PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS & DOMESTIC ANIMALS

CAUTION: Harmful if inhaled. Causes moderate eye irritation. Avoid contact with eyes, skin, or clothing. Avoid breathing spray mist. Wash thoroughly with soap and water after handling. If clothing becomes wet from spray during use, remove clothing after spraying, wash affected body areas thoroughly with soap and water and launder clothing before wearing again. Do not use on household pets or humans. STATEMENT OF PRACTICAL TREATMENT: If inhaled, remove victim to fresh air if on skin, wash with plenty of soap and water. If in eyes, flush eyes with fresh water for 15 minutes. Note to Physicians: Emergency information - call 1-800-457-2022. This product contains a light petroleum solvent and may present an aspiration problem. This is an organophosphate insecticide. If symptoms of cholinesterase inhibition are present, atropine sulfate by injection is antidotal. 2-PAM is also antidotal and may be administered, but only in conjunction with atropine. ENVIRONMENTAL HAZARDS: This pesticide is highly toxic to birds, fish, and other wildlife. Birds, especially waterfowl, feeding or drinking in treated areas may be killed. Keep out of lakes, streams, ponds, tidal marshes, and estuaries. Do not apply directly to water or wetlands (swamps, bogs, marshes, and potholes). Do not contaminate water by disposal. This pesticide is highly toxic to bees exposed to direct treatment or residues on blooming plants where they feed. Do not allow this pesticide to drift to blooming plants if bees are visiting the treatment area. Do not apply this product to or allow it to drift to, food crops or any desirable vegetation at any time. PHYSICAL OR CHEMICAL HAZARDS: Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Do not discard in trash compactor. Exposure to temperatures above 130°F may cause bursting.

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

READ ENTIRE LABEL USE STRICTLY IN ACCORDANCE WITH LABEL PRECAUTIONARY STATEMENTS AND DIRECTIONS.

ORTHO HI-POWER Ant, Roach & Spider Spray Formula II is a highly effective formulation which provides rapid kill of such crawling insects as listed below. In addition to rapid initial kill, it is product stays on treated surfaces and provides residual insect killing power after the spray deposit has dried.

HOW TO USE: Spray infested surfaces until slightly moist, moving the spray stream rapidly to prevent excessive wetting of surfaces and waste of material. Point spray away from people, plants, and pets. Do not spray food or food-contacting surfaces.

INDOORS - CONTROLS: Cockroaches, Ants, Spiders (including Black Widow Spiders), Crickets, Firebrats, Silverfish, and exposed stages of stored product insects (including adults and larvae) such as German, Saw-toothed Grain Beetles, Indian Meal Moths, Rice Weevils, Mediterranean Flour Moths, and Red-Headed Flour Moths.

PRECAUTIONS: Do not use this product indoors as an overall surface spray or as a space spray. Take care not to introduce this product into the air during application. Use only in well ventilated areas. Do not apply where children are likely to frequently contact treated surfaces. Do not use on plants. Remove pets and remove or cover fish bowls (tanks) before spraying. Do not allow children or pets in treated areas until spray has dried. Exposed food should be removed or covered during spraying. All food preparation surfaces and utensils should be covered during spraying or thoroughly washed with soap and water before use. Do not use in edible product areas of food processing plants, restaurants or other areas where food or feed is commercially prepared or processed. Do not use in serving areas while food is exposed. Do not use this product in conduits, motor housings, or electrical switch boxes.

FOR CONTROL OF: Cockroaches, Ants, Spiders (including Black Widow Spiders), Crickets, Firebrats, and Silverfish - SPOT TREATMENT: WHERE TO SPRAY: Direct spray into cracks and crevices in walls, in closets, to baseboards, to surfaces behind and beneath cabinets, refrigerators, sinks, and stoves, and around plumbing and similar areas where these insects tend to hide.

FOR CONTROL OF: Exposed stages of stored product insects (including adults and larvae) such as German, Saw-toothed Grain Beetles, Indian Meal Moths, Rice Weevils, Mediterranean Flour Moths, and Red-Headed Flour Moths - SPOT TREATMENT: WHERE TO SPRAY: Spray on shelves and in cupboards where food containers suspected of being infested are stored. Remove all food and shelving paper before spraying. Do not replace the food packages until spray has dried. Cover shelves with shelving paper. This treatment is supplemental to good housekeeping, since it will have no effect on insects breeding within food packages. Infested food packages should be destroyed.

FOR CONTROL OF: Carpet Beetles - SPOT TREATMENT: WHERE TO SPRAY: Spray in spot applications along baseboards and edges of carpeting, under carpeting, rugs, and furniture, in closets and on shelving, and wherever these insects are seen or suspected.

FOR CONTROL OF: Brown Dog Ticks and Fleas - SPOT TREATMENT: WHERE TO SPRAY: Spray infested areas around pet beds and resting quarters, nearby cracks and crevices, along baseboards, window and door frames, and to localized areas of floor coverings where these pests may be present. Old bedding of pets should be removed and cleaned or replaced with clean, fresh bedding after the treatment of pet area. DO NOT TREAT PETS WITH THIS PRODUCT. To control the source of flea infestation, pets inhabiting the treated premises should be treated with ORTHO Pet Flea & Tick Spray formula II.

\*Control adult fleas on areas treated.

OUTDOORS - (For use as an aid in reducing annoyance from these insects): Flies, Mosquitoes: Spray with the wind at your back. Spray outside surfaces of screens, doors, window frames or wherever these insects may enter. Also, spray surfaces around light fixtures on porches in garages and other places where these insects are likely to congregate. Repeat as necessary. Ants, Brown Dog Ticks, Crickets, Fleas, and Earwigs: Spray localized infestations of these insects in outdoor areas. Do not apply to lawns or other desirable plants. Ants, wet their hills and runways. Repeat as necessary.

STORAGE AND DISPOSAL

STORAGE: Store in a secure, preferably locked storage area away from heat or open flame. DISPOSAL - PRODUCT: Unused product may be disposed of by securely wrapping original container in several layers of newspaper and discard in trash.

CONTAINER: Replace cap and discard container in trash. Do not incinerate or puncture.

NOTICE: Buyer assumes all responsibility for safety and use not in accordance with directions.
