

U.S. ENVIRONMENTAL PROTECTION AGENCY
 Office of Pesticide Programs
 Registration Division (7505P)
 1200 Pennsylvania Ave., N.W.
 Washington, D.C. 20460

EPA Reg. Number:

239-2764

Date of Issuance:

3/23/20

NOTICE OF PESTICIDE:

Registration
 Reregistration
 (under FIFRA, as amended)

Term of Issuance:

Conditional

Name of Pesticide Product:

Bug Granule 273826-P

Name and Address of Registrant (include ZIP Code):

Chris Zemanek
 Analyst, Federal Registration
 The Scotts Company
 PO Box 190
 Marysville, OH 43040

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(C). You must comply with the following conditions:

1. Submit and/or cite all data required for registration/reregistration/registration review of your product under FIFRA when the Agency requires all registrants of similar products to submit such data.

Signature of Approving Official:

Jacquelyn Herrick, Product Manager 03
 Invertebrate and Vertebrate Branch 1, Registration Division
 (7505P)

Date:

3/23/20

- Bifenthrin GDCI-128825

You must comply with all of the data requirements within the established deadlines. If you have questions about the Generic DCI listed above, you may contact the Chemical Review Manager in the Pesticide Reevaluation Division: <http://iaspub.epa.gov/apex/pesticides/f?p=chemicalsearch:1>

3. Make the following label changes before you release the product for shipment:
 - Revise the EPA Registration Number to read, "EPA Reg. No. 239-2764."
4. Submit one copy of the final printed label for the record before you release the product for shipment.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

If you fail to satisfy these data requirements, EPA will consider appropriate regulatory action including, among other things, cancellation under FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records. Please also note that the record for this product currently contains the following CSFs:

- Basic CSF dated 06/24/2019
- Alternate CSF B dated 03/23/2020
- Alternate CSF C dated 03/23/2020
- Alternate CSF D dated 03/23/2020

If you have any questions, please contact Anna Briley by phone at (703) 347-0262, or via email at briley.anna-katrina@epa.gov.

[Intended] for residential [lawn, home perimeter, ornamental & flower garden, and home garden] use only
[May contain peanut by-products]

Active Ingredient:

Bifenthrin*	0.20%
Other Ingredients	99.80%
Total	100.00%

*Cis isomers 97% minimum, trans isomers 3% maximum.

KEEP OUT OF REACH OF CHILDREN

CAUTION

See back [panel/of bag] for additional precautionary statements.

NET WT. XXX LBS / XXX KG

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS & DOMESTIC ANIMALS

CAUTION: Harmful if swallowed. Causes moderate eye irritation. Avoid contact with eyes, skin, or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet.

User Safety Recommendations: User should wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet. User should remove clothing/personal protective equipment (PPE) immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing

FIRST AID

If swallowed	<ul style="list-style-type: none"> Call a poison control call center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to by the poison control center or doctor. Do not give anything by mouth to an unconscious person.
If in eyes:	<ul style="list-style-type: none"> Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.
If on skin or clothing	<ul style="list-style-type: none"> Take off contaminated clothing Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.
HOTLINE NUMBER	

Bold, italicized text is information for the reader and is not part of the label.

[Bracketed information is optional text]. Text separated by / denotes and/or options.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-877-465-5161 for Emergency Assistance.

NOTE TO PHYSICIAN

This product is a pyrethroid. If large amounts have been ingested, the stomach and intestine should be evacuated. Treatment is symptomatic and supportive. Digestible fats, oils or alcohol may increase absorption and should be avoided.

ENVIRONMENTAL HAZARDS: This product is extremely toxic to fish and aquatic invertebrates. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutter or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area. Sweeping any product that lands on a driveway sidewalk, or street, back onto the treated area of the lawn will help to prevent run off to water bodies or drainage systems.

PHYSICAL AND CHEMICAL HAZARDS

Do not mix or allow product to come in contact with oxidizing agent. Hazardous chemical reaction may occur.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

USE RESTRICTIONS

- Apply this product directly to the lawn or garden area. Water treated area as directed on this label. Do not water to the point of run-off. Do not make applications during rain.
- Do not apply to hard surfaces such as sidewalks, driveways, and streets where the product is likely to wash off into sewers and waterways.
- Do not allow people and pets to re-enter treated areas until granules have been watered in and area has dried.
- [In New York State, this product may NOT be applied to any grass or turf area (lawns) within 100 feet of a water body (lake, pond, river, stream, wetland, or drainage ditch). In New York State, do make a single repeat application of this product if there are signs of renewed insect activity, but not sooner than two weeks after the first application.]
- Apply early/proactively [in the spring/summer/fall] to prevent infestation.
- [Otherwise, apply when insect activity or damage is first observed in the lawn (lawn thins and turns brown or moths fly from the grass when you mow). Do not treat just the browned area of lawn. To prevent further damage, treat entire lawn.]

If watering in, allow area to dry before re-entering

Note to PM: Optional text above starting with “Otherwise to “Lawn” will be omitted if Lawns use site does not appear on the FPL.

Note to PM: The List beginning “Use Ortho Lawn Insect Control to kill and provide 6 month residual control of” will be referred to as Table 1 in the Claims Section. The List beginning “Use Ortho Lawn Insect Control to kill and provide 3 month residual control of” will be referred to as Table 2 in the Claims Section. The List beginning “Ortho Lawn Insect Control also kills” will be referred to as Table 3 in the Claims section. When Expanded Kills claims are used the claims section provides instruction on when the “Also Kills” list will appear on the FPL.

SHAKER JUG APPLICATOR

Note to PM: Alternative applicator directions based on the applicator/container type (jug/bag). For products packaged in 5 lbs or less.

Option 1 (for the jug)

[APPLICATION DIRECTIONS]

- Step 1.** Remove cap by rotating counter clockwise.
- Step 2.** Remove seal from bottle.
- Step 3.** Replace cap by rotating clockwise until tight.
- Step 4.** Flip open spout.
- Step 5.** While holding bottle parallel to ground shake in a side to side motion to dispense product [See illustration below for correct application]. **NOTE to PM: See page 14 for image**
- Step 6.** For storage, flip spout closed.

Option 2 (for the bag with a spout)

[APPLICATION DIRECTIONS]

- Step 1.** Remove cap by rotating counter clockwise.
- [Step 2.]** [Remove seal.]
- Step 3.** Tilt spout toward the ground and gently disperse the product.] [See illustration for correct application].
NOTE to PM: See page 14 for image
- Step 4.** For storage, replace cap by rotating clockwise until tight.

STORAGE AND DISPOSAL [icon][trash can]

PESTICIDE STORAGE: Keep out of reach of children and animals. Store in original bag/container only. Store in a clean, dry, well ventilated place and avoid excess heat. For bags/containers after partial use, reseal opened bag/container [by folding top down and securing].

PESTICIDE DISPOSAL AND CONTAINER HANDLING: Nonrefillable container. Do not reuse or refill this container. If empty: Place in trash or offer for recycling, if available. If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.
