U.S. ENVIRONMENTAL PROTECTION AGENCY

Office of Pesticide Programs
Registration Division (7505P)
Ariel Rios Building
1200 Pennsylvania Ave., NW
Washington, D.C. 20460

EPA Reg. Number:

Date of Issuance:

239-2620

AUG 6 2009

Term of Issuance:

Name of Pesticide Product:

**Grass-G-Gon Grass Killer
Formula II**

NOTICE OF PESTICIDE:

Registration
 Reregistration
(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

**The Scotts Company
d/b/a The Ortho Group
14111 Scottslawn Road
Marysville, OH 43041**

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act. Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is reregistered in accordance with FIFRA section 4(g)(2)(C) provided you:

1. Submit and/or cite all data required for registration/reregistration review of your product when the Agency requires all registrants of similar products to submit data.
2. Per the acute toxicity review, the Agency recommends that "shoes and socks" be added to the PPE statements appearing in the Hazards to Humans and Domestic Animals statements.
3. Per the product chemistry review, the storage and disposal statements must be revised per PR Notice 2007-4.
4. Clarify which product name is the correct one, on record with the Agency is Grass-G-Gon Grass Killer Formula II and the name the draft label is Ortho Grass-B-Gon Grass Killer Formula II. Please let the Agency know which name is the official name, so there will not be any confusion.

registered under EPA Reg. No.

239-2620

ORTHO Grass-B-Gon Grass Killer Formula II
EPA Reg. No. 239-2620

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

GRASS-B-GON Grass Killer Formula II is a ready-to-use selective systemic grass killer that can be used to kill existing weedy grasses in and around ground covers, plant beds, landscapes, and individual shrubs and trees. Treatment is rain proof one hour after application. [or Treatment is rain fast one hour after application.]

Product Facts	
Kills Grasses	Controls most grasses including Annual bluegrass, bentgrass, crabgrass, goosegrass, Kentucky bluegrass, quackgrass, perennial ryegrass, tall fescue, and other grasses. See inside booklet for other grasses controlled. Note: The product does not control broadleaf weeds or sedges. Select an appropriate Ortho Weed-B-Gon® product.
Where To Use	Use in and around ground covers, plants, beds, landscapes, shrubs and trees*

*Won't harm ornamental plants when used as directed.

WEEDY GRASSES CONTROLLED:

Controls most annual and hard-to-kill perennial grasses including the examples listed below in one (or two) applications(s). Younger, actively growing seedling weeds are more easily killed than older, mature, well-established grassy weeds.

ANNUALS

- Annual Bluegrass (Poa annua)
- Barnyardgrass
- Crabgrass
- Downy Brome
- Foxtails
- Goosegrass
- Panicum
- Sandbur

PERENNIALS

- Bahiagrass
- Bentgrass
- Bermudagrass
- Orchardgrass
- Perennial Ryegrass
- Johnsongrass
- Kentucky Bluegrass
- Nimblewill
- Tall Fescue
- Quackgrass
- St. Augustinegrass
- Centipedegrass
- Dallisgrass

Note: This product does not control broadleaf weeds or sedges (nutgrass). Select an appropriate KLEERAWAY™ OR WEED-B-GON® product.

WHEN TO APPLY: Apply anytime weeds are actively growing. Warm, sunny weather

ORTHO Grass-B-Gon Grass Killer Formula II
EPA Reg. No. 239-2620

will accelerate systemic movement from leaves and stems down to the roots to give complete kill. Do not mow or cut off tops of weeds before spraying. Do not apply if rainfall is expected within one hour. Growth of treated grasses stops soon after application. They turn yellow and die within one to four weeks depending on the grass species and weather conditions. Cool weather slows activity.

HOW TO USE: Hold sprayer close to weed (1 to 2 ft) with spray nozzle aimed at weed and away from face and just wet foliage. Make two application 7 days apart for tough to control weedy grasses such as established Bermudagrass, Dallisgrass, Quackgrass, St. Augustinegrass, etc. Repeat if necessary. Spray when air is calm to avoid drift to non-labeled plants. If an unlisted plant is accidentally contacted, wash off immediately with water. Unless the ornamental plant is listed in the table under those plants which you can spray over the top, always direct the spray to the weeds to avoid possible injury to the foliage.

GROUND COVERS, FLOWERS, ORNAMENTALS, SHRUBS, AND SHADE TREES:

To kill undesirable weedy grasses growing around the trunk or up through the foliage of the following plants, spray directly on the weeds, avoiding the desirable plant foliage as much as possible. The following plants are generally tolerant (will not be injured) although temporary discoloration of the foliage may occur occasionally on some of the listed plants if contacted by spray.

Ground Covers & Flowers

Ajuga	Coleus	Hypericum	Pachysandra
Algerian Ivy	Dichondra	Iris	Periwinkle (Vinca Minor)
Baltic Ivy	English Ivy	Kinnikinnick	Petunia
Cinquefoil	Gazania	Lilyturf	Rose
(Potentilla) Geranium	Marigold	Zinnia	

Low Growing Shrubs & Ornamentals

Azalea	Euonymus	Pittosporum	Star Jasmine
Barberry	Forsythia	Privet (Ligustrum)	Viburnum
Boxwood	Gardenia	Pyracantha	Yew (Taxus)
Cotoneaster	Juniper*	Rhododendron	
Crape Myrtle	Photinia	Spirea	

*Juniper: Spray weedy grasses around and beneath junipers. Do not allow spray to contact foliage (needles), as browning may occur in some varieties.

Tall Shrubs & Shade Trees

Arborvitae, Crape Myrtle, Hemlock, Oak, Redbud, Ash, Dogwood, Holly, Peach (flowering), Spruce, Beech, Douglas Fir, Horsechestnut, Pear (flowering), Sweet Gum, Birch, Elm, Magnolia, Pine, Tulip Tree, Cherry (flowering), Eucalyptus, Maple, Plum (flowering), Willow, Crab Apple, Fir, Mountain Ash, Quince (flowering)

NON-BEARING TREE CROPS AND VINES: (Plants that will not bear edible fruit for one year.) Direct spray around the base but away from foliage of desirable plants to contact weedy grasses. Should accidental contact be made to foliage, immediately wash off with water.

Almonds	Figs	Mangoes	Pistachios
Apples	Filberts	Nectarines	Plums
Apricots	Grapes	Olives	Pomegranates
Avocados	Grapefruit	Oranges	Prunes

6087

EPA Reg. No. 239-2620

Berries	Lemons	Peaches	Tangelos
Cherries	Limes	Pears	Tangerines
Dates	Macadamia	Pecans	Walnuts

STORAGE AND DISPOSAL

STORAGE: Keep from freezing. Keep pesticide in original container. Do not put concentrate or dilute into food or drink containers. Avoid contamination of feed and foodstuffs. Store in a cool, dry place, preferable in a locked storage area.

DISPOSAL: **If empty:** Non-refillable. Do not reuse or refill this container. Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS & DOMESTIC ANIMALS

CAUTION: Causes eye irritation. Avoid contact with eyes or clothing. Wear long-sleeved shirt, long pants, and PVC gloves when spraying. Wash thoroughly with soap and water after handling.

Note to Physicians: Emergency Information-call 1-800-225-2883.

FIRST AID: If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

ENVIRONMENTAL HAZARDS

Do not apply directly to water. Groundwater Advisory: Do not apply around wells or where the water table (groundwater) is close to the surface or where the soils are very permeable, such as sandy loam.

NOTICE-Buyer assumes all responsibility for safety and use not in accordance with directions.

The Ortho Guarantee

If for any reason you are not satisfied with this product, mail us proof of purchase to obtain a full refund of your purchase price.

Environmental Stewardship Statement:

Ortho & Your Environment – Your yard is a place for family and pets to enjoy. That's why Ortho products are designed with care to provide effective solutions to weed problems. For best results and a healthy environment, please follow instructions for appropriate usage, storage and disposal.
