

U.S. ENVIRONMENTAL PROTECTION AGENCY

Office of Pesticide Programs
Registration Division (7505P)
1200 Pennsylvania Ave., N.W.
Washington, D.C. 20460

EPA Reg. Number:

239-2756

Date of Issuance:

2/13/20

NOTICE OF PESTICIDE:

Registration
 Reregistration
(under FIFRA, as amended)

Term of Issuance:

Unconditional

Name of Pesticide Product:

GC X Concentrate

Name and Address of Registrant (include ZIP Code):

The Scotts Company d/b/a The Ortho Group
P.O. Box 190
Marysville, OH 43040

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is unconditionally registered in accordance with FIFRA section 3(c)(5) provided that you:

1. Submit and/or cite all data required for registration/reregistration/registration review of your product when the Agency requires all registrants of similar products to submit such data.

Signature of Approving Official:

Erik Kraft, Product Manager 24
Fungicide Herbicide Branch, Registration Division (7505P)

Date:

2/13/20

2. Make the following label changes before you release the product for shipment:
 - Revise the EPA Registration Number to read, “EPA Reg. No. 239-2756.”
3. Submit one copy of the revised final printed label for the record before you release the product for shipment.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Compliance.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records. Please also note that the record for this product currently contains the following CSFs:

- Basic CSF dated 10/09/2018
- Alternate CSF A dated 10/09/2018
- Alternate CSF B dated 10/09/2018
- Alternate CSF C dated 10/09/2018

If you have any questions, please contact Manjula Unnikrishnan by phone at 703-347-8520, or via email at unnikrishnan.manjula@epa.gov

FIRST AID

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-877-465-5161 for emergency medical treatment information.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS & DOMESTIC ANIMALS

CAUTION: Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse. Wear protective eye wear.

ENVIRONMENTAL HAZARDS:

This product is toxic to plants. Drift and run-off may be hazardous to plants in water adjacent to treated areas. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow pesticide off the treatment area. Rinsing application equipment over the treated area will help to avoid run off to water bodies or drainage systems.

DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Read entire label.

Restrictions

- **DO NOT** enter or allow others to enter treated areas until sprays have dried.
- **DO NOT** apply this product in a way that will contact any person, pet, either directly or through drift.
- Keep people and pets out of the area during application.
- **DO NOT** use on lawns, on or around fruits, vegetables, flowers, shrubs, trees, or over the root zone of shrubs or trees.
- **DO NOT** apply over their root systems. For shrubs and trees, **DO NOT** apply closer than twice the distance from the trunk to the drip line as roots may be within this area.
- **DO NOT** apply to slopes as movement on soil surface may damage desirable plants down the slope.
- **DO NOT** apply next to fence if desirable plants are growing on the other side or if future planting is intended.
- **DO NOT** use before planting lawns, fruits, vegetables, flowers, or other plants because GC X Concentrate/this/the product remains active in soil for up to one year. In heavy clay soil, weed control may exceed one year.
- To avoid damage to desirable plants, **DO NOT** apply over their root systems. For shrubs and trees, **DO NOT** apply closer than twice the distance from the trunk to the drip line [the area shaded in gray] as roots may be within this area.
- Single maximum single application rate is 24 fl oz per 300 square feet (1.14 lb glufosinate ammonium and 0.9 lb imazapyr acid equivalent per acre per application).

Bold, italicized text is information for the reader and is not part of the label.

[Bracketed information is optional text]. Text separated by / denotes and/or options.

- The maximum number of applications is limited to one per year.
- The maximum yearly application rate is 24 fl oz per 300 square feet (1.14 lb glufosinate ammonium and 0.9 lb imazapyr acid equivalent per acre per application).
- **DO NOT** attempt to treat more than 300 sq ft.

HOW IT WORKS/PRODUCT INFORMATION

- GC X Concentrate/this/the product kills existing vegetation [weeds/[grass(es)]]/[and/all/&]/[vegetation] and prevents/[blocks]/[controls]/[stops] regrowth for up to 1 year.

WHERE TO APPLY/USE:

- Apply GC X Concentrate/this/the product only where no vegetation is desired for at least a year.
- Use on driveways, sidewalks, fence lines, paver patios, walkways, gravel areas, rock and desert landscapes, under decks, parking areas, and along fences and curbs.

Note to PM: the following is alternative text to the previous bullet point.

- [Use where no plant growth is wanted for at least a year on driveways, sidewalks, fence lines, paver patios, walkways, gravel areas, parking areas, and other hardscapes.]

WHEN TO APPLY/USE:

- Water the day before application if soil is dry.
- Apply to bare ground or when weeds are [present] [actively growing].
- If weeds are taller than 6 inches, mow or cut down [weeds] and remove debris before treatment.
- For best results, apply [on a sunny day] with/when temperatures are above 60°F.
- To prevent the growth of listed weeds [under patios/ asphalt driveways/ tennis courts/play areas/ and parking areas], apply before laying surfacing materials.
- Apply only to areas where no vegetation growth is wanted for up to 1 year.
- In heavy clay soil, plant growth may be prevented for more than one year.
- In areas of heavy rainfall, applications every 6 to 8 months may be necessary.
- If weeds re-grow in treated areas, it is advised that these weeds be spot treated with NNS 8766314 [EPA Reg. No. 239-2754 is a Concentrate that contains ammonium nonanoate].

HOW TO APPLY/USE:

Tank Sprayer

[Applicator (Device)(Applicator Name) Directions/Instructions]

- Add 24 fl oz of product per 1 gallon.
- Apply to places where vegetation is not desired.
- Allow to soak into ground, avoiding runoff to nearby desirable plants.

Important:

To prevent sprayer from clogging, always clean after use, as directed.

Bold, italicized text is information for the reader and is not part of the label.

[Bracketed information is optional text]. Text separated by / denotes and/or options.

STORAGE AND DISPOSAL

PESTICIDE STORAGE: Store product in original container in a safe place. Protect from freezing.

PESTICIDE DISPOSAL AND CONTAINER HANDLING: Nonrefillable container. Do not reuse or refill this container. **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste disposal agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

NOTICE: To the extent consistent with applicable law, buyer assumes all risks of use, storage or handling of this product not in accordance with directions.

Optional Marketing Claims

The following Product Facts format is optional and the information may appear inside or outside of a box.
