(ICON) OUTDOOR USE ONLY

**ORTHO®
GRASS-B-GON® Grass Killer Formula II**

Kills: Bermudagrass, Annual Bluegrass, Crabgrass, Barnyardgrass, Foxtails, Bentgrass, Quackgrass, Johnsongrass, Sandbur, and many other annual and perennial grassy weeds.

For use in and around Ornamentals, Ground Covers, Evergreens, Shrubs, Shade Trees, and non-bearing Tree Crops and Vines.

Guaranteed to kill weedy grasses, Roots and Tops, without injuring ornamental plants when used as directed.

Kills weedy grasses without injuring ornamental plants when used as directed.

- Ready-to-Use. No mixing
- Water Based {Icon of water drop}

Active Ingredient

Fluazifop-P-butyl: Butyl(R)-2-[4-[[5-trifluoromethyl-2-pyridinyl]oxy]-phenoxy]propanoate	0.48%
Inert Ingredients	99.52%

KEEP OUT OF REACH OF CHILDREN

CAUTION

See back panel booklet for additional precautionary statements

NET CONTENTS 24 FL OZ (1 PT 8 FL OZ) 709 mL

[The following copy is for fix-a-form booklet type labels which consumers can open, read, and reseal easily at retail as well as at time of use]

GRASS-B-GON® is a ready-to-use selective systemic grass killer that can be used to kill existing weedy grasses in and around ground covers, plant beds, landscapes, and individual shrubs and trees. Treatment is rainproof one hour after application.

Peel open for use directions and further information

CAUTION: ~~Causes eye irritation. Avoid contact with eyes or clothing. Harmful if inhaled or absorbed through skin. Avoid breathing spray mist. Avoid contact with eyes and skin.~~ SEE ADDITIONAL PRECAUTIONARY STATEMENTS AND DIRECTIONS INSIDE BOOKLET.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

READ ENTIRE LABEL. USE STRICTLY IN ACCORDANCE WITH LABEL PRECAUTIONARY STATEMENTS AND DIRECTIONS.

GRASS-B-GON Grass Killer Formula II is a ready-to-use selective systemic grass killer that can be used to kill existing weedy grasses in and around ground covers, plant beds, landscapes, and individual shrubs and trees. Treatment is rain proof one hour after application.

WEEDY GRASSES CONTROLLED:

Controls most annual and hard-to-kill perennial grasses including the examples listed below in one (or two) applications(s). Younger, actively growing seedling weeds are more easily killed than older, mature, well-established grassy weeds.

ANNUALS

- | | |
|---------------------------------|------------|
| Annual Bluegrass
(Poa annua) | Foxtails |
| Barnyardgrass | Goosegrass |
| Crabgrass | Panicum |
| Downy Brome | Sandbur |

PERENNIALS

- | | | |
|----------------|--------------------|--------------------|
| Bahiagrass | Johnsongrass | Quackgrass |
| Bentgrass | Kentucky Bluegrass | St. Augustinegrass |
| Bermudagrass | Nimblewill | Tall Fescue |
| Centipedegrass | Orchardgrass | |
| Dallisgrass | Perennial Ryegrass | |

Note: This product does not control broadleaf weeds or sedges (nutgrass). Select an appropriate KLEERAWAY® OR WEED-B-GON® product.

WHEN TO APPLY:

Apply anytime weeds are actively growing. Warm, sunny weather will accelerate systemic movement from leaves and stems down to the roots to give complete kill. Do not mow or cut off tops of weeds before spraying. Do not apply if rainfall is expected within one hour. Growth of treated grasses stops soon after application. They turn yellow and die within one to four weeks depending on the grass species and weather conditions. Cool weather slows activity.

HOW TO USE:

Hold sprayer close to weed (1 to 2 ft) with spray nozzle aimed at weed and away from face and just wet foliage. Make two applications 7 days apart for tough to control weedy grasses such as established Bermudagrass, Dallisgrass, Quackgrass, St. Augustinegrass, etc. Repeat if necessary. Spray when air is calm to avoid drift to non-labeled plants. If an unlisted plant is accidentally contacted, wash off immediately with water. Unless the ornamental plant is listed in the table under those plants which you can spray over the top, always direct the spray to the weeds to avoid possible injury to the foliage.

GROUND COVERS, FLOWERS, ORNAMENTALS, SHRUBS, AND SHADE TREES:

To kill undesirable weedy grasses growing around the trunk or up through the foliage of the following plants, spray directly on the weeds, avoiding the desirable plant foliage as much as possible. The following plants are generally tolerant (will not be injured) although temporary discoloration of the foliage may occur occasionally on some of the listed plants if contacted by spray.

Ground Covers & Flowers

Ajuga	Coleus	Hypericum	Pachysandra
Algerian Ivy	Dichondra	Iris	Periwinkle (Vinca Minor)
Baltic Ivy	English Ivy	Kinnikinnick	Petunia
Cinquefoil	Gazania	Lilyturf	Rose
(Potentilla)	Geranium	Marigold	Zinnia

Low Growing Shrubs & Ornamentals

Azalea	Euonymus	Pittosporum	Star Jasmine
Barberry	Forsythia	Privet (Ligustrum)	Viburnum
Boxwood	Gardenia	Pyracantha	Yew (Taxus)
Cotoneaster	Juniper*	Rhododendron	
Crape Myrtle	Photinia	Spirea	

*Juniper: Spray weedy grasses around and beneath junipers. Do not allow spray to contact foliage (needles), as browning may occur in some varieties.

Tall Shrubs & Shade Trees

Arborvitae	Crape Myrtle	Hemlock	Oak	Redbud
Ash	Dogwood	Holly	Peach (flowering)	Spruce
Beech	Douglas Fir	Horsechestnut	Pear (flowering)	Sweet Gum
Birch	Elm	Magnolia	Pine	Tulip Tree
Cherry (flowering)	Eucalyptus	Maple	Plum (flowering)	Willow
Crab Apple	Fir	Mountain Ash	Quince (flowering)	

NON-BEARING TREE CROPS AND VINES: (Plants that will not bear edible fruit for one year.) Direct spray around the base but away from foliage of desirable plants to contact weedy grasses. Should accidental contact be made to foliage, immediately wash off with water.

Almonds	Figs	Mangoes	Pistachios
Apples	Filberts	Nectarines	Plums
Apricots	Grapes	Olives	Pomegranates
Avocados	Grapefruit	Oranges	Prunes
Berries	Lemons	Peaches	Tangelos
Cherries	Limes	Pears	Tangerines
Dates	Macadamia	Pecans	Walnuts

STORAGE AND DISPOSAL

STORAGE: Keep from freezing. Keep pesticide in original container. Do not put concentrate or dilute into food or drink containers. Avoid contamination of feed and foodstuffs. Store in a cool, dry place, preferably in a locked storage area.

DISPOSAL: **PRODUCT**—Partially filled bottle may be disposed of by securely wrapping original container in several layers of newspaper and discard in trash.

CONTAINER—Do not reuse empty bottle. Rinse thoroughly before discarding in trash.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS & DOMESTIC ANIMALS

CAUTION: ~~...~~ Harmful if inhaled or absorbed through skin. Avoid breathing spray mist. Avoid contact with eyes and skin. Wear long-sleeved shirt, long pants, and PVC gloves when spraying. ~~...~~ Wash thoroughly after handling. **Note to Physicians: Emergency Information-call 1-800-454-2333.**

FIRST AID: ~~...~~ **In case of eye contact, wash eyes immediately with fresh water for at least 15 minutes. Get medical attention if irritation persists. For skin contact, wash skin with plenty of soap and water. If inhaled, remove person from exposure area.**

ENVIRONMENTAL HAZARDS

Do not apply directly to water. Groundwater Advisory: Do not apply around wells or where the water table (groundwater) is close to the surface or where the soils are very permeable, such as sandy loam.

NOTICE: Buyer assumes all responsibility for safety and use not in accordance with directions.
