

2% TEMEPHOS POWDER
For the control of fleas on dogs and cats

CYANAMID

For the control of fleas on dogs and cats, apply powder liberally over the animal and rub thoroughly into the skin. Start at the base of the neck and extend down the backbone to the tail. Dust the sides and abdomen. Be sure to apply also to the feet, between the toes and on the legs.

Net weight 100 g (3.527 oz)

EPN 581 100 g

CAUTION:

KEEP OUT OF REACH OF CHILDREN

May be harmful if swallowed. May cause irritation. In case of eye contact flush with water. Wash after handling.

Do not use on sick or convalescing animals. Do not use any other ectoparasitices in conjunction with Temephos.

DIRECTIONS FOR USE

For the control of fleas on dogs and cats, apply powder liberally over the animal and rub thoroughly into the skin. Start at the base of the neck and extend down the backbone to the tail. Dust the sides and abdomen. Be sure to apply also to the feet, between the toes and on the legs.

Repeat the treatment once every 4 weeks. Cats constantly lick their fur, therefore, to prevent flea reinfestation on cat, it is recommended that treatment be repeated every 3 to 4 weeks. For further protection, dust bedding, sleeping quarters and other areas where fleas are found. For continuous protection retreat dogs and cats following the directions.

WARRANTY

This product is warranted only if the material conforms to the chemical description on the label and is reasonably fit for use as described in the directions used in accordance with the directions for use.

Damages arising from a breach of this warranty shall be limited to those damages which do not include consequential or special damages. This is not to be construed as a limitation of the express or implied warranty of fitness for use. The express or implied warranty of fitness for use shall be null and void.

This product is not to be used in a manner which is not in accordance with the directions for use. The user assumes all responsibility for the proper use of this product.
