UNITED STATES ENVIRONMENTAL PROTECTION AGENCY

WASHINGTON, D.C. 20460

OFFICE OF
PREVENTION, PESTICIDES
AND TOXIC SUBSTANCES

Mr. Charles Levey
The Scotts Company d/b/a The Ortho Group
14111 Scottslawn Rd.
Marysville, OH 43041

MAR - 8 2002

Dear Mr. Levey:

Subject: Amendment - Comply with 2000 Diazinon MOA;
Delete indoor use;
Update First Aid per PR Notice 2001-1; and
Update CSF/replacement diazinon source
ORTHO Hi-Power Ant, Roach & Spider Spray Formula II
EPA Registration Number 239-2619
Your submission dated September 20, 2001
and your associated FAX of October 10, 2001

The amendment referred to above, submitted in connection with registration under FIFRA section 3(c)(7)(a), is acceptable provided that you:

1. Submit and/or cite all data or other material required for registration/reregistration of your product under FIFRA section 3(c)(5) or FIFRA section 4 when the Agency requires all registrants of similar products to submit such data.
2. Make the labeling changes listed below before you release the product for shipment bearing the amended labeling:
 - a. Please be sure the [Icon]: Outdoor Use Only appears on all variations of this label.
 - b. In the front panel claims list, revise the end of the claim beginning "Kills Ants, Roaches,..." to read "and other listed outdoor pests."
3. Submit three (3) copies of your final printed labeling before you release the product for shipment.
4. Comply with all applicable provisions of the 2000 Memorandum of Agreement Regarding Pesticide Products Containing Diazinon (i.e., the Diazinon MOA). In accordance with the Diazinon MOA you have requested the following revisions to the conditions of registration for this diazinon product with outdoor non-agricultural (i.e., home and garden) uses:

- a. You have requested under section 6(f) of FIFRA that this registration be voluntarily canceled on a date not later than December 31, 2004.
- b. You may not manufacture, label, or release for shipment this product after June 30, 2003.
- c. You may not sell or distribute this product after August 31, 2003.
- d. The registration for this product shall expire and be canceled on December 31, 2004.
- e. You will send to every person who directly purchases this product (i.e., to every seller) a notification of Product Recovery Program to be conducted by Syngenta and Makhteshim after December 31, 2004.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

The Basic Confidential Statement of Formula (CSF) dated September 21, 2001 which identifies a replacement diazinon source Manufacturing Use Product is acceptable and has been added to this product's registration file.

Sincerely,

George T. LaRocca
Product Manager 13

Shake Well Before Using

Ortho HI-POWER Ant, Roach & Spider Killer Formula II (ABN Hornet & Wasp Killer Formula II/Hornet & Wasp Killer₂) gives fast knockdown/fast control of (within seconds) and kill of stinging insects such as hornets, wasps, yellow jackets, Eastern Tent Caterpillars and bumble bees when sprayed directly on their nests outdoors. The fast delivery system provides a long-lasting foam that covers nests found in areas such as under eaves, near window frames, doorways, carports, picnic sites, or outdoor play areas.

Alternate Copy

FOR FAST CONTROL OF	WHERE TO USE
Nests of Insects Including: -Hornets/Wasps/Yellow Jackets -Bumble Bees/Eastern Tent Caterpillars	Outdoor Areas Including: -Under Eaves/Near Window Frames -Doorways/Carports/Picnic Sites -Outdoor Play Areas

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Reformulation or repackaging this product is prohibited.

READ ENTIRE LABEL. USE STRICTLY IN ACCORDANCE WITH LABEL PRECAUTIONARY STATEMENTS AND DIRECTIONS. FOR OUTDOOR HOME AND GARDEN USE ONLY.

How to Apply - Shake can before use. **Always hold container upright when spraying.** Holding the can sideways or upside down during application can result in incomplete emptying of the container.

- Hold at arm's length. (Jet spray will reach nests up to 20 feet above the ground).
- Spray directly on the nests soaking them. If nest has visible entrances spray first into openings & then soak remainder of nest. Wait at least 48 hours before removing treated

nests. If plant foliage is accidentally sprayed, rinse foliage with water. Avoid application to vinyl & plastic surfaces, & asphalt shingles as staining will occur.

When to Apply - Spray in early morning or late afternoon when most insects are inside nests & less active. Spray when it is not windy.

How It Works - Treated insects will fall to the ground & die after spraying. Insects that return to the nests after treatment will also be killed.

PLUS for use outdoors as an aid in reducing annoyance from

Flies & Mosquitoes: Spray outside surfaces where insects enter or congregate including: screens, doors, window frames, & around light fixtures on porches.

Ants, Brown Dog Ticks, Crickets, Roaches, Spiders, Fleas & Earwigs: Spray pest problem areas outdoors, but do not apply to lawns or other desirable plants. For Ants, spray ant hills & runways.

STORAGE AND DISPOSAL

STORAGE: Store in a secure, cool dry place away from heat or open flame.

DISPOSAL: PRODUCT - Unused product may be disposed of by securely wrapping original container in several layers of newspaper and discard in trash.

CONTAINER - Recycle this container where aerosol can recycling is available. If not yet available, replace cap and put in trash. Do not puncture or incinerate. *[Use in conjunction with steel recycling symbol]*

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS & DOMESTIC ANIMALS

WARNING: Causes skin irritation. Harmful if inhaled. Avoid breathing vapor or spray mist. Use only in well ventilated areas. Causes moderate eye irritation. Do not get on skin or clothing. Wash thoroughly with soap and water after handling. If clothing becomes wet from spray during use, remove clothing after spraying, wash affected body areas thoroughly with soap and water, and launder clothing before wearing again. Do not use on people or pets or where children may frequently contact treated surface. [Reentry icon]: Keep children and pets out of treated area until spray has dried.

FIRST AID: If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.

If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

Note to Physicians: Emergency Information - call 1-800- 225-2883. This product contains a light petroleum solvent and may present an aspiration problem. This is an

organophosphate insecticide. If symptoms of cholinesterase inhibition are present, atropine sulfate by injection is antidotal. 2-PAM is also antidotal and may be administered, but only in conjunction with atropine.

ENVIRONMENTAL HAZARDS: This pesticide is highly toxic to birds, fish, and other wildlife. Birds, especially waterfowl, feeding or drinking on treated areas may be killed. Keep out of lakes, streams, ponds, tidal marshes, and estuaries. Do not apply directly to water. Do not contaminate water by disposal. This product is highly toxic to bees exposed to direct treatment or residues on blooming plants where they feed. Do not allow this pesticide to drift to blooming plants if bees are visiting the treatment area. Do not apply this product to, or allow it to drift to, food crops or any desirable vegetation at any time.

PHYSICAL OR CHEMICAL HAZARDS: Contents under pressure. Do not use or store near heat or open flame. This is a water based product. Do not apply this product in conduits, motor housings, junction and switch boxes or other electrical equipment because of possible shock hazard. Do not puncture or incinerate container. Do not discard in trash compactor. Exposure to temperatures above 130° F may cause bursting.

NOTICE: Buyer assumes all risks of use, storage or handling of this product not in accordance with directions.
