

WARNING

HARMFUL OR FATAL IF SWALLOWED OR ABSORBED THROUGH SKIN. CAUSES EYE IRRITATION
 Do not get in eyes, on skin or on clothing
 Wash thoroughly after handling
FIRST AID: If swallowed, induce vomiting by sticking finger down throat or by giving soapy or strong salty water to drink. Repeat until vomit is clear. Call a physician. Never give anything by mouth to an unconscious person.
 In case of contact, immediately remove contaminated clothing and shoes. Flush eyes or skin with plenty of water for at least 15 minutes. Call a physician. Wash clothing before re-use.
NOTE TO PHYSICIANS: This product upon repeated or prolonged use may cause cholinesterase inhibition. Atropine is antidotal.

This product is toxic to fish and wildlife. Keep out of lakes, streams and ponds. Birds feeding on treated areas may be killed.

DISCLAIMER

American Cyanamid Company warrants only that the material contained herein conforms to the chemical description on the label and is reasonably fit for the use therein described when used in accordance with the directions for use. Any damages arising from a breach of this warranty shall be limited to direct damages, and shall not include consequential commercial damages such as loss of profits or values, etc. American Cyanamid Company makes no other express or implied warranty, including any other express or implied warranty of FITNESS or of MERCHANTABILITY. BUYER assumes the risk of any use contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable by American Cyanamid Company.

DIRECTIONS FOR USE

Do not use this product for any uses other than those specified on this label.
RESIDUAL WALL SPRAY: For control of houseflies in dairy barns, hog pens, sheds, poultry houses and other farm buildings, mix 1 pint of CYGON V FLY SPRAY in 3 gallons of water. Apply this 1% spray to walls, ceilings and all fly-resting areas to the point of run-off. One gallon of spray

Net Contents: 1 Pint | XXXIX | 948

will cover 500 to 1,000 square feet of surface. Repeat applications as necessary.
 Remove animals from buildings prior to spraying.
SPOT SPRAY: Mix 1 pint of CYGON V FLY SPRAY in 2½ gallons of water and apply with knapsack or similar type sprayer to doorways, windows or other fly-resting areas. Repeat as necessary.
MAGGOT SPRAY: To control maggots in poultry droppings, caged layer houses, garbage piles and other breeding spots, mix 1 pint of CYGON V FLY SPRAY with 2½ gallons of water and apply as a coarse spray or with a sprinker can. Repeat application as manure or garbage is added.
GENERAL OUTSIDE USE: To control houseflies around homes, recreational areas, garbage cans, animal quarters, food-processing plants, warehouses, loading docks and refuse areas, spray exposed areas, such as walls, fences and refuse containers with 1 pint of CYGON V FLY SPRAY in 3 gallons of water. Repeat treatment as necessary. Good sanitation is a necessary part of any effective fly control program.
 Do not contaminate food and feed products, drinking fountains, litter and feed troughs. Do not use in milk-processing rooms, including milk houses and milk storage rooms. Do not use in homes.
 The use of the with 1-contaminated material for systemically protecting living plants is covered by Patent No. 3,210,242. The selling price includes a royalty for the right of any purchaser of said material to practice the methods claimed in said patent. A nontransferable license under said patent may be obtained from American Cyanamid Company on current royalty terms whatever the source of material used.
 Rinse spills on outside of bottle after use. When empty, wash thoroughly with water containing a household detergent. Recap and discard bottle. Never reuse.

In case of an emergency endangering life or property involving this product, call collect, day or night, Area Code 201-835-3100.
