BUYER

American Cyanamid Company warrants only that the material obtained by the buyer conforms to the chemical description on the label and is reasonably fit for the use therein described when used in accordance with the directions for use.

Any damages arising from a breach of this warranty shall be limited to direct damages, and shall not include consequential or commercial damages such as loss of profits or value, etc.

American Cyanamid Company makes no other express or implied warranty, including any other express or implied warranty of FITNESS or of MERCHANTABILITY.

BUYER assumes the risk of any use contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable by American Cyanamid Company.

DIRECTIONS FOR USE

Do not use this product for any uses other than those specified on this label.

For control of mosquito and midge larvae, apply ABAIE 1-80 as specified below:

Areas of Treatment	Lbs. per Acre
Standing water, shallow ponds, lakes, woodland pools, catch basins	5 - 10
Tidal water, marshes, swamps and waters high in organic content	10 - 20

May be applied as a spot treatment to catch basins and similar areas where mosquitoes may breed.

Apply uniformly and repeat applications necessary. Do not use on crops used for food, storage or pasture.

This product is toxic to birds. Shrimp and crab may be killed at application rates listed on this label. Do not apply where these are important resources. Do not contaminate water by loading of equipment or disposal of wastes.

Do not reuse empty containers. Do not use for any other purpose. Keep away from smoke and heat.
