

OFFICE OF CHEMICAL SAFETY AND POLLUTION PREVENTION

WASHINGTON, D.C. 20460

September 30th, 2025

Mandy Slack
Sr. Analyst, Regulatory Affairs
The Scotts Company d/b/a/ The Ortho Group
PO Box 190
Marysville, OH 43040

Subject: Label Amendment - Registration Review Mitigation for Mecoprop-p
Product Name: WEED B GON LAWN WEED KILLER3
EPA Registration Number: 239-2665
Case Number: 476569
Application Date: November 20, 2020

Dear Mandy Slack:

The Agency, in accordance with the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, has completed reviewing all the information submitted with your application to support the Registration Review of the above referenced product in connection with the Mecoprop-p Interim Decision, and has concluded that your submission is acceptable. The label referred to above, submitted in connection with registration under FIFRA, as amended, is acceptable.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide, Fungicide, and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance Assurance.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling and must be used at your next label printing. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 12 months from the date of this letter. After 12 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

If you have any questions about this letter, please contact DeMariah Cotton by phone at (202)-566-2288 or via email at cotton.demariah@epa.gov.

Sincerely,

A handwritten signature in black ink, appearing to read 'M. Perch', with a long, sweeping horizontal line extending to the right.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Application Restrictions:

- Do not apply this product in a way that will contact any person or pet, either directly or through drift.
-  Keep people and pets out of the area during application.
- Do not allow people or pets to enter the treated area until sprays have dried.
- Do not use this product on or near desirable plants, including within the dripline of the roots of desirable trees and shrubs, since injury may result.
- Do not apply as a fine mist because of potential injury to desirable plants.
- Do not apply directly to or near water, storm drains, gutters, sewers, or drainage ditches. Do not apply within 25 feet of rivers, fish ponds, lakes, streams, reservoirs, marshes, estuaries, bays and oceans. Do not apply when windy. To prevent product run-off, do not over water the treated areas(s) to the point of runoff or apply when raining or when rain is expected that day. Rinse applicator over lawn or garden area only.

The maximum application rate is 5 fl oz of product per 1,000 sq ft per application (0.37 lb 2,4-D acid equivalent per acre per application). The maximum number of broadcast applications is limited to 2 per year. The maximum yearly rate is 10 fl oz of product per 1,000 sq ft. (0.74 lb 2,4-D acid equivalent per acre). Do not make broadcast applications greater than 0.75 lb ae mecoprop-p/Acre.

When using Dial 'N Spray/Dial 'N Spray with Direct Connect

[Applicator (Device) (Applicator Name) Directions/Instructions]

HOW TO APPLY/USE:

Set:

- Turn dial to 2 oz. for Hardy Lawns
- Turn dial to 1 oz. for Sensitive Lawns

Fill:

- Pour [desired amount of] concentrate into sprayer jar.
- Turn sprayer nozzle to preferred spray.
- Do NOT add water.

Spray:

- Connect [garden] hose to sprayer.
- Turn on water.
- Press and hold trigger for continuous spray.
- Spray only until the surface [of the lawn] is wet.

Finish:

- Pour unused concentrate back into its original container.
- To clean: refer to the Ortho® Dial 'N Spray® cleaning instructions.

NOTE TO PM: Illustrations may be added to provide a visual for any of the above steps

Bold, italicized text is information for the reader and is not part of the label.

[Bracketed information is optional text]. Text separated by / denotes and/or options.

The application rate for this product is 2 fl. oz. of product per 400 sq. ft. of lawn for Hardy Lawns or 1 fl. oz. of product per 400 sq. ft. of lawn for Sensitive Lawns.

AND/OR

HOW TO APPLY/USE:

Set: [Applicator Name]

- Turn dial to 1 oz. for Sensitive Lawns
- Turn dial to 2 oz. for Hardy Lawns

Connect:

1. Remove jar from [Ortho® Dial 'N Spray®] [applicator name] [applicator/sprayer].
2. Remove cap from the concentrate bottle. [Keep cap for storage.]
3. Twist [screw] the [Ortho® Dial 'N Spray®] [applicator name] [applicator/sprayer] onto concentrate bottle to attach.
4. Connect [garden] hose to the sprayer and turn on water.

Spray:

1. Press and hold trigger for continuous spray. Apply evenly.
2. Spray only until the surface [of the lawn] is wet.

Finish:

1. Untwist [unscrew] the [product name] concentrate bottle from the [Ortho® Dial 'N Spray®] [applicator name] [applicator/sprayer].
2. Replace cap on the [product name] concentrate bottle.
3. To clean: Refer to the Ortho® Dial 'N Spray® cleaning instructions.

NOTE TO PM: Illustrations may be added to provide a visual for any of the above steps

Refer to the Ortho® Dial 'N Spray label and booklet for additional applicator specific information.

Important:

To prevent sprayer from clogging, always clean after use, as directed.

The application rate for this product is 2 fl. oz. of product per 400 sq. ft. of lawn for Hardy Lawns or 1 fl. oz. of product per 400 sq. ft. of lawn for Sensitive Lawns.

(OPTIONAL MIXING INSTRUCTIONS – FOR Refill Bottles)

Note to PM: The following instructions are intended for 5 fl oz bottles that can be used to make 1 gal in either tank sprayers or EH-1398 Herbicide ready-to-use, EPA Reg No. 239-2682, containers for spot treatment or can be used according to dilution rates for broadcast applications

[Instructions] For spot treatment:

[1 Bottle [equals] [=] [makes] 1 Gallon]

Amount to Use: Add entire contents (5 fl oz) to an empty tank sprayer, or 1.0 [or 1.33] gallon EH-1398 Herbicide/Product Name container only. Slowly fill with 123 fl oz [1 gal] of [clean] tap water.

For broadcast application:

Note to PM: 5 fl oz bottle, may use optional mixing instructions for broadcast applications

Use [broadcast applicator] - Ortho-Dial 'N Spray applicator.

FOR SENSITIVE LAWNS: Bentgrass, Buffalograss, Centipedegrass & St. Augustinegrass (EXCEPT/Excluding Floratam* / Do not use on Floratam*)

Set dial to 1 oz. Empty contents into Ortho ® Dial 'n Spray® applicator. **DO NOT ADD WATER.** Spray evenly over 2,000 sq ft until jar is empty.

* Floratam is a variety of St. Augustinegrass widely grown in Florida.

FOR HARDY LAWNS: Bahiagrass, Bermudagrass, Fescues, Kentucky Bluegrass, Perennial Ryegrass & Zoysiagrass

Set dial to 1 oz. Empty contents into Ortho ® Dial 'n Spray® applicator. **DO NOT ADD WATER.** Spray evenly over 1,000 sq ft until jar is empty.

FOR TANK SPRAYERS:

FOR SENSITIVE LAWNS: Bentgrass, Buffalograss, Centipedegrass & St. Augustinegrass (EXCEPT/Excluding Floratam* / Do not use on Floratam*)

Amount to Use: 1 fl oz (2 Tbs) per gallon of water for each 400 sq ft

FOR HARDY LAWNS: Bahiagrass, Bermudagrass, Fescues, Kentucky Bluegrass, Perennial Ryegrass & Zoysiagrass

Amount to Use: 2 fl oz (4 Tbs) per gallon of water for each 400 sq ft

(FOR 5 fl oz and 7 fl oz bottles used to refill 1 and 1.33 gallon EH-1398 Herbicide ready-to-use containers only EPA Reg. No. 239-2682)

[Refill Directions]

To refill only an empty 1.33 GAL. [EH-1398 Herbicide Container]

NOTE:

EPA Reg. No. 239-2665

Bold, italicized text is information for the reader and is not part of the label.

[Bracketed information is optional text]. Text separated by / denotes and/or options.

Amount to Use: Add 7 fl oz [5 fl oz] of this product to the empty 1.33 gallon container. Slowly fill with 164 fl oz [123 fl oz] of clean tap water.

To refill only an empty 1 GAL. [EH-1398 Herbicide Container]

Amount to Use: Add 5 fl oz of this product to the empty 1 gallon container. Slowly fill with 123 fl oz of clean tap water.

(End of OPTIONAL MIXING INSTRUCTIONS – FOR refill bottles)

[1 Tablespoon (Tbs) = 3 teaspoons (tsp) 1 fl oz = 2 Tbs]

[For Best Results]

- [To treat entire lawn (broadcast application): [Use a tank or [Ortho® Dial-N-Spray®] hose-end sprayer.] Measure lawn. Calculate square feet by multiplying length times width. Spray evenly over measured area.]
- [To spot treat individual weeds in lawns: Use a tank sprayer.]
- [Do not mow for 1 to 2 days before or after application.]
- If soil is dry, water 1 to 2 days before application.
- Rain or watering 2 hours after application will not wash away effectiveness.
- Spray when weeds are small and actively growing.
- Spray when temperature is below 90°F.
- Spray when air is calm to avoid spray drift onto landscape plants as contact with foliage may injure flowers, shrubs, trees and other desirable plants.
- Allow at least a 30 day interval between applications of this product.
- Newly seeded lawn can be sprayed after first mowing.
- Bare spots can be planted with grass seed 1 week after application.

[MOW] [optional row] [illustration]	<ul style="list-style-type: none"> • Do not mow for 1 to 2 days before or after application.
[WATER] [illustration]	<ul style="list-style-type: none"> • If soil is dry, water 1 to 2 days before application. • Rain or watering 2 hours after application will not wash away effectiveness.
[WHEN TO APPLY] [illustration]	<ul style="list-style-type: none"> • Spray when weeds are small and actively growing. • Spray when temperature is below 90°F. • Spray when air is calm to avoid spray drift onto landscape plants as contact with foliage may injure flowers, shrubs, trees and other desirable plants. • Allow at least a 30 day interval between applications of this product. • Newly seeded lawn can be sprayed after first mowing. • Bare spots can be planted with grass seed 1 week after application.

IMPORTANT

If an ornamental shrub or tree is in the lawn, keep spray off foliage and exposed roots.

St. Augustinegrass, Centipedegrass or Bermudagrass lawns may have delayed green-up if this

STORAGE AND DISPOSAL [icon]

PESTICIDE STORAGE: Store in original container in a locked storage area inaccessible to children or pets. Keep from freezing.

PESTICIDE AND CONTAINER DISPOSAL: **If empty:** Nonrefillable container. Do not reuse or refill this container. Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

PRECAUTIONARY STATEMENTS [icon]

HAZARDS TO HUMANS & DOMESTIC ANIMALS

CAUTION: Causes moderate eye irritation. Avoid contact with eyes or clothing. Harmful if swallowed. Wear long sleeved shirt, long pants, socks, and shoes. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals.

Bold, italicized text is information for the reader and is not part of the label.

[Bracketed information is optional text]. Text separated by / denotes and/or options.

FIRST AID
If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.
If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.
If swallowed: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. Note to Physician: Emergency information call 1-877-465-5161.

ENVIRONMENTAL HAZARDS:

This pesticide is toxic to fish and aquatic invertebrates and may adversely affect non-target plants. Drift and runoff may be hazardous to aquatic organisms in water adjacent to treated areas. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area. Rinsing application equipment over the treated area will help avoid run off to water bodies or drainage systems.

This product has properties and characteristics associated with chemicals detected in groundwater. The use of this product in areas where soils are permeable, particularly where the water table is shallow, may result in groundwater contamination. Application around a cistern or well may result in contamination of drinking water or groundwater.

NON-TARGET ORGANISM ADVISORY: This product is toxic to plants and may adversely impact the forage and habitat of non-target organisms, including pollinators, in areas adjacent to the treated site. Protect the forage and habitat of non-target organisms by following label directions intended to minimize spray drift.

NOTICE: To the extent consistent with applicable law, the buyer assumes all risks of use, storage or handling of this product not in accordance with directions.

[The ORTHO Guarantee]

[If for any reason you, the consumer, are not satisfied with this product, mail us, your original, proof of purchase to obtain a full refund of your purchase price.]

[Ortho and Your Environment] – Your yard is a place for family and pets to enjoy. That's why Ortho products are designed with care to provide effective solutions to weed problems. Please follow instructions for appropriate usage, storage and disposal.]
