**THIS PRODUCT CONTAINS:**

- 0.75 lb. 2-(2-methyl-4-chlorophenoxy) propionic acid equivalent per gallon or 8.76%
  - 0.22 lb. 2,4-Dichlorophenoxyacetic acid equivalent per gallon or 2.53%
  - 0.093 lb. 3,6-dichloro-o-anisic acid equivalent per gallon or 1.08%
- Isomer Specific by AOAC Method 6.DO1-5.

**STOP! READ THE ENTIRE LABEL FIRST. OBSERVE ALL PRECAUTIONS AND FOLLOW DIRECTIONS CAREFULLY.**

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**AMOUNT TO SPRAY**

- Measure lawn. Calculate square feet by multiplying length times width. [*walking man icon*]
- Use the amount indicated for your lawn variety:
  - [*Optional- FOR SENSITIVE LAWNS:*] **Bentgrass, Buffalograss, Centipedegrass & St. Augustinegrass (EXCEPT Floratam, a variety of St. Augustinegrass widely grown in Florida.):** Each line on cartridge covers approximately 2,000 sq ft. [*quart*] (1,000 sq ft [*pint*])

[*Optional- FOR HARDY LAWNS:*] **Bahiagrass, Bermudagrass, Fescues, Kentucky Bluegrass, Perennial Ryegrass & Zoysiagrass:** Each line on cartridge covers approximately 1,000 sq ft [*quart*] (500 sq ft [*pint*])

HOW TO USE THE Lock 'N Spray® [ <i>logo</i> ] SYSTEM	
CONNECT [ <i>illustration</i> ]	Connect sprayer to hose.
[ <i>illustration</i> ]	Attach/Lock cartridge to/onto sprayer. Turn cartridge until it clicks into place.
SPRAY [ <i>illustration</i> ]	To BEGIN spraying, [make sure sprayer nozzle tip is down/point nozzle towards lawn], turn on water and squeeze trigger. Spray evenly over measured area.
FINISH [ <i>illustration</i> ]	<ul style="list-style-type: none"> <li>• To STOP spraying, release trigger, unlock cartridge and remove from sprayer. (No need to turn off water.)</li> <li>• Clean sprayer by squeezing and releasing trigger in 2 short bursts with nozzle pointed toward bare soil or gravel. Turn off water.</li> <li>• Relieve water pressure by squeezing trigger. Disconnect sprayer.</li> </ul>
Cartridge reseals itself automatically - No spills, no leaks!	

**WHEN TO [MOW & - optional] WATER [*icon*]**

- Do not mow for 1 to 2 days before or after application. [*optional*]
- If soil is dry, water 1 to 2 days before application.
- Rain or watering 6 hours after application will not wash away effectiveness.

**WHEN TO APPLY [icon]**

- Spray when weeds are small and actively growing.
- [Spray when] temperature is below 90°F.
- [Spray when] air is calm to avoid spray drift onto landscape plants as contact with foliage may injure flowers, shrubs, trees and other desirable plants
- Reapplication can be made in 2 to 3 weeks if necessary.
- Newly seeded lawn can be sprayed after first mowing.
- Bare spots can be planted with grass seed 1 week after application.

**IMPORTANT**

If an ornamental shrub or tree is in the lawn, keep spray off foliage and exposed roots. St. Augustinegrass, Centipedegrass or Bermudagrass lawns may have delayed green-up if this product is used when lawns are emerging from dormancy or when temperature drops below 45° F within 72 hours of application. Do not spray Carpetgrass, Dichondra or desirable clovers. Do not use on or around fruits, vegetables or flowers. The maximum number of broadcast applications per treatment site is 2 per year. Do not exceed specified dosages for any area.

**HOW IT WORKS**

Because broadleaf weeds and grasses grow differently, Weed-B-Gon® kills broadleaf weeds without harming lawns. Weed-B-Gon singles out weeds, enters through leaves and moves inside the weed to the roots.

**WEEDS [icon]**

Annual Aster, Bedstraw, Beggarweed, Bindweed, Bittercress, Black Medic, Brassbuttons, Broadleaf Plantain, Buckhorn, Bull Thistle, Burdock, Bur Clover, Burweed, Buttercup, Buttonweed, Carolina Geranium, Carpetweed, Catsear, Chicory, Chickweed, Cinquefoil, Clover, Cocklebur, Common Chickweed, Cudweed, Curly Dock, Dandelion, Dock, English Daisy, False Dandelion, Florida Pusley, Galinsoga, Geranium, Ground Ivy, Hairy Fleabane, Hawkweed, Healall, Henbit, Knawel, Knotweed, Lambsquarters, Lespedeza, Mallow, Matchweed, Morningglory, Mouseear Chickweed, Musk Thistle, Mustard, Narrowleaf Plantain, Oxalis, Pennsylvania Smartweed, Pennywort (Creeping Charlie), Peppergrass, Pigweed, Piney Woods Bedstraw, Plantain, Poison Ivy, Poison Oak, Prickly Lettuce, Prostrate Spurge, Puncture Vine, Purslane, Ragweed, Red Clover, Red Henbit, Scarlet Pimpernel, Sheep Sorrel, Shepherdspurge, Sowthistle, Speedwell, Spotted Spurge, Spurge, Tansy Mustard, Thistle, Velvetleaf, White Clover, Wild Carrot, Wild Garlic, Wild Lettuce, Wild Onion, Wild Strawberry, Yarrow & other broadleaf weeds

**STORAGE AND DISPOSAL [icon]**

**STORAGE:** Store in original container in a locked storage area inaccessible to children or pets. Keep from freezing.

**DISPOSAL:** Securely wrap original container in several layers of newspaper and discard in trash.

5-7-9

**PRECAUTIONARY STATEMENTS [icon]**

**HAZARDS TO HUMANS & DOMESTIC ANIMALS**

**CAUTION:** Harmful if swallowed. Avoid contact with eyes, skin or clothing. Wear face shield or goggles when mixing, loading or applying this product. When using this product, wear long-sleeved shirt, long pants, socks, shoes and rubber gloves. **Personal Hygiene Statements:** After using this product, rinse gloves before removing, remove clothing and launder separately before reuse, and promptly and thoroughly wash hands and exposed skin with soap and water. Remove saturated clothing as soon as possible and shower.

\* Do not allow people (other than applicator) or pets on treatment area during application. Do not enter treatment area until spray has dried.

**FIRST AID:** IF IN EYES: Immediately flush eyes with plenty of water. Get medical attention if irritation persists. IF ON SKIN: Wash with plenty of soap and water. Get medical attention. **Note to Physician:** Emergency information call 1-800-225-2883.

**ENVIRONMENTAL HAZARDS:** This product is toxic to aquatic invertebrates. Drift or runoff may adversely affect aquatic invertebrates and nontarget plants. Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washwaters. Do not apply when weather conditions favor drift from target area. When cleaning equipment, do not pour the washwater on the ground; spray or drain over a large area away from wells and other water sources. Most cases of groundwater contamination involving phenoxy herbicides such as 2,4-D and MCPP have been associated with mixing/loading and disposal sites. Caution should be exercised when handling 2,4-D and MCPP pesticides at such sites to prevent contamination of groundwater supplies. Use of closed systems for mixing or transferring this pesticide will reduce the probability of spills. Placement of the mixing/loading equipment on an impervious pad to contain spills will help prevent groundwater contamination.

**NOTICE:** Buyer assumes all responsibility for safety and use not in accordance with directions.
