with **COMMENTS**
In EPA Letter Dated
JUN 16 1997

NOT FOR USE IN CALIFORNIA

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS & DOMESTIC ANIMALS**

**Under the Federal Insecticide,
Fungicide, and Rodenticide Act
as amended, for the pesticide
registered under EPA Reg. No.
239-2657**

Keep Out of the Reach of Children

WARNING: Causes substantial but temporary eye injury. Do not get in eyes or on clothing. Wear goggles or faceshield. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse.

[Reentry icon] People & pets may enter treated areas after spray has dried.

FIRST AID: IF IN EYES: Hold eyelids open and flush with a steady, gentle stream of water for 15 minutes. Get medical attention. **Note to Physicians:** Emergency Information-call 1-800-454-2333.

ENVIRONMENTAL HAZARDS: Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not apply where runoff is likely to occur. Do not contaminate water by cleaning of equipment or disposal of equipment washwaters.

Personal Protective Equipment

Applicators and other handlers must wear goggles or face shield, long-sleeved shirt and long pants, shoes and socks.

Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washables, use detergent and hot water. Keep and wash PPE separately from other laundry.

User Safety Recommendations:

Users should wash hands before eating, drinking, chewing gum, using tobacco or using the toilet.

ENVIRONMENTAL HAZARDS

For terrestrial uses, do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not apply where runoff is likely to occur. Do not apply where weather conditions favor drift from areas treated. Do not contaminate water when disposing of equipment washwaters.

Concentrate

- Kill weeds / Kills Weeds & Their Germinating Seeds
- Prevents Plant Growth For Up To One Year
- Keep Treated Ground Clear of Weeds for Up to One Year
- Keep Treated Ground / Area Free of Weeds for Up to One Year

Use on driveways, parking lots, playgrounds, brick walks, gravel paths, patios, along fences, curbs & cracks in sidewalks, and around industrial buildings

Untreated, Treated 0-12 Months (Accompanied by illustration)

Covers 300 sq ft/gal [5 gal size treats 1500 sq ft, 30 gal size treats 9000 sq ft]

4 of 12

Covers 600 sq ft [2 gal size] [55 gal size treats 16500 sq ft]

Active Ingredients

Glyphosate, in the form of its isopropylamine salt.....	5.00%

Inert Ingredients.....	94.92%

KEEP OUT OF REACH OF CHILDREN

WARNING

See back panel booklet for additional precautionary statements.

NET CONTENTS 5 gal / 18.9 L
NET CONTENTS 30 gal / 113.4 L
NET CONTENTS 55 gal / 208 L

GroundClear™ is designed to kill vegetation and prevent plant growth for up to a year on non-crop areas. Use around industrial sites including storage yards, parking lots and other similar sites to maintain a weed free appearance. Apply only where no plant growth is desired such as: driveways, brick walks, gravel pathways, patios, parking lots, along fences, curbs and gutters.

DO NOT USE ON TURF, FOOD CROPS OR OVER TREE OR SHRUB ROOTS.

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

[Stop sign icon]READ ENTIRE LABEL BEFORE USE

or

FOR SAFE AND EFFECTIVE USE OF THIS PRODUCT, FOLLOW ALL LABEL DIRECTIONS.

Do not apply this product through any type of irrigation system.

Amount To Use		
APPLICATOR	PRODUCT TO MEASURE/ DILUTION RATE	AREA TO TREAT
Fiberglass, stainless steel, plastic or plastic lined backpack, knapsack or hand held sprayer. *	Add 1 gallon of product to 4 gallons of water	300 sq ft

*Spray to wet using a large nozzle that prevents drift and delivers a large spray volume. Apply evenly over the soil surface including existing weeds.

Where to Use

Use [GroundClear] where new growth is not wanted for at least a year, such as on driveways, parking lots, brick walks, gravel pathways, patios, along fences, curbs and cracks in sidewalks. **DO NOT** use on lawns, on or around fruits, vegetables, flowers, or other plants, or over the root zone of shrubs or trees. (See next page for details.)

To kill weeds in areas where you want other plants to grow, use a product such as Roundup. Follow all directions on product label.

For Best Results

1. Water the day before application if soil is dry.
2. Apply to bare ground or when weed growth is just starting. [If weeds are taller than 6 inches, cut back and apply to regrowth.]
3. Apply when daytime temperature is at least 60° F.
4. Calculate square feet of area to be treated by multiplying length times width. (walking man icon).
5. Apply evenly following the listed coverage rate. Allow product to soak into ground, avoiding surface runoff to nearby desirable plants.
6. After application, withhold watering for 2-3 days, then water.
7. To prevent the growth of weeds under asphalt driveways, tennis courts, playgrounds, and parking lots, apply before laying surfacing materials.
8. Rain within 6 hours of application may reduce control of existing weeds, but will not reduce control of germinating seeds. In areas of heavy rainfall, applications every 6 to 8 months may be necessary.

How It Works

GroundClear™ has two-way action. One ingredient kills weeds by contact with foliage. The other ingredient puts an invisible barrier in the soil that prevents regrowth from sprouting seeds. Weeds begin to yellow or brown within 1-3 days with complete kill in 1-2 weeks.

IMPORTANT:

Apply only when air is calm to avoid drift to desirable plants.

Picture of tree:

To avoid damage to desirable plants do not apply over their root systems. For shrubs and trees do not apply closer than twice the distance from the trunk to the drip line (area shaded in color) as roots may be within this area.

Picture of Slope:

Do not apply to slopes (areas shaded in color) as movement on soil surface may damage desirable plants down the slope.

Picture of Fence:

Do not apply next to a fence if desirable plants are growing on the other side or if future plantings are planned.

Do not use before planting lawns, fruits, vegetables, or other ornamental plants because GroundClear™ remains active in soil for up to one year. In heavy clay soil, weed control may exceed one year.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

STORAGE: Keep pesticide in original container. Do not put concentrate or dilute into food or drink containers. Avoid contamination of feed and foodstuffs. Store in a cool, dry place, preferably in a locked storage area. Do not store diluted spray.

DISPOSAL: PRODUCT- Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste Representative at the nearest EPA Regional Office for guidance.

CONTAINER- [Metal container] Triple rinse container or equivalent. Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill or by other procedures approved by state

7712

or local authorities.

[Plastic Containers] Triple rinse container or equivalent. Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by state and local authorities by burning. If burned, stay out of smoke.

NOTICE: Buyer assumes all responsibility for safety and use not in accordance with directions.

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

[Stop sign icon] READ ENTIRE LABEL BEFORE USE

or

FOR SAFE AND EFFECTIVE USE OF THIS PRODUCT, FOLLOW ALL LABEL DIRECTIONS.

Amount to Use		
APPLICATOR	PRODUCT TO MEASURE/ DILUTION RATE	AREA TO TREAT
Always apply with a SPRINKLING CAN to drench weeds and soil. Use of a hose-end or tank sprayer reduces weed control due to incorrect dilution or delivery of GroundClear™.	Add 1 quart to 1 gallon of water	75 sq ft

Where to Use

Use [GroundClear] only where plant growth is not wanted for at least a year, such as on driveways, parking areas, brick walks, gravel pathways, patios, along fences, curbs and cracks in sidewalks. **IMPORTANT:** Do not use on lawns, on or around fruits, vegetables, flowers, or other plants, or over the root zone of shrubs or trees. (See next page for details.)

To kill weeds in areas where you want other plants to grow, use Brush-B-Gon, Roundup or Kleeraway. Follow all directions on product labels.

For Best Results

1. Water the day before application if soil is dry.
2. Apply to bare ground or when weed growth is just starting.
3. Apply when daytime temperature is at least 60° F.
4. Measure area to be treated. Calculate square feet by multiplying length times width. (walking man icon).
5. Use sprinkling can to apply. Allow product to soak into ground, avoiding runoff to nearby desirable plants.
6. After application, withhold watering for 2-3 days, then water.
7. To prevent the growth of weeds under asphalt driveways, tennis courts, play areas and parking areas, apply before laying surfacing materials.
8. Rain within 6 hours of application may reduce control of existing weeds, but will not reduce control of germinating seeds. In areas of heavy rainfall, applications every 6 to 8 months may be necessary.

How It Works

GroundClear™ has two-way action. One ingredient kills weeds by contact with foliage. The other ingredient puts an invisible barrier in the soil that prevents regrowth from sprouting seeds. Weeds begin to yellow or brown within 1-3 days with complete kill in 1-2 weeks.

IMPORTANT:

Picture of tree:
