DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

HOW TO APPLY

- Measure area to be treated. Calculate square feet by multiplying length times width.
- Pour entire contents (1 qt) into sprinkling can. Add 1 gal of water.
- Apply evenly over 75 sq ft.
- Allow to soak into ground, avoiding runoff to nearby desirable plants.

WHEN TO WATER

- Water before application if soil is dry.
- Water 2 to 3 days after application to move the product into the soil.

WHEN TO APPLY

- Apply to bare ground or when weeds are present. If weeds are taller than 6 inches, cut down and remove before application.
- For best results apply when daytime temperature is at least 60°F.
- To prevent the growth of weeds under asphalt driveways, tennis courts, play areas and parking areas, apply before laying surfacing materials.
- If the area is not evenly covered, there may be some germination of weeds. These can easily be spot treated with Roundup®.

IMPORTANT

Use only where no plant growth is wanted for at least a year, such as: on driveways, parking areas, brick walks, gravel paths, patios; along fences and curbs; and cracks in sidewalks. In heavy clay soil, plant growth may be prevented for more than one year. In areas of heavy rainfall, applications every 6 to 8 months may be necessary.

Do not use on or around fruits, vegetables, flowers, or other desirable plants; or on lawns.

To avoid damage to desirable plants do not apply over their root systems. For shrubs and trees do not apply closer than twice the distance from the trunk to the drip line (the area shaded in color) as roots may be within this area.

Do not apply to slopes (area shaded in green) as movement on soil surface may damage desirable plants down the slope.

Do not apply next to a fence if desirable plants are growing on the other side or if future planting is intended.

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS & DOMESTIC ANIMALS

WARNING: Causes substantial but temporary eye injury. Do not get in eyes or on clothing. Wear safety glasses. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse.

 People & pets may enter treated areas after spray has dried.

FIRST AID: IF IN EYES: Hold eyelids open and flush with a steady, gentle stream of water for 15 minutes. Get medical attention. IF SWALLOWED: Call a physician or Poison Control Center. Do not induce vomiting. Drink promptly a large quantity of milk, egg whites, gelatin solution, or if these are not available, drink large quantities of water. **Note to Physicians:** Emergency Information call 1-800-225-2883. Probable mucosal damage may contraindicate the use of gastric lavage.

ENVIRONMENTAL HAZARDS: Do not apply directly to any body of water. Do not contaminate water when disposing of equipment washwaters.

NOTICE: Buyer assumes all risks of use, storage or handling of this product not in accordance with directions.
