Subject: Application for Pesticide Notification (PRN 98-10) – Minor Label Changes  
Ortho Weed B Gon Lawn Weed Killer<sub>3</sub>  
EPA Reg. No. 239-2665  
Your Application Dated March 15, 2010

Dear Ms. Hollingsworth-Cox:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 dated March 15, 2010 for the above mentioned product. The Registration Division (RD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the action requested fall within the scope of PRN 98-10. The label submitted with the application has been stamped "Notification" and will be placed in our records.

If you have any questions, please call me directly at 703-305-6249.

Sincerely,

  
Linda Arrington  
Notifications & Minor Formulations Team Leader  
Registration Division (7505P)  
Office of Pesticide Programs

Please read instructions on reverse before completing form.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Application Restrictions: Do not apply this product in a way that will contact any person or pet, either directly or through drift.

**[ICON]**

Keep people and pets out of the area during application.

***Bold, italicized text is information for the reader and is not part of the label.***

[Bracketed information is optional text]. Text separated by / denotes and/or options.

Underline text is new. ~~Strike-through text is being deleted.~~

Do not allow people or pets to enter the treated area until sprays have dried.

Do not use this product on or near desirable plants, including within the dripline of the roots of desirable trees and shrubs, since injury may result.

Do not apply as a fine mist because of potential injury to desirable plants.

Do not apply directly to or near water, storm drains, gutters, sewers, or drainage ditches. Do not apply within 25 feet of rivers, fish ponds, lakes, streams, reservoirs, marshes, estuaries, bays and oceans. Do not apply when windy. To prevent product run-off, do not over water the treated areas(s) to the point of runoff or apply when raining or when rain is expected that day. Rinse applicator over lawn or garden area only.

The maximum application rate is 5 fl oz of product per 1,000 sq ft per application (0.37 lb 2,4-D acid equivalent per acre per application). The maximum number of broadcast applications is limited to 2 per year. The maximum yearly rate is 10 fl oz of product per 1,000 sq ft. (0.74 lb 2,4-D acid equivalent per acre).

**Personal Hygiene Statements:** After using this product, rinse gloves before removing, remove clothing and launder separately before reuse, and promptly and thoroughly wash hands and exposed skin with soap and water. Remove saturated clothing as soon as possible and shower.

#### [MIXING] INSTRUCTIONS

**FOR SENSITIVE LAWNS:** Bentgrass, Buffalograss, Centipedegrass & St. Augustinegrass (EXCEPT Floratam\*) (Do not use on Floratam\*)

**[Amount to Use:]** 1 fl oz (2 Tbs) per gallon of water for each 400 sq ft

- [icon] When using **Ortho® Dial 'n Spray®**: Set dial to 1 oz. Add 2½ fl oz (5 Tbs) to sprayer jar. **DO NOT ADD WATER.** Spray evenly over 1,000 sq ft until jar is empty.

\* Floratam is a variety of St. Augustinegrass widely grown in Florida.

**FOR HARDY LAWNS:** Bahiagrass, Bermudagrass, Fescues, Kentucky Bluegrass, Perennial Ryegrass & Zoysiagrass

**[Amount to Use:]** 2 fl oz (4 Tbs) per gallon of water for each 400 sq ft

- [icon] When using **Ortho® Dial 'n Spray®**: Set dial to 2 oz. Add 5 fl oz (10 Tbs) to sprayer jar. **DO NOT ADD WATER.** Spray evenly over 1,000 sq ft until jar is empty.

NOTE:

***(FOR 5 fl oz and 7 fl oz bottles used to refill 1 and 1.33 gallon EH-1398 Herbicide ready-to-use containers only)***

**[Refill Directions]**

To refill only an empty 1.33 GAL. [EH-1398 Herbicide Container]  
Amount to Use: Add 7 fl oz [5 fl oz] of this product to the empty 1.33 gallon container.  
Slowly fill with 164 fl oz [123 fl oz] of clean tap water.

To refill only an empty 1 GAL. [EH-1398 Herbicide Container]  
Amount to Use: Add 5 fl oz of this product to the empty 1 gallon container. Slowly fill with 123 fl oz of clean tap water.

***(End of OPTIONAL MIXING INSTRUCTIONS – FOR refill bottles)***

[1 Tablespoon (Tbs) = 3 teaspoons (tsp) 1 fl oz = 2 Tbs]

**[For Best Results]**

- [To treat entire lawn (broadcast application): [ Use a tank or [Ortho® Dial-N-Spray®] hose-end sprayer.] Measure lawn. Calculate square feet by multiplying length times width. Spray evenly over measured area.]
- [To spot treat individual weeds in lawns: Use a tank sprayer.]
- [Do not mow for 1 to 2 days before or after application.]
- If soil is dry, water 1 to 2 days before application.
- Rain or watering 2 hours after application will not wash away effectiveness.
- Spray when weeds are small and actively growing.
- [Spray when] temperature is below 90°F.
- [Spray when] air is calm to avoid spray drift onto landscape plants as contact with foliage may injure flowers, shrubs, trees and other desirable plants.
- Allow at least a 30 day interval between applications of this product.
- Newly seeded lawn can be sprayed after first mowing.
- Bare spots can be planted with grass seed 1 week after application.

### IMPORTANT

If an ornamental shrub or tree is in the lawn, keep spray off foliage and exposed roots. St. Augustinegrass, Centipedegrass or Bermudagrass lawns may have delayed green-up if this product is used when lawns are emerging from dormancy or when temperature drops below 45° F within 72 hours of application. Do not spray Carpetgrass, Dichondra or desirable clovers. Do not use on or around fruits, vegetables or flowers. **Do not use on Floratam, a variety of St. Augustinegrass.** The maximum number of broadcast applications per treatment site is 2 per year. Do not exceed specified dosages for any area.

### [HOW IT WORKS]

[Because broadleaf weeds and grasses grow differently, [Ortho Weed-B-Gon® Max] [insert appropriate brand name] kills broadleaf weeds without harming lawns. [Insert appropriate brand name] [Ortho Weed-B-Gon Max] singles out weeds, enters through leaves and moves inside the weed to the roots.]

## **STORAGE AND DISPOSAL** [icon]

**PESTICIDE STORAGE:** Store in original container in a locked storage area inaccessible to children or pets. Keep from freezing.

**PESTICIDE AND CONTAINER DISPOSAL:** **If empty:** Nonrefillable container. Do not reuse or refill this container. Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

## **PRECAUTIONARY STATEMENTS** [icon]

### **HAZARDS TO HUMANS & DOMESTIC ANIMALS**

**CAUTION:** Causes moderate eye irritation. Avoid contact with eyes or clothing. Harmful if swallowed. Wear long sleeved shirt, long pants, socks, and shoes. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals.

### **FIRST AID:**

**If in eyes:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

**If on skin or clothing:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

**If swallowed:** Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

**Note to Physician:** Emergency information call 1-800-225-2883.

**ENVIRONMENTAL HAZARDS:** This pesticide is toxic to fish and aquatic invertebrates and may adversely affect non-target plants. Drift and runoff may be hazardous to aquatic organisms in water adjacent to treated areas. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area. Rinsing application equipment over the treated area will help avoid run off to water bodies or drainage systems.

This product has properties and characteristics associated with chemicals detected in groundwater. The use of this product in areas where soils are permeable, particularly where the water table is shallow, may result in groundwater contamination. Application around a cistern or well may result in contamination of drinking water or groundwater.

**[ICON]**

Keep people and pets out of the area during application.

Do not allow people or pets to enter the treated area until sprays have dried.

Do not use this product on or near desirable plants, including within the dripline of the roots of desirable trees and shrubs, since injury may result.

Do not apply as a fine mist because of potential injury to desirable plants.

Do not apply directly to or near water, storm drains, gutters, sewers, or drainage ditches. Do not apply within 25 feet of rivers, fish ponds, lakes, streams, reservoirs, marshes, estuaries, bays and oceans. Do not apply when windy. To prevent product run-off, do not over water the treated areas(s) to the point of runoff or apply when raining or when rain is expected that day. Rinse applicator over lawn or garden area only.

The maximum application rate is 5 fl oz of product per 1,000 sq ft per application (0.37 lb 2,4-D acid equivalent per acre per application). The maximum number of broadcast applications is limited to 2 per year. The maximum yearly rate is 10 fl oz of product per 1,000 sq ft (0.74 lb 2,4-D acid equivalent per acre).

**Personal Hygiene Statements:** After using this product, rinse gloves before removing, remove clothing and launder separately before reuse, and promptly and thoroughly wash hands and exposed skin with soap and water. Remove saturated clothing as soon as possible and shower.

**MIXING INSTRUCTIONS**

Bentgrass, Buffalograss, Centipedegrass & St. Augustinegrass (EXCEPT Floratam). Do not use on Floratam or other improved varieties of St. Augustinegrass. Do not apply to St. Augustinegrass or centipedegrass emerging from winter dormancy.

Amount to Use: 1 fl oz (2 Tbs) per gallon of water for each 400 sq ft

When using Ortho® Dial 'n Spray®: Set dial to 1 oz. Add 2-1/2 fl oz (5 Tbs) to sprayer jar. DO NOT add water. Spray evenly over 1,000 sq ft until jar is empty.

Bahiagrass, Bermudagrass, Fescues, Kentucky Bluegrass, Perennial Ryegrass & Zoysiagrass

Amount to Use: 2 fl oz (4 Tbs) per gallon of water for each 400 sq ft

When using Ortho® Dial 'n Spray®: Set dial to 2 oz. Add 5 fl oz (10 Tbs) to sprayer jar. DO NOT add water. Spray evenly over 1,000 sq ft until jar is empty.

1 Tablespoon (Tbs) = 3 teaspoons (tsp)

1 fl oz = 2 Tbs

## HOW TO USE

To treat entire lawn (broadcast application): Use a tank or hose-end sprayer. Measure lawn. Calculate square feet by multiplying length times width. Spray evenly over measured area.

To spot treat individual weeds in lawns: Use a tank sprayer.

## WHEN TO MOW

Do not mow for 1 to 2 days after application.

## WHEN TO WATER

If soil is dry, water 1 to 2 days before application.

## WHEN TO USE

- Spray when weeds are small and actively growing
- Spray when temperature is below 90°F
- Spray when air is calm to avoid spray drift onto landscape plants as contact with foliage may injure flowers, shrubs, trees and other desirable plants
- Allow at least a 30 day interval between applications of this product.
- Newly seeded lawn can be sprayed after first mowing.
- Bare spots can be planted with grass seed 1 week after application.

## IMPORTANT

If an ornamental shrub or tree is in the lawn, keep spray off foliage and exposed roots. St. Augustinegrass, Centipedegrass or Bermudagrass lawns may have delayed green-up if this product is used when lawns are emerging from dormancy or when temperature drops below 45° F within 72 hours of application. Do not spray Carpetgrass, Dichondra or desirable clovers. Do not use on or around fruits, vegetables or flowers. The maximum number of broadcast applications per treatment site is 2 per year. Do not exceed specified dosages for any area.
