U.S. ENVIRONMENTAL PROTECTION AGENCY
Office of Pesticide Programs
Registration Division (7505C)
401 "M" St., S.W.
Washington, D.C. 20460

EPA Reg. Number:

Date of Issuance:

239-2669

AUG 11 1998

NOTICE OF PESTICIDE:

Registration
 Reregistration

Term of Issuance: Unconditional

Name of Pesticide Product:

RosePride® Rose & Flower
Insect Killer - 0.006%

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

Frank Kamienski
The SOLARIS Group of Monsanto
P.O. Box 5006
San Ramon, Ca 94583-0906

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is unconditionally registered in accordance with FIFRA sec. 3(c)(5). Once a pesticide is registered, however, it is not regarded as permanently acceptable. Registration does not eliminate the need for continual reassessment of pesticides. If the Agency determines that, at any time, additional data are required to maintain in effect the existing registration, the Agency will require submission of such data under FIFRA section (3)(c)(2)(B).

Make the labeling changes listed below before you release the product for shipment:

- a. Revise the EPA Registration Number to read, "EPA Reg. No. 239-2669".
- b. Change the end of the product name from "006%" to "0.006%".

Signature of Approving Official:

George T. LaRocca
Product Manager 13
Insecticide Branch
Registration Division (7505C)

Date:

AUG 11 1998

- c. Change "Indoor & Outdoor Use" to "Indoor & Outdoor Residential Use Only."
- d. Delete the following claims from your label. These claims are considered false and/or misleading according to 40 CFR 156.10(a)(5)(ii).

- "Helps Maintain Pest-Free Roses/Plants"
- "Helps Maintain Pest-Free Plants Indoor and/& Out"
- "Keeps Plants Insect-Free [Indoor and/& Out]"
- "High Performance Product"

- e. Either delete the statement "Rain-Proof Once Dry" or submit/cite efficacy data which supports this claim.

Submit two copies of the revised final printed label for the record. A stamped copy of the label is enclosed for your records.

Sincerely yours,

for George T. LaRocca

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

SHAKE WELL

[FOR BEST RESULTS]

HOW TO SPRAY/APPLY *[optional icon]*

- Adjust spray nozzle to deliver a fine spray.
- Hold sprayer 12 inches from plant. Spray to uniformly cover upper and lower leaf surfaces, stems and branches. When treating potted plants lightly spray the soil surface.

WHEN TO APPLY *[optional icon]*

- Spray when air is calm to avoid drift.
- Apply as necessary, waiting 7-10 days between applications. Hard to control/kill pests/insects may require 2 to 3 applications.
- If temperature is expected to exceed 85° F spray in early morning or late afternoon when it is cooler [and dew has evaporated.]

PESTS/INSECTS/BUGS [CONTROLLED/KILLED] *[optional icon]*

Ants, Aphids, Armyworms, Bagworms, Black Vine Weevils, Budworms, Cabbage Loopers, Cankerworms, Casebearers, Catalpa Sphinx Moths, Caterpillars, Cherry Laurel Leaf tiers, Crane Flies, Elm Leaf Beetles, Fungus Gnats, Grasshoppers, Greenbugs, Green Striped Mapleworms, Gypsy Moths, Hornworms, Japanese Beetles, Lacebugs, Leafhoppers, Leafminers, Leafrollers, Omnivorous Leaf tiers, Maple Shoot Moths, Mealybugs, Mimosa Webworms, Mites (including Spider Mites), Oak Webworm, Orange Striped Oakworms, Poplar Tentmakers, Rose Midges, Sawflies, Scales (crawlers), Sod Webworms, Sowbugs, Spittlebugs, Spiders, Sunflower Moths, Tent Caterpillars, Thrips, Tip Moths, Webworms, Weevils, Willow Leafbeetles and Whiteflies

STORAGE AND DISPOSAL *[optional icon]*

24 fl oz container:

STORAGE: Rotate nozzle to closed position. /Close nozzle on trigger sprayer. Store product in original container in a safe place. Keep from freezing.

DISPOSAL: Do not reuse container. Securely wrap partially filled or empty container in newspaper and put in trash.

OR

1/2, 1 gallon containers/nested sprayers

[storage illustration]

STORAGE: Flip down spout to close. **NO NEED TO DISCONNECT TRIGGER SPRAYER.** Close nozzle on trigger sprayer. Snap sprayer back in place. Store product in original container in a safe place. Keep from freezing.

DISPOSAL: Do not reuse container. Securely wrap partially filled or empty container in newspaper and put in trash.

PRECAUTIONARY STATEMENTS *[optional icon]*

HAZARDS TO HUMANS & DOMESTIC ANIMALS

CAUTION: Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling.

[re-entry icon] People and pets may enter treated area after spray has dried.

FIRST AID: IF IN EYES: Flush eyes with plenty of water. Call a physician if irritation persists. **Note to Physician:** Emergency Information call 1-800-225-2883

ENVIRONMENTAL HAZARDS: This pesticide is extremely toxic to fish and aquatic invertebrates. Do not apply directly to water. Drift and run-off from treated areas may be hazardous to aquatic organisms in neighboring areas. Care should be used when spraying to avoid fish and reptile pets in/around ornamental ponds.

This product is highly toxic to bees exposed to direct treatment or residues on blooming plants. Do not apply this product or allow it to drift to blooming plants if bees are visiting the treatment area.

NOTICE: Buyer assumes all responsibility for safety and use not in accordance with directions.
