

U.S. ENVIRONMENTAL PROTECTION AGENCY
 Office of Pesticide Programs
 Registration Division (7505P)
 1200 Pennsylvania Ave., N.W.
 Washington, D.C. 20460

EPA Reg. Number:

239-2782

Date of Issuance:

1/27/22

NOTICE OF PESTICIDE:

Registration
 Reregistration
 (under FIFRA, as amended)

Term of Issuance:

Unconditional

Name of Pesticide Product:

GC SLWK RTU

Name and Address of Registrant (include ZIP Code):

The Scotts Company
 14111 Scottslawn Road
 Marysville, OH 43041

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is unconditionally registered in accordance with FIFRA section 3(c)(5) provided that you:

1. Submit and/or cite all data required for registration/reregistration/registration review of your product when the Agency requires all registrants of similar products to submit such data.

Signature of Approving Official:

for
 Product Manager 24
 Fungicide and Herbicide Branch, Registration Division (7505P)

Date:

1/27/22

2. Make the following label changes before you release the product for shipment:
 - Revise the EPA Registration Number to read, “EPA Reg. No. 239-2782.”
3. Submit one copy of the revised final printed label for the record before you release the product for shipment.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Compliance.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records. Please also note that the record for this product currently contains the following CSFs:

- Basic CSF dated 12/09/2020
- Alternate CSF A-D dated 12/09/2020
- Alternate CSF E-H dated 10/18/2021

If you have any questions, please contact Marc Sheahin by phone at 202-566-2896, or via email at sheahin.marc@epa.gov.

[Bracketed information is optional text]. Text separated by / denotes and/or options.

GC SLWK RTU

ACTIVE INGREDIENTS:

Pelargonic Acid	2.000%
Imazapic, ammonium salt	0.017%
OTHER INGREDIENTS:	<u>97.983%</u>
TOTAL:	100.000%

THIS PRODUCT CONTAINS:

0.0014 lb imazapic acid equivalent per gallon or 0.016%
0.173 lb pelargonic acid per gallon

KEEP OUT OF REACH OF CHILDREN

See [back] [side] [other] [panel] [booklet] for additional precautionary statements.

NET CONTENTS: XX FL OZ (X GAL/QT/PT) XX [L/mL]

Bold, italicized text is information for the reader and is not part of the label.

[Bracketed information is optional text]. Text separated by / denotes and/or options.

PRECAUTIONARY STATEMENTS

ENVIRONMENTAL HAZARDS:

This product is toxic to plants. Drift and run-off may be hazardous to plants in water adjacent to treated areas. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow pesticide off the treatment area. Rinsing application equipment over the treated area will help to avoid run off to water bodies or drainage systems.

NON-TARGET ORGANISM ADVISORY: This product is toxic to plants and may adversely impact the forage and habitat of non-target organisms, including pollinators, in areas adjacent to the treated site. Protect the forage and habitat of non-target organisms by following label directions intended to minimize spray drift.

GROUNDWATER ADVISORY: This chemical has properties and characteristics associated with chemicals detected in groundwater. This chemical may leach into groundwater if used in areas where soils are permeable, particularly where the water table is shallow

SURFACE WATER ADVISORY: This product may impact surface water quality due to runoff of rain water. This is especially true for poorly draining soils and soils with shallow ground water. This product is classified as having high potential for reaching surface water via runoff for several months or more after application.

A level, well-maintained vegetative buffer strip between areas to which this product is applied and surface water features including ponds, streams, and springs will reduce the potential loading of imazapic from runoff water and sediment. Runoff of this product will be reduced by avoiding applications when rainfall or irrigation is expected to occur within 48 hours.

DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Restrictions

- **DO NOT** apply this product in a way that will contact any person, pet, either directly or through drift.
- **DO NOT** spray plants or grasses you like - they will die [too].
- **DO NOT** use in lawns or for lawn renovation as this product prevents desirable grasses from growing too.
- **DO NOT** use for vegetable garden preparation or in and around fruits and vegetables.
- **DO NOT** spray landscaped areas, around young plants or in areas that will be planted or seeded within 6 months.
- **DO NOT** spray next to a fence if desirable plants and grasses are growing on the other side.
- Keep people and pets out of the area during application.

Bold, italicized text is information for the reader and is not part of the label.

[Bracketed information is optional text]. Text separated by / denotes and/or options.

- Wait at least 3 months before spraying a previously treated area unless new weeds appear, then re-spray the area as needed, but not exceeding 2 applications per year.
- The maximum single application rate is 128 fl oz per 300 sq ft (0.2 lb imazapic acid equivalent and 25 lb pelargonic acid per acre per application).
- The maximum number of applications is limited to 2 per year (0.4 lb imazapic acid equivalent and 50 lb pelargonic acid per acre per year).
- The maximum yearly application rate is 256 fl oz per 300 sq ft (0.4 lb imazapic acid equivalent and 50 lb pelargonic acid per acre per year).

[HOW IT WORKS/PRODUCT INFORMATION]

- GC SLWK RTU/this/the product kills existing [weeds] [and] [grasses] and prevents/stops [new weeds from growing/regrowth] for up to 6 months.
- GC SLWK RTU/this/the product is intended for use in areas where no vegetation is desired for up to 6 months, including driveways, mulched [landscaped] areas, along fences, sidewalks, walkways, patios, curbs, gutters and even cracks in sidewalks.
- GC SLWK RTU/this/the product is not for use on lawns, on or around fruits, vegetables, flowers, trees, shrubs, or other plants, or over the root zones of desirable vegetation.

WHERE TO APPLY/USE:

- Apply [GC SLWK RTU/this/the product] only in areas where you wish to kill existing weeds [and/or] prevent future weed growth for up to 6 months, including:
 - On cracks and crevices in driveways, sidewalks, walkways and patios
 - Along fences, foundations, retaining walls and curbs
 - In mulched beds or around the base of **well-established** (at least 6 months old) plants, shrubs or trees
 - Gravel areas
 - On parking areas and under decks

HOW TO APPLY/USE:

- Follow [illustrations] [and] [instructions] in the Sprayer Directions section to [prepare/prime] the sprayer.
- Spray existing weeds **AND the entire surrounding weed-prone area** you want to keep weed free for up to 6 months. Spray the area until **thoroughly wet**.
- When treating around the base of **well-established** (at least 6 months old) desirable plants, shield the plants from drift with a sheet of cardboard or plastic. If desirable plants are accidentally sprayed, rinse off immediately with water.

Bold, italicized text is information for the reader and is not part of the label.

[Bracketed information is optional text]. Text separated by / denotes and/or options.

SPRAYER APPLICATOR LANGUAGE SECTION

NOTE TO PM: Spray Pattern Descriptor is any word used to describe the pattern including flat, fan, coarse, or fine.

NOTE TO PM: Quotes around Directions are optional (i.e. "ON", "OFF")

Option 1 – Bottle attached trigger sprayer

[Conventional Trigger RTU/Applicator Device/Applicator Name Directions/Instructions]

[If Applicator is not attached:][Remove cap [and seal], then insert applicator/sprayer in/into the bottle. Tighten applicator/sprayer to bottle/container/pouch]

[HOW TO USE:]

[Spray]

1. Turn sprayer nozzle to desired spray/spray pattern/foam/ setting/perimeter setting/ "On"/spray pattern descriptor.
2. Squeeze trigger [repeatedly] [to spray.]

[Finish]

1. [Turn sprayer nozzle to "OFF"/X.]

Option 2- Hose attached trigger sprayer

[Conventional Trigger Large RTU/Quick Connect Trigger Sprayer/Applicator/Applicator Name Directions/Instructions]

[HOW TO USE:]

1. Remove sprayer/Applicator Name from bottle/holster/holder/box/container/package [by sliding/pulling/pushing sprayer up/down/in/out].
2. [Remove cap/seal/cover on pouch/container/bottle spout/knob/fitment]
3. Unwrap/Uncoil hose and insert [[color] hose connector] into [color] spout/knob/opening/lid [on][bottle/pouch/container] [cap] [until it clicks].
4. [Flip up [color] spout until fully upright / Twist spout/knob to "ON" / Pull spout up Rotate hose connector [to lock/engage/open/secure].]
5. Turn sprayer nozzle to desired spray/spray pattern/foam/ setting/perimeter setting/ "On"/spray pattern descriptor.
6. Squeeze trigger [repeatedly] [to spray.]

[Finish]

1. [Turn sprayer nozzle to "OFF" / X.]
2. [**DO NOT** disconnect hose connector [from spout/cap/knob/opening].]
3. [Place sprayer back into holster/holder.]

Option 3 – Pull 'N Spray

[Pull 'N Spray/Applicator/Applicator Device/Applicator Name Directions/Instructions]

[HOW TO USE:]

Bold, italicized text is information for the reader and is not part of the label.

[Bracketed information is optional text]. Text separated by / denotes and/or options.

1. Remove sprayer/Applicator Name from bottle/holster/holder/box/container/package [by sliding/pulling/pushing sprayer up/down/in/out]
2. [Remove cap/seal/cover on pouch/container/bottle spout/knob/fitment]
3. Unwrap/Uncoil hose and insert [[color] hose connector] into [color] spout/knob/opening/lid [on][bottle/pouch/container] [cap] [until it clicks].
4. [Flip up [color] spout until fully upright / Twist spout/knob to "ON" / Pull spout up Rotate hose connector [to lock/engage/open/secure].]
5. Turn sprayer nozzle to desired spray/spray pattern/foam/ setting/perimeter setting/ "On"/spray pattern descriptor.
6. Point sprayer away from body. Slowly pull ring at bottom of sprayer until it stops, and hold for two [2] seconds to fill sprayer.
7. Press trigger to spray.

[Finish]

1. [Turn sprayer nozzle to "OFF" / X.]
2. **[DO NOT** disconnect hose connector [from spout/cap/knob/opening].]
3. [Place sprayer back into holster/holder.]

Option 4 – Battery Hose Attached Sprayer

[Battery Powered Wand/Comfort Wand/Comfort Shot Wand/Applicator/Wand/Applicator Name Directions/Instructions]

[HOW TO USE:]

1. Remove sprayer/Applicator Name from bottle/holster/holder/box/container/package [by sliding/pulling/pushing sprayer up/down/in/out].
2. [Remove [color] pull strip to activate batteries].
3. [Unfold / Flip Open [Applicator Name/applicator/wand] until it clicks/locks into position.]
4. [Extend wand/applicator/nozzle] [fully].

1. [Remove cap/seal/cover on pouch/container/bottle spout/knob/fitment]
2. Unwrap/Uncoil hose and insert [[color] hose connector] into [color] spout/knob/opening/lid [on][bottle/pouch/container] [cap] [until it clicks].
3. [Flip up [color] spout until fully upright / Twist spout/knob to "ON" / Pull spout up / Rotate hose connector [to lock/engage/open/secure].]

1. Turn sprayer nozzle to desired spray/spray pattern/foam/ setting/perimeter setting/ "On"/spray pattern descriptor.
2. [Slide [color] switch on trigger to "Unlock"].
3. Press trigger to spray.

1. [Turn nozzle to "OFF"/X].
2. [Slide [color] switch on trigger to "Lock"].
3. [Fold [Applicator Name/wand/applicator] closed [and place sprayer/wand back in holster/holder].]

Important Use Information: DO NOT submerge in water. When storing sprayer for long periods, remove batteries.

[To replace batteries: See marked diagram inside battery compartment.]

Bold, italicized text is information for the reader and is not part of the label.

[Bracketed information is optional text]. Text separated by / denotes and/or options.

Option 5 – Pump Container with Applicator

[Pump 'n Go/EZ Sprayer/Applicator/Applicator Device/Applicator Name Directions/Instructions]

[HOW TO USE:][HOW TO ASSEMBLE AND USE INSTRUCTIONS][FOR][Pump 'n Go/Applicator Name]

1. [Carefully cut the [two] [color] zip tie[s] securing hose and pump handle with scissors, using caution not to cut [color] hose.]

2. [Unwind hose.][Firmly push the [hose] connector at the end of the hose onto the [color] spout/cap/knob/opening on the pump [, until it locks into place].]

[PREP [WAND/SPRAYER]][Extend Wand][]

Lift sprayer [wand] off bottle. Push [color] button while pulling out on the sprayer/wand nozzle tip. Fully extend wand/sprayer until [color] button snaps into SPRAY POSITION. NOTE: [Color] Trigger will not function until wand is fully extended and [color] button is visible in the SPRAY POSITION.

Make sure handle is screwed on tightly [, or the bottle will not pressurize]. Pump container 25-30 [X-X] times to pressurize bottle. A full bottle requires fewer pumps than an empty bottle. Pumping to the higher range will provide longer spray duration. After pumping, push pump down and turn handle clockwise/counterclockwise to lock into carrying position.

NOTE: This bottle is designed to expand under pressure and cannot be over-pressurized.

Aim wand/sprayer. Spray by pushing down [color] trigger with thumb. Adjust spray pattern by rotating [color] nozzle tip up to one-half rotation.

[When finished spraying,] push the [color] button and retract/fold the wand/sprayer until the [color] button snaps back into the original storage position. Place wand/sprayer back onto the top of the bottle [in the integrated holster with nozzle tip extended through the eyelet opening].

Push pump handle all the way down and turn pump handle and cap counter-clockwise/clockwise to relieve pressure, then retighten to store.

Option 6 - Squeeze

[Applicator Name/Applicator Directions/Instructions]

[HOW TO USE/APPLY] *Alternative Text:* [HOW TO ASSEMBLE AND USE INSTRUCTIONS]:

000239-00NEW.20220125

Bold, italicized text is information for the reader and is not part of the label.

[Bracketed information is optional text]. Text separated by / denotes and/or options.

[Open:]

1. [Twist off cap and remove foil liner.]
2. [Replace cap.]
3. Flip/Twist/Open Cap

[Spray:]

1. To BEGIN spraying, invert the bottle and point/aim/direct [at the insect/or area of application]
2. Squeeze the bottle [to initiate the flow of product.]
3. Spray only until the surface is wet. / Spray evenly

[Finish:]

1. [To STOP spraying, release pressure / turn bottle upright]
 2. [Flip/twist/close the cap [until you hear an audible snap / until secure].]
-
-

Option 7 – Flairosol

[Applicator Name/Applicator Directions/Instructions]

[HOW TO USE:]**[Prep]**

1. [Before first use prime the trigger by pumping/squeezing it [several/a few times]]
2. [Slide/Press [color] switch/button [on trigger] to “Unlock”].

[Spray/Apply]

1. Squeeze/pump/pull/press trigger/button to release spray/mist
2. Spray [directly] onto/at insects/bugs or onto surfaces

[Finish]

1. [When empty purchase refill bottle & reuse [trigger] sprayer]
-
-

Option 8 – Integrated Primo Wand

[Battery Powered/Comfort/Ergo [Shot] Wand/Applicator/Applicator Name Directions/Instructions]

[HOW TO USE:]**[Prep [Wand]]**

1. [Unsnap/Unsecure/Unlock wand/applicator and Extend wand/applicator [upward/fully][until it clicks into place]]
2. [Remove [color] pull strip to activate batteries].

[Spray]

1. Turn sprayer nozzle to desired spray/spray pattern/foam/ setting/perimeter setting/ “On”/spray pattern descriptor.
2. [Slide [color] switch on trigger to “Unlock”].
3. Press trigger to spray.

[Finish]

1. [Turn nozzle to “OFF”/X].
2. [Slide [color] switch on trigger to “Lock”].
3. [Fold [Applicator Name/wand/applicator] closed]

Important Use Information: When storing sprayer for long periods, remove batteries.

Bold, italicized text is information for the reader and is not part of the label.

[Bracketed information is optional text]. Text separated by / denotes and/or options.

[To replace/change batteries: Remove sprayer head/applicator from bottle by rotating clockwise/counterclockwise to access battery compartment. See marked diagram inside battery compartment.]

Optional Troubleshooting Section for Options 4 and 8

Troubleshooting Tips:

Problem: Sprayer does not spray [function].

Possible Cause: Batteries not installed properly.

Solution: See instructions for correct battery placement.

Problem: Sprayer makes a straining noise [Sprayer runs but nothing [no product] comes out].

Possible Cause: Sprayer nozzle is turned off.

Solution: Turn sprayer nozzle to [desired] spray setting [position].

Possible Cause: [Red] [color] hose connector is not flipped up.

Solution: Insert [color] hose connector into [color] spout/knob/opening on bottle cap until it clicks and flip up spout until fully upright.

Possible Cause: Sprayer is not primed.

Solution: Press and hold button on sprayer for about X (**10 / 15 / 20 / 30**) seconds to prime sprayer.

Problem: Spray pattern is weak [or uneven] [product flow is uneven or dribbles out of nozzle].

Possible Cause: Weak batteries.

Solution: Install fresh set of batteries.

Possible Cause: [Red] [color] hose connector is not flipped up.

Solution: Insert [color] hose connector into [color] spout/knob/opening on bottle cap until it clicks. [Attach coupler to the cap] and flip up spout until fully upright.

Possible Cause: Sprayer nozzle not fully open.

Solution: Turn sprayer nozzle to [desired] spray setting [position].

End of Optional Troubleshooting Section for Options 4 and 8

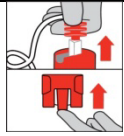

Refill/Applicator Reuse Options

Option 1 – Applicator Reuse

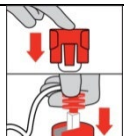

[Applicator Name/Wand] REFILL/REUSE DIRECTIONS

How to attach applicator name/wand to GC SLWK RTU/Product Name/refill/recharge/renew/fill-up/reload/bottle/container:

Removing [color] hose/Comfort Wand/Applicator Name from original bottle/container:

	<p>Remove the [color] hose connector from the original bottle/container/pouch by pulling the [color] plug from the [color] spout [on cap].</p> <p>[To remove the side holster/holder from original bottle/container/pouch, pull/lift the bottom tab underneath and slide the holster/holder up.]</p>
---	--

Adding [color] hose/Comfort Wand/Applicator Name to GC SLWK RTU/Product Name/refill/recharge/renew/fill-up/reload/bottle/container:

	<p>[Attach the sprayer holster/holder to GC SLWK RTU/Product Name/refill/recharge/renew/fill-up/reload/bottle/container by sliding the holster/holder down onto the knob.]</p> <p>Insert [color] hose connector into [color] spout [on cap] [until it clicks].</p>
---	--

Note to PM: The illustrations may or may not appear on the final printed label. The use of illustrations is dependent upon the size of the packaging.

NOTE:

EPA Reg. No. 239-NEW

Bold, italicized text is information for the reader and is not part of the label.

[Bracketed information is optional text]. Text separated by / denotes and/or options.

OR

[Applicator Name/Flairosol] REFILL: This bottle/container may be refilled with GC SLWK RTU/Product Name. To refill twist/snap GC SLWK RTU/Product Name into/onto spray/applicator nozzle/top.

OR

[Applicator Name/Flairosol] REFILL/REUSE DIRECTIONS

How to attach Applicator Name/Flairosol to GC SLWK RTU/Product Name/refill/recharge/renew/fill-up/reload/bottle/container:

Remove sprayer/applicator/top from the empty container/bottle by rotating it clockwise/counter clockwise. Place sprayer/applicator/top on the refill container and rotate it clockwise/counter clockwise [until it is secure].

OR

Remove sprayer/applicator/top from the empty container by pulling the bottle/container down/out. Place sprayer/applicator/top on the refill container/bottle and push up on the bottle/container [until it is secure].

OR

Refill Container

Use this product to refill the empty [insert brand name for GC SLWK RTU] container by pouring product carefully and directly into the container. **DO NOT** add water.

HOW TO REFILL

For [Ready-To-Use] Containers with Applicators Intended to be Reused/Refilled

To refill this empty container, pour product carefully and directly from the [insert brand name] container designated as the ready-to-use refill container. **DO NOT** add water.

Option 2 – Integrated Primo Wand Applicator Reuse

REFILL/REUSE DIRECTIONS / How to Reuse/Refill

How to attach Applicator Name/integrated wand to GC SLWK RTU/Product Name/refill/recharge/renew/fill-up/reload/bottle/container:

1. Remove sprayer head/applicator from botte by rotating clockwise/counterclockwise and remove from empty bottle/container/pouch.
 2. Remove cap/lid from GC SLWK RTU/Product Name/refill/recharge/renew/fill-up/reload/bottle/container/pouch.
 3. [Remove Seal.]
 4. Insert tube/straw into GC SLWK RTU/Product Name/refill/recharge/renew/fill-up/reload/bottle/container/pouch.
 5. Secure the sprayer head/applicator from botte/container/pouch by rotating clockwise/counterclockwise
-
-

Bold, italicized text is information for the reader and is not part of the label.

[Bracketed information is optional text]. Text separated by / denotes and/or options.

Option 3 – Refill by pouring same RTU formula from Liquaflex refill package

[REFILL DIRECTIONS/INSTRUCTIONS]

1. **DO NOT** reuse or refill this container/pouch. Use this product to refill the empty [Product name] container/bottle/pouch.
2. For best pouring experience place bag and refill bottle next to each other at waist height
3. Remove cap
4. Grasp [handle] with dominant hand
5. Place the other hand on the front side of the bag/pouch/container for stability
6. Carefully pour liquid into target container/bottle/pouch

Option 4 – Refill by pouring same RTU formula into Pump Container with Applicator

How to refill [Quick Pump/Pump 'N Go/Applicator Name] [using/with] [1.33 Gallon Ready-To-Use Refill/GC SLWK RTU/Product Name/refill/recharge/renew/fill-up/reload/bottle/container]:

1. Remove pump handle on Quick Pump/Pump N Go/Applicator Name by twisting it counterclockwise.
2. Remove cap from GC SLWK RTU/Product Name/refill/recharge/renew/fill-up/reload/bottle/container/pouch.
3. Pour product carefully and directly into [Quick Pump/Pump 'N Go/Applicator Name] container/bottle. **DO NOT** fill above 2"/3"/4" from top of container/bottle. **DO NOT** add water.
4. Secure pump handle back on container by twisting it clockwise until tight.

WHEN TO APPLY/USE:

- Apply to [unwanted] actively growing weeds [and grasses], or to bare soil where plant growth is not desired.
- For best results, apply during warm, sunny weather above 60°F.
- If weeds are taller than 6 inches, they must be cut down and removed before application.
- Apply when the air is calm to avoid drift to desirable plants.
- Rain or watering at least 1 hour after application will NOT wash away effectiveness.
- Wait at least 3 months before spraying a previously treated area unless new weeds appear, then re-spray the area as needed.

WHEN TO REPLANT:

All ornamental bedding plants (annuals and perennials), trees, shrubs, sod and seed can be planted **6 months after** application.

Bold, italicized text is information for the reader and is not part of the label.

[Bracketed information is optional text]. Text separated by / denotes and/or options.

Kills and Prevents [all types of] [Tough] Weeds [and grasses] [including]:

Anoda, Spurred	Fleabane, Annual	Morningglory, Smallflower	Signalgrass, Broadleaf
Baby's Breath	Foxtail, Giant	Morningglory, Tall	Smartweed, Ladysthumb
Bahigrass	Foxtail, Green	Mustard, Wild	Smartweed, Pennsylvania
Barley, Little	Foxtail, Yellow	Nutsedge, Purple	Smartweed, Swamp
Barley, Squirrel Tail	Garlic, Wild	Nutsedge, Yellow	Smutgrass
Barnyardgrass	Geranium, Carolina	Onion, Wild	Spurge, Spotted
Bedstraw, Catchweed	Geranium, Cranesbill	Panicum, Fall	Spurge, Toothed
Bedstraw, Marsh	Goosegrass	Panicum, Texas	Stiltgrass, Japanese
Bindweed, Field	Ground Cherry	Pepperweed, Perennial	Stinkgrass, Annual
Buffalobur	Hemlock, Poison	Pigweed	Tansymustard
Canarygrass, Reed	Henbit	Plantain, Narrowleaf	Teasel, Common
Cheat	Houndstongue, Bristly	Poinsettia, Wild	Thistle, Bull
Chickweed, Common	Indigo, Hairy	Puncture Vine	Thistle, Musk
Cocklebur, Common	Itchgrass	Purslane, Common	Thistle, Platt

STORAGE AND/ & DISPOSAL

PESTICIDE STORAGE: Store product in original container in a safe place. Protect from freezing.

Note to PM reviewer: Below is For Non-Refillable containers

PESTICIDE DISPOSAL AND/ & CONTAINER HANDLING: If empty: Nonrefillable container. Do not reuse or refill this container. Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

Note to PM: Below is For Refillable Containers

PESTICIDE DISPOSAL AND/ & CONTAINER HANDLING: Refillable container. [Refill this container with GC SLWK RTU/product name only.] [Do not reuse this container for any other purpose.] **AND/OR** [Applicator Name] can be reused with [Product Name refill bottle/container]. Follow instructions in the Reuse/Refill Directions [when reusing [applicator name]]. **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Do not pour or dispose down-the-drain or sewer. Call your local solid waste agency for local disposal options. Never place unused product down any indoor or outdoor drain.
