Subject: Label and CSF Amendment – Revised directions for use and two new alternate CSFs
Product Name: ROSE PRIDE ROSE & FLOWER INSECT KILLER - 0.012%
EPA Registration Number: 239-2668
Application Date: 12/12/2016
Decision Number: 525488, 525491

Dear Mr. Zemanek:

The amended label and CSF(s) referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, are acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Please note that the record for this product currently contains the following CSF(s):

- Basic CSF dated 03/05/1998
- Alternate CSF A dated 07/06/1998
- Alternate CSF B dated 10/17/2016
- Alternate CSF C dated 10/31/2016

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition,

regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. If you have any questions, you may contact Elizabeth Fertich at 703-347-8560 or via email at fertich.elizabeth@epa.gov.

Sincerely,

A handwritten signature in black ink, appearing to read 'Kable Bo Davis', enclosed within a hand-drawn oval.

Kable Bo Davis, Product Manager 3

PRECAUTIONARY STATEMENTS

Hazard to Human & Domestic Animals

Caution: Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling.

ENVIRONMENTAL HAZARDS: This pesticide is extremely toxic to fish and aquatic invertebrates. Drift and run-off from treated areas may be hazardous to aquatic organisms in neighboring areas. Care should be used when spraying to avoid fish and reptile pets in/around ornamental ponds. This product is highly toxic to bees exposed to direct treatment of residues on blooming crops or weeds. Do not apply this product or allow to drift to blooming crops if bees are foraging the treatment area. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area. Rinsing application equipment over the treated area will help avoid run off to water bodies or drainage systems.

PHYSICAL OR CHEMICAL HAZARDS: Do not apply this product in or on electrical equipment due to the possibility of shock hazard.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Restrictions:

- For indoor and outdoor residential use only
- For use only on non-edible plants. **DO NOT** use on edible plants/Fruits and Vegetables.
- Do not water the treated area to the point of run-off. Do not make applications during rain.
- **DO NOT** use on impervious surfaces such as sidewalks, driveways, patios, porches and structural surfaces (such as windows, doors, and eaves). [For applications on or around impervious surfaces use other Ortho products labeled accordingly.]
- Application is prohibited directly into sewers or drains, or to any area like a gutter where drainage to sewers, storm drains, water bodies, or aquatic habitat can occur. Do not allow the product to enter any drain during or after application.
- [Reentry icon] People and pets: Do not enter treated area until application has dried.

Application Precautions

- If temperature is expected to exceed 85°F spray in early morning or late afternoon when it is cooler [and dew has evaporated]
- Spray when air is calm to avoid drift

Note to reviewer: Below is Storage & Disposal For Option 1, Conventional Trigger Small RTU

STORAGE AND DISPOSAL

PESTICIDE STORAGE: Keep from freezing. To be stored in original container and placed in areas inaccessible to children.

PESTICIDE DISPOSAL AND CONTAINER HANDLING: [Applicator Name] can be reused with [Product Name refill bottle/container]. Follow instructions in the Reuse Directions when reusing [applicator name]. Nonrefillable container. Do not reuse or refill this container. **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

Note to reviewer: Below is Storage & Disposal For Options 2,3 and 4 - Conventional Trigger large RTU, Pull 'N Spray® II & Battery Powered Wand/Comfort Wand

STORAGE AND DISPOSAL

PESTICIDE STORAGE: Keep from freezing. To be stored in original container and placed in areas inaccessible to children.

PESTICIDE DISPOSAL AND CONTAINER HANDLING: [[Applicator Name] can be reused with [Product Name refill bottle/container]. Follow instructions in the Reuse Directions when reusing [applicator name]]. Nonrefillable container. Do not reuse or refill this container. **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

Product Application Instructions

NOTE TO PM: For all Options below Graphics illustrating a step or group of steps may appear on final printed label. Illustrations contained below may change to accurately represent the applicator design.

NOTE TO PM: Spray Pattern Descriptor is any word used to describe the pattern such as flat, fan, coarse, or fine.

Option 1: Conventional Trigger Small RTU

[Applicator (Device) (Applicator Name) Directions/Instructions]

HOW TO USE:

Spray

1. Turn sprayer nozzle to desired spray.
2. Squeeze trigger repeatedly to spray.

Finish

1. Turn sprayer nozzle to "OFF" / X.

Option 2: Conventional Trigger Large RTU

[Applicator (Device) (Applicator Name) Directions/Instructions]

HOW TO USE:

Spray

1. Remove sprayer from bottle [by sliding/pulling sprayer up].
2. [Unwrap/uncoil/extend hose and] insert [color] hose connector into [color] spout/knob/opening/lid on bottle cap [until it clicks].
3. [Flip up [color] spout until fully upright] / [Twist spout/knob/lid/cap to "ON"] / [Pull spout/knob/lid/cap up].
4. Turn sprayer nozzle to desired spray/spray pattern descriptor [spray pattern icon].
5. Squeeze trigger repeatedly to spray.

Finish

1. [Turn sprayer nozzle to "OFF"/X.]
2. DO NOT DISCONNECT HOSE CONNECTOR FROM SPOUT/KNOB/CAP/LID/OPENING.
3. [Place sprayer back into holster/holder.]

Option 3 - Pull 'N Spray® II

[Applicator (Device) (Applicator Name) Directions/Instructions]

HOW TO USE:

Spray

1. Remove sprayer from holster/holder.
2. [Unwrap/uncoil/extend hose and] insert [color] hose connector into [color] spout/knob/opening/lid on bottle cap [until it clicks].

3. [Flip up [color] spout until fully upright]/[Twist spout/knob/lid/cap to “ON”] / [Pull spout/knob/cap/lid up].
4. Turn sprayer nozzle to desired spray /spray pattern descriptor [spray pattern icon].
5. Point sprayer away from body. Slowly pull ring/handle at bottom of sprayer until it stops, and hold for two [2] seconds to fill sprayer.
6. Press trigger to spray.

Finish

- 1.[Turn sprayer nozzle to “OFF”/X.]
- 2.DO NOT DISCONNECT HOSE CONNECTOR FROM SPOUT/KNOB/CAP/LID/OPENING.
- 3.[Place sprayer back into holster/holder.]

Optional:

Refill/Reuse Directions

[The Pull ‘N Spray II/Applicator Name [applicator/sprayer/wand] may be reused with the available Product Name refill bottle/container. Read and follow instructions in Reuse Directions to reuse the applicator.]

Refill/Reuse Directions

How to attach the [Pull ‘N Spray II/Applicator Name] [applicator/sprayer/wand] to Product name [refill bottle]:

Remove [color] hose from original bottle/container:

[To remove the side holster/holder from original bottle/container, pull/lift the bottom tab underneath and slide the holster/holder up.]

[Attach the sprayer holster/holder to [Product Name] refill bottle/container by sliding the holster/holder down onto the knob/spout.]

Insert [color] hose connector into [color] spout/lid/knob/opening on cap [until it clicks].

Option 4 – Battery Powered Wand/Comfort Wand

[[Applicator Name] [Applicator/Wand] Directions]

HOW TO USE:

Prep [Wand]

- 1.Remove sprayer [Applicator Name] from holster/holder.
- 2.[Remove [color] pull strip to activate batteries].
- 3.Unfold/Flip-open [Applicator Name] / [wand] until it clicks/locks into position.

Connect

- 1.[Unwrap/uncoil/extend hose and] insert [color] hose connector into [color] spout/knob/lid/opening on bottle cap [until it clicks].
- 2.[Flip up [color] spout until fully upright.] / [Twist spout/knob/cap/lid to “ON”.] / [Pull spout/knob/cap/lid up].

Spray

- 1.Turn sprayer nozzle to desired spray/spray pattern descriptor [spray pattern icon].
- 2.[Slide [color] switch on trigger to “Unlock” [illustration]].
- 3.Press trigger to spray.

Finish

- 1.[Turn nozzle to “OFF”/X.]
- 2.[Slide [color] switch on trigger to “Lock” [illustration]].
- 3.Fold [Applicator Name] wand closed [and place sprayer back in holster/holder].

Important Use Information: Do not submerge in water. When storing sprayer for long periods, remove batteries.

[To replace batteries: See marked diagram inside battery compartment.]

Optional Troubleshooting Section for [Battery Powered] [Comfort Wand] [Comfort Shot Wand] [Pump 'N Go] [EZ Sprayer] Applicator [Applicator Name] Directions

Troubleshooting Tips:

- Problem: Sprayer does not spray [function].
- Possible Cause: Batteries not installed properly.
- Solution: See instructions for correct battery placement.
- Problem: Sprayer makes a straining noise [Sprayer runs but nothing [no product] comes out].
- Possible Cause: Sprayer nozzle is turned Off.
- Solution: Turn sprayer nozzle to [desired] spray setting [position].
- Possible Cause: [Red] [color] hose connector is not flipped up.
- Solution: Insert [color] hose connector into [color] spout/knob/opening on bottle cap until it clicks and flip up spout until fully upright.
- Possible Cause: Sprayer is not primed.
- Solution: Press and hold button on sprayer for about X (**10 / 15 / 20 / 30**) seconds to prime sprayer.
- Problem: Spray pattern is weak [or uneven] [product flow is uneven or dribbles out of nozzle].
- Possible Cause: Weak batteries.
- Solution: Install fresh set of batteries.
- Possible Cause: [Red] [color] hose connector is not flipped up.
- Solution: Insert [color] hose connector into [color] spout/knob/opening on bottle cap until it clicks. [Attach coupler to the cap] and flip up spout until fully upright.
- Possible Cause: Sprayer nozzle not fully open.
- Solution: Turn sprayer nozzle to [desired] spray setting [position].

End of Optional Troubleshooting Section for [Battery Powered] [Comfort Wand] [Comfort Shot Wand]

Optional Applicator Transfer to Refill Bottle Directions:

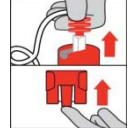

Refill/Reuse Directions

[The Comfort Wand/Applicator Name [applicator/sprayer/wand] may be reused with Product Name refill bottle/container. Read and follow instructions in Reuse Directions to reuse the applicator.]

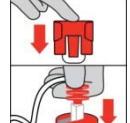

Refill/Reuse Directions

How to attach the [Comfort Wand/Applicator Name] [applicator/sprayer/wand] to Product Name [refill bottle]:

Removing [Comfort Wand/Applicator Name] from original bottle:

	Remove the [color] hose connector from the original bottle by pulling the [color] plug from the [color] spout/knob/opening on cap. / Remove [color] hose connector from original bottle/container: [To remove the side holster/holder from original bottle/container, pull/lift the bottom tab underneath and slide the holster/holder up.]
---	--

Adding [Comfort Wand/Applicator Name] to Refill [bottle/container]:

	[Attach the sprayer holster/holder to [Product Name] refill bottle/container by sliding the holster/holder down onto the knob.] Insert [color] hose connector into [color] spout/knob/opening on cap <u>until it clicks.</u>
