U.S. ENVIRONMENTAL PROTECTION AGENCY
Office of Pesticide Programs
Registration Division (7505P)
1200 Pennsylvania Ave., NW
Washington, D.C. 20460

EPA Registration
Number:

239-2724

Date of Issuance:

AUG 26 2014

NOTICE OF PESTICIDE:
 Registration
 Reregistration

(under FIFRA, as amended)

Term of Issuance: **Conditional**

Name of Pesticide Product:

NS 516

Name and Address of Registrant (include ZIP Code):

The Scotts Company LLC
DBA The Ortho Group
PO Box 190
Marysville, OH 43040

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act. Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is registered in accordance with FIFRA §3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration review of your product when the Agency requires all registrants of similar products to submit data. Data requirements can be found at www.regulations.gov. Glyphosate data requirements are outlined in GDCI-417300-886 under docket ID EPA-HQ-OPP-2009-0361.
2. Update EPA Registration Number to 239-2724.

The basic confidential statement of formula (CSF), dated 4/14/14, is acceptable.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA §6(e). Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records. Submit one (1) copy of the final printed label before you release the product for shipment.

If you have any questions regarding this Notice, please contact Sarah Meadows at (703) 347-0505 or meadows.sarah@epa.gov.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Causes moderate eye irritation. Avoid contact with eyes, skin or clothing. Wash thoroughly with soap and water after handling.

FIRST AID	
IF IN EYES	Hold eye open and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.
IF ON SKIN OR CLOTHING	Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control or doctor for treatment advice.
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-800-225-2883 for emergency medical treatment information.	

ENVIRONMENTAL HAZARDS

This product is toxic to aquatic invertebrates. Do not apply directly to water. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help ensure that wind or rain does not blow or wash pesticide off the treatment area. Rinsing application equipment over the treated area will help to avoid run off to water bodies or drainage systems.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. **READ ENTIRE LABEL BEFORE USE.**

USE PRECAUTIONS AND RESTRICTIONS:

- Do not allow people or pets to enter treated area or touch treated plants until sprays have dried.
- Do not apply this product in a way that will contact any person or pet, either directly or through drift. Only the person applying this product may be in the area during application.
- Do not use for spot weed treatment after planting fruits or vegetables.
- Do not mix, store or apply in a galvanized or unlined steel (except stainless steel) sprayer, or through any irrigation systems.
- To prevent tracking product to unintended areas such as your yard, keep people and pets out of treated area until spray has dried.
- When spot treating weeds around desirable plants, shield plants from drift with a piece of cardboard or plastic. If desirable plant is accidentally sprayed, rinse off immediately with water (or cut off treated area).

NOTE:

Bold, italicized text is information for the reader and is not part of the label.

[Bracketed information is optional text]. Text separated by / denotes and/or options.

EPA Reg. No. 239-ETEUE

4/16

- Apply when air is calm to prevent drift to desirable plants.

USER SAFETY RECOMMENDATIONS:

- Clothing and protective equipment exposed to this product should be washed in detergent and hot water. Such items should be kept and washed separate from other laundry.
- Users should wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet.
- Users should remove clothing immediately if product gets inside; then wash thoroughly and put on clean clothing.
- Users should remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

HOW IT WORKS/PRODUCT INFORMATION:

NS-516/Product Name/This product enters plants through foliage and moves systemically to the roots, killing weeds by stopping the production of a substance found in plants. Any product not absorbed by plants will be deactivated after it hits the soil. Weeds [will] [usually] yellow and wilt within hours with complete kill in 1 to 2 weeks.

WHERE TO USE:

NS-516/Product Name/This product can be used to control unwanted weeds and grasses in many areas of your lawn and landscape.

- Along fences
- Around flowers, shrubs or trees
- Driveways, gravel, patios, walkways or mulch beds
- In large areas for lawn replacement or garden plot preparation*

*IMPORTANT: While this product may be used to prepare a vegetable garden for planting, DO NOT USE for spot weed treatment after planting (any) fruits or vegetables.

HOW MUCH TO USE:

Use 6 fl. oz. per gallon of water for every 300 sq. ft.

Spray the weeds or grasses you want to kill until thoroughly wet.

When spot treating weeds around desirable plants, shield plants from drift with a piece of cardboard or plastic. If desirable plant is accidentally sprayed, rinse off immediately with water or cut off treated area.

IMPORTANT: Do not spray plants or grasses you like - they will die. Not recommended for spot weed control in lawns since this product kills lawn grasses.

WHEN TO USE:

- Apply this product when weeds are actively growing. [Use anytime weeds and grasses are actively

NOTE:

Bold, italicized text is information for the reader and is not part of the label.
[Bracketed information is optional text]. Text separated by / denotes and/or options.

EPA Reg. No. 239-ETE U

5/16

growing.]

- For best [fastest visual] results, apply during warm, sunny weather [above 60°F] [to accelerate systemic movement from foliage to roots].
- Apply when air is calm to prevent drift to desirable plants.
- This product is rainproof in 2 hours [30, 45, 60, or 90 minutes; 1 hour; less than 1 hour; less than 60 minutes; less than 30 minutes]. [Rain or watering 2 hours [30, 45, 60, or 90 minutes; 1 hour; less than 1 hour; less than 60 minutes; less than 30 minutes] after application will not wash away effectiveness.]
- Apply when weeds are small and before seeds form.
- Hard to kill [Established] weeds may require a repeat application.

WHEN TO REPLANT:

- All ornamental flowers, trees and shrubs may be planted 2 days after application.
- Lawn grasses, herbs, vegetables (all), and fruits may be planted 7 days after application.

Optional Section - Additional Tips

To Kill Vines:

- If vines are growing up poles, fences, or tree trunks with mature bark, cut vines to a height of 3 to 4 feet and spray vines thoroughly.
- If vines are climbing shrubs or tree trunks with green bark, cut vines at base and treat as directed for stumps or spray regrowth. If spraying regrowth, shield shrubs and green bark from spray drift with a piece of cardboard or plastic.

Poison Ivy and/ Poison Oak:

Contact with these plants anytime of the year can cause an allergic reaction. Spray anytime plants are actively growing, but at least 4 weeks before the first killing frost in the fall. Reapply, if new growth appears. Handle dead plants with rubber gloves. Dispose of plants and rubber gloves in tightly sealed garbage bags.

Wild Blackberry:

Spray anytime plants are actively growing. Dead canes should be cut down and removed. Reapplication is often required to kill deep roots.

Kudzu:

For best results, apply in mid to late summer when vines are mature and actively growing.

Lawn Replacement:

Use this product to kill a [an unwanted] lawn and weeds before planting [a] new lawn [or prior to laying a patio, sidewalk, or driveway].

- Skip one mowing before spraying.
- If soil is dry, water before application and 2 to 3 days after application.

NOTE:

Bold, italicized text is information for the reader and is not part of the label.
[Bracketed information is optional text]. Text separated by / denotes and/or options.

EPA Reg. No. 239-ETE U

6/14

- Wait 7 days after last application to rake, till or replant with seed or sod.

For Flowerbed and Garden (Plot) Preparation:

Use this product to kill weeds, grasses and brush before planting flowers, fruits, vegetables, trees or shrubs.

- If soil is dry, water before application and 2 to 3 days after application.
- Apply evenly over treatment area.
- Wait 4 to 6 days for product to kill plants then cleanup plant refuse and till soil.
- Wait 2 days before planting flowers, trees and shrubs.
- Wait 7 days before planting herbs, vegetable (all), fruits and lawn grasses.

To Kill Stumps

- Cut living stump close to ground.
- Drive/Drill 4 to 5 holes into freshly cut stump.
- Immediately pour undiluted product into holes.

IMPORTANT: Some trees may share the same root system. Adjacent trees having a similar age, height and spacing may signal shared roots system. Injury may occur to non-treated trees when one or more trees sharing common roots are treated.

[Optional illustrations may be used in conjunction with the above Additional Tips section]

Directions For Use Options Based On Applicator

Option 1 – Dial 'N Spray/Dial 'N Spray with Direct Connect

[Applicator (Device) (Applicator Name) Directions/Instructions]

HOW TO USE:

Set:

- Turn dial to 6 oz.

Fill:

- Pour desired amount of concentrate into sprayer jar (6 fl. oz. for each 300 sq. ft.).
- Turn sprayer nozzle to preferred spray.
- Do NOT add water.

Spray:

- Connect [garden] hose to sprayer.
- Turn on water.
- Press and hold trigger for continuous spray. Apply evenly.

Finish:

- Pour unused concentrate back into its original container.
- To clean: refer to the Ortho® Dial N Spray® cleaning instructions.

[Optional illustrations may be used in conjunction with the above steps]

AND/OR

[Applicator (Device) (Applicator Name) Directions/Instructions]

HOW TO USE:

Set: [Applicator Name]

Turn dial to 6 oz.

Connect:

1. Remove jar from [Ortho® Dial 'N Spray®] [applicator name] [applicator/sprayer].
2. Remove cap from the concentrate bottle. [Keep cap for storage.]
3. Twist [screw] the [Ortho® Dial 'N Spray®] [applicator name] [applicator/sprayer] onto concentrate bottle to attach.
4. Connect [garden] hose to the sprayer and turn on water.

Spray:

1. Press and hold trigger for continuous spray. Apply each 6 fl. oz. evenly over 300 sq. ft..
2. Spray only until the surface [of the lawn] is wet.

Finish:

1. Untwist [unscrew] the [product name] concentrate bottle from the [Ortho® Dial 'N Spray®] [applicator name] [applicator/sprayer].
2. Replace cap on the [product name] concentrate bottle.
3. To clean: Refer to the Ortho® Dial 'N Spray® cleaning instructions.

[Optional illustrations may be used in conjunction with the above steps]

NOTE:

Bold, italicized text is information for the reader and is not part of the label.
[Bracketed information is optional text]. Text separated by / denotes and/or options.

EPA Reg. No. 239-ETEU

10/
14

Refer to the Ortho® Dial 'N Spray label and booklet for additional information.

Option 2 – Tank Sprayer

[Applicator (Device) (Applicator Name) Directions/Instructions]

HOW TO USE:

Add 6 fl. oz. per gallon of water for every 300 sq. ft.

[Optional illustrations may be used in conjunction with the above steps]

NOTE::

Bold, italicized text is information for the reader and is not part of the label.
[Bracketed information is optional text]. Text separated by / denotes and/or options.

EPA Reg. No. 239-E TEU

11/
16

Option 3 – Ortho® Ready-Spray® II System

[Applicator (Device) (Applicator Name) Directions/Instructions]

HOW TO USE:

Connect:

1. Connect sprayer to [garden] hose.
2. Turn on water.

[User Tip: Start at the farthest point in your yard and work back.]

Spray:

1. To BEGIN spraying, slide/rotate [color] switch to "ON".
2. Spray only until the surface of the lawn is wet. Spray evenly.

Finish:

1. To STOP spraying, slide/rotate [color] switch to "OFF".
2. Turn off water.
3. Relieve water pressure by sliding/rotating [color] switch to "WATER/ON".
4. After water slows to a drip, slide/rotate [color] switch back to "OFF".
5. Disconnect sprayer from [garden] hose.

[Optional illustrations may be used in conjunction with the above steps]

STORAGE & DISPOSAL

PESTICIDE STORAGE: Store product in original container in a safe place away from direct sunlight.

PESTICIDE DISPOSAL AND/CONTAINER HANDLING: Nonrefillable container. Do not reuse or refill this container. **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

NOTE::

Bold, italicized text is information for the reader and is not part of the label.

The following claims may or may not appear on any label panel or in advertising. Appropriate formula and company specific information will be inserted on Final Printed Label to replace "X"

Efficacy Claims

1. Absorbed into both broadleaf and grassy weeds
2. Absorbed on contact, starts working immediately
3. Begins absorbing on contact
4. For general weed control – kills weeds and grasses in 1 to 2 weeks – roots and all
5. For weeds that are dead in [a] [one] day
6. Ideal for killing unwanted weeds and grasses throughout your yard. Use along fences; in cracks of walks, drives and patios; and around flower beds, trees and shrubs
7. Kills almost all (annual and perennial) weeds, grasses and other unwanted plants
8. Kills existing weeds only, no residual activity in soil
9. Kills more weeds in more places
10. Kills [to] the root(s)! [Guaranteed!]*
11. Kills [the toughest weeds and grasses] the root so weeds [they] don't come back
12. Kills the roots of [both] broadleaf and grassy weeds
13. Kills the root so treated weeds don't come back
14. Kills the weed you see and the root you don't
15. Kills the weed you see and the root others leave behind
16. Kills unwanted weeds and grasses, roots and all

NOTE::

13/
16

17. Kills weeds and grasses in – Patios - Driveways - Sidewalks - Ornamental Gardens and other non-lawn areas
18. Kills weeds in flowerbeds, around trees, shrubs, and fences, and on patios, paths, sidewalks, sidewalk cracks, walkways, driveways, and other areas in your yard
19. Kills weeds, roots and all
20. Lawns and gardens can be reseeded or planted soon after treatment
21. One application kills over [XXX] types of weeds and grasses, roots and all [maximum effectiveness]
22. Provides maximum control: Kills weeds to the root so they don't ever come back
23. Ornamental gardens can be reseeded or planted 2 days after treatment
24. Spray the [weed] leaves to kill the root

Formula Claims

25. Also use for large jobs such as lawn renovation and vegetable and flower garden preparation
26. Approved for most [many] lawn and garden uses
27. Can be used for habitat restoration, controlling exotic vegetation, and for site preparation of wildlife food plots
28. Can reseed or sod lawn 7 days after treatment
29. Deactivates in soil
30. Does not have soil activity
31. Fast-acting formula
32. Fast-acting formula absorbs to root more quickly
33. Fast-acting for visible results in 6 hours
34. Glyphosate targets an enzyme found in plants but not in people or pets
35. [Insert Brand Name/This product] can be used [almost] anywhere weeds and grasses grow, including patios, walkways, and driveways; along fences; in landscaping beds; or around flowers, shrubs and trees
36. Multipurpose grass and broadleaf weed control
37. No odor
38. Quick-action formula
39. Replant [lawn grasses, herbs, vegetables (all), and fruits] 7 days after application
40. Works only when absorbed by the foliage of weeds

Characteristics

41. Concentrated for extra value
42. Concentrate Formula
43. Covers [Treats up to] XXXX square feet/sq. ft.
44. Economical
45. Economical concentrate formula
46. Makes up to X gallons
47. Makes more than XX gallons
48. Mix with water to cover up to X sq. ft.
49. One/1 [bottle size] covers up to XXXX square feet/sq. ft.
50. One/1 [bottle size] treats [up to] XXXX square feet/sq. ft.
51. Spray weeds [Use] in flowerbeds, around trees, shrubs and around fences, and on patios, paths, sidewalk cracks, walkways, driveways, and other areas in our yard
52. [Use] For Brush Control

Weather & Speed

- 60. Dead [weeds] in a day
- 61. Even if it rains – [this product or *insert brand name*] won't lose its effectiveness.
- 62. For control that doesn't [won't] wash away
- 63. Next day [this weekend] results: Begin killing on contact, visible results in 6 hours
- 64. Once it enters the plant, it won't wash off
- 65. Rain Fast in hours [10, 30, XX] – enters the plant on contact
- 66. Rainproof
- 67. Rainproof in [10, 30, XX minutes] [for control that won't wash away]
- 68. [See] [Visible] results in hours [overnight] [1 day] [days]
- 69. Speeds absorption to the root for complete kill
- 70. Starts to kill in X hours
- 71. Starts working immediately [in hours]
- 72. Visible effects and gradual wilting and yellowing advancing to complete browning and root destruction.
- 73. [Provides] Visible [see] results in [X hours] [days]
- 74. Won't wash off [away]
- 75. Works first time, every time
- 76. Works in X hours
- 77. Works overnight

Applicator Claims

- 78. [Applicator name]
- 79. [Ergonomic] [Comfort] grip [handle]
- 80. [includes] water [only] setting
- 81. [Requires] no measuring, [no mixing]
- 82. [reusable] [drain-back/measuring] cap
- 83. [Simply] attach to [garden] hose and spray [go]
- 84. [The] Easy way to spray
- 85. Convenient [simple] design
- 86. Direct[ly] Connects to Ortho® Dial N Spray®
- 87. Easy [and simple] to use
- 88. Easy [Simple] to attach [to [garden] hose]
- 89. Easy measure cap [top] [lid] [cup]
- 90. Hands stay dry
- 91. Measure with ease
- 92. Mess free cap [top] [lid] [cup]

15/16

NOTE::
