| Other Ingredients..... | 50% |

Keep out of reach of children

CAUTION

See side/back panel for additional precautionary statements

- NET WT. 6 oz./170 g
- 12 oz./340 g
- 17 oz./482 g

[Product Name] Gives quick knockdown and kill[s] of fire ant workers within hours. Colonies are destroyed within 3 to 7 days. Fire ant workers track the powder deep into the mound where it also kills the queens, destroying the mound.

**DIRECTIONS FOR USE:** It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**IMPORTANT:** To be used only as a mound treatment for home lawns and around ornamental plants (including flowers, trees and shrubs).

**[DIRECTIONS TO OPEN CAP]**

**OPTION 1 (For CUTTING FIN TYPE CAP):**

Do NOT Shake Package. Squeeze cap sides while unscrewing. Squeeze hard. To easily open inner seal: Aiming away from body, Invert cap and press down on seal to puncture. Rotate cap a ¼ quarter turn while pressing down to cut open seal. Remove inner seal.

**OPTION 2 (For DOME TYPE CAP):**

Do Not Shake Package. Press down on dome and hold to puncture inner seal. Squeeze cap sides while unscrewing. Squeeze hard. Remove and dispose of entire seal.

**OPTION 3 (FOR TEAR SEAL TYPE CAP):**

Do Not Shake Package. Squeeze cap sides while unscrewing. Squeeze hard. [Inner seal will tear upon opening, and is ready for use!!]

---

**OPTIONAL TEXT 2**

**FIRE ANTS and Red Harvester Ants** in home lawns and around ornamental plantings:

Sprinkle 3 teaspoonfuls (1 tablespoon) dry powder over each mound. **DO NOT WATER IN.** Treat new mounds as they appear. For best results, apply when ants are active. Applications during prolonged hot or dry conditions may be less effective. Try not to disturb mounds while treating. Do not apply during a heavy dew or just before a rain. Repeat treatment if ants reappear.

**END OF OPTION TEXT 2**

---

{Reentry icon}: Do Not allow children or pets to come into contact with treated surfaces until dusts have settled.

**STORAGE AND DISPOSAL [optional garbage can icon]**

**STORAGE:** Keep pesticide in original container. Store in a cool, dry place, preferably in a locked storage area.

**DISPOSAL:** **If empty:** Do not reuse this container. Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.

**PRECAUTIONARY STATEMENTS [optional exclamation icon]**

**HAZARDS TO HUMANS & DOMESTIC ANIMALS**

**CAUTION:** Harmful if swallowed. Causes moderate eye irritation. Avoid contact with eyes, skin and clothing. Avoid breathing dust. When handling this product, wear long-sleeved shirt and long pants, shoes plus socks and chemical resistant gloves. Wash the outside of the gloves with soap and water before removing.-

**FIRST AID:**

|               |   |
|---------------|---|
| If swallowed: | Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. |
| If in eyes:   | Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.   |

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

**Note to Physicians:** Emergency Information - call 1-800-225-2883. Acephate is a cholinesterase inhibitor. Atropine is antidotal. 2-PAM is also antidotal and may be used in conjunction with atropine but should not be used alone.

**ENVIRONMENTAL HAZARDS:** This pesticide is toxic to birds. Do not apply directly to water. Do not contaminate water by cleaning of equipment or disposal of wastes. Cover or soil-incorporate spills. This product is highly toxic to bees exposed to direct treatment or residues on blooming plants. Do not apply this product or allow it to drift to blooming plants if bees are visiting treatment area.

**NOTICE:** Buyer assumes all risks of use, storage or handling of this product not in accordance with directions.

Note: This package is sold by weight. Contents may have settled during shipment.
