DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

How to Spray

Shake well before use. Adjust spray nozzle to deliver a stream for cracks and crevices or a coarse spray for other areas. Hold sprayer 12 inches from the insect or surface being sprayed. Use only for spot treatment. **[Do not spray into the air]. For localized application only. Do not apply as a space spray [12/5/97].** Spray until slightly wet without soaking. Use only for spot treatment. Do not allow this product to contact food, foodstuffs, food preparation areas or utensils and water supplies.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS & DOMESTIC ANIMALS

CAUTION: ~~Harmful if swallowed, inhaled or absorbed through skin. Causes minimal eye irritation. Avoid breathing vapor or spray mist. Causes moderate eye irritation.~~ Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling. [12/5/97] [re-entry icon] People and pets may enter treated areas after spray has dried.

FIRST AID: ~~IF SWALLOWED: Call a physician or Poison Control Center. Drink 1 or 2 glasses of water and induce vomiting by touching back of throat with finger, or if available by administering syrup of Ipecac. If person is unconscious, do not give anything by mouth and do not induce vomiting. IF INHALED: Remove victim to fresh air. If not breathing give artificial respiration, preferably mouth-to-mouth. Get medical attention. IF ON SKIN: Wash with plenty of soap and water. Get~~

5/5

~~medical attention if irritation occurs and persists.~~ IF IN EYES: Flush eyes with plenty of water. Call a physician if irritation ~~occurs and persists.~~ **Note to Physician:** Emergency Information call 1-800-225-2883 454-2333. ~~This product is a pyrethroid. If large amounts have been ingested, the stomach and intestine should be evacuated. Treatment is symptomatic and supportive. Digestible fats, oils, or alcohol may increase absorption and so should be avoided.~~ **[12/5/97]**

ENVIRONMENTAL HAZARDS: This pesticide is extremely toxic to fish and aquatic invertebrates. Do not apply directly to water. Drift and run-off from treated areas may be hazardous to aquatic organisms in neighboring areas. Do not contaminate water when disposing of equipment washwaters or rinsate. Care should be used when spraying to avoid fish and reptile pets in/around ornamental ponds.

This product is highly toxic to bees exposed to direct treatment or residues on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops if bees are visiting the treatment area.

PHYSICAL OR CHEMICAL HAZARDS: Do not apply this product in or on electrical equipment due to the possibility of shock hazard.

NOTICE: Buyer assumes all responsibility for safety and use not in accordance with directions.
