated areas may be killed. Keep out of lakes streams, ponds, tidal marshes, and estuaries. Do not apply directly to water or wetlands (swamps, bogs, marshes, and potholes). Do not contaminate water by disposal. This pesticide is highly toxic to bees exposed to direct treatment or residues on blooming plants where they feed. Do not allow this pesticide to drift to blooming plants if bees are visiting the treatment area. Do not apply this product to, or allow it to drift to, food crops or any desirable vegetation at any time.

**PHYSICAL OR CHEMICAL HAZARDS:** Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Do not discard in trash compactor. Exposure to temperatures above 130° F may cause bursting.

**DIRECTIONS FOR USE:** It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**READ ENTIRE LABEL. USE STRICTLY IN ACCORDANCE WITH LABEL PRECAUTIONARY STATEMENTS AND DIRECTIONS.**

ORTHO HI-POWER Ant, Roach & Spider Spray Formula II is a highly effective formulation which provides rapid kill of such crawling insects as listed below. In addition to rapid initial kill, this product stays on treated surfaces and provides residual insect killing power after the spray deposit has dried.

502

**HOW TO USE:** Spray infested surfaces until slightly moist, moving the spray stream rapidly to prevent excessive wetting of surfaces and waste of material. Point spray away from people, plants, and pets. Do not spray food or food-contacting surfaces.

**INDOORS - CONTROLS:** Cockroaches, Ants, Spiders (including Black Widow Spiders), Crickets, Firebrats, Silverfish, and exposed stages of stored product insects including adults and larvae) such as Confused Flour Beetles, Saw-Toothed Grain Beetles, Indian Meal Moths, Rice Weevils, Mediterranean Flour Moths, and Red Flour Moths.

**PRECAUTIONS:** Do not use this product indoors as an overall surface spray or as a space spray. Take care not to introduce this product into the air during application. Use only in well ventilated areas. Do not apply where children are likely to frequently contact treated surfaces. Do not use on plants. Remove pets and remove or cover fish bowl (tanks) before spraying. Do not allow children or pets in treated areas until spray has dried. Exposed food should be removed or covered during spraying. All food preparation surfaces and utensils should be covered during spraying or thoroughly washed with soap and water before use. Do not use in edible product areas of food processing plants, restaurants or other areas where food or feed is commercially prepared or processed. Do not use in serving areas while food is exposed. Do not use this product in conduits, motor housings, or electrical switch boxes.

**FOR CONTROL OF:** Cockroaches, Ants, Spiders (including Black Widow Spiders), Crickets, Firebrats, and Silverfish - **SPOT TREATMENT:**

**WHERE TO SPRAY:** Direct spray into cracks and crevices in walls, in closets, to baseboards, to surfaces behind and beneath cabinets, refrigerators, sinks, and stoves, and around plumbing and similar areas where these insects tend to hide.

**FOR CONTROL OF:** Exposed stages of stored product insects (including adults and larvae) such as Confused Flour Beetles, Saw-Toothed Grain Beetles, Indian Meal Moths, Rice Weevils, Mediterranean Flour Moths, and Red Flour Moths - **SPOT TREATMENT:** **WHERE TO SPRAY:** Spray on shelves and in cupboards where food containers suspected of being infested are stored. Remove all food and shelving paper before spraying. Do not replace the food packages until spray has dried. Cover shelves with shelving paper. This treatment is supplemental to good housekeeping, since it will have no effect on insects breeding within food packages. Infested food packages should be destroyed.

**FOR CONTROL OF:** Carpet Beetles - **SPOT TREATMENT:** **WHERE TO SPRAY:** Spray in spot applications along baseboards and edges of carpeting, under carpeting, rugs, and furniture, in closets and on shelving, and wherever these insects are seen or suspected.

6.8

**FOR CONTROL OF: Brown Dog Ticks and Fleas\* - SPOT TREATMENT: WHERE TO SPRAY:** Spray infested areas around pet beds and resting quarters, nearby cracks and crevices, along baseboards, window and door frames, and to localized areas of floor coverings where these pests may be present. Old bedding of pets should be removed and cleaned or replaced with clean, fresh bedding after the treatment of pet area. **DO NOT TREAT PETS WITH THIS PRODUCT.** To control the source of flea infestation, pets inhabiting the treated premises should be treated with ORTHO Pet, Flea & Tick Spray Formula II.  
\*Controls adult fleas on areas treated.

**OUTDOORS - (For use as an aid in reducing annoyance from these insects):**  
**Flies, Mosquitos:** Spray with the wind at your back. Spray outside surfaces of screens, doors, window frames, or wherever these insects may enter. Also, spray surfaces around light fixtures on porches, in garages, and other places where these insects alight or congregate. Repeat as necessary. **Ants, Brown Dog Ticks, Crickets, Fleas, and Earwigs:** Spray localized infestations of these insects in outdoor areas. Do not apply to lawns or other desirable plants. For Ants, wet their hills and runways. Repeat as necessary.

**STORAGE AND DISPOSAL - 10 pt Zipper size**

**STORAGE:** Store in a secure, preferably locked storage area away from heat or open flame. **DISPOSAL - PRODUCT:** Unused product may be disposed of by securely wrapping original container in several layers of newspaper and discard in trash. **CONTAINER:** Replace cap and discard container in trash. Do not incinerate or puncture.

**NOTICE:** Buyer assumes all responsibility for safety and use not in accordance with directions.
