**NOTE:** Changes in labeling (or a difference in substance from that accepted in connection with this registration) must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an endorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The appearance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

1. Submit to the Agency the data required for registration/re-registration of this product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data.

2. Make all labeling changes before you release the product to the general public:

- a. Change the EPA Registration No. to "241-274".
- b. Change the labeling to specify the specific ant pests registered upon the data submitted, i.e., "effective against the following household ants, the black carpenter ant, odorous house ant, and the little black ant".

5. Submit to the Agency three copies of your final printed labeling for the product for shipment. Refer to the instructions for a further description of final labeling.

ATTACHMENT IS APPLICABLE

SIGNATURE OF APPROVING OFFICIAL: [REDACTED]

DATE: 1/18/85

If these conditions are not complied with, the registration will be subject of cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

For future reference the EPA Accession # assigned to the efficacy data submitted is 255219.

Inert Ingredients 99.1%  
**CAUTION: KEEP OUT OF REACH OF CHILDREN  
(SEE DIRECTIONS AND CAUTIONS ON BACK)**

BACK

# COMBAT Ant Control System

COMBAT® Ant Control System contains a new patented ingredient. COMBAT is effective because ants carry bait back to destroy queen and the entire colony. COMBAT kills most common household ants such as Argentine, Carpenter, Little Black and Odorous ants. And COMBAT is odorless, child-proof and easy to use. Follow directions carefully for best results.

**DIRECTIONS FOR HOUSEHOLD USE:**

- It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.
- 1—Simply place the trays indoors right by ant trails or close to areas where ants are numerous. Even in cabinets, next to food and dishes, if that's where your ant problem occurs. (Note that the white label is on the bottom of tray).
- 2—Ants will be seen around the bait trays for short periods, and you can expect to see less activity within one week.

**EFFECTIVENESS GUARANTEE:** If COMBAT does not provide satisfactory ant control, return all 3 bait trays for a full refund to: Consumer Relations Department, American Cyanamid Company, Wayne, New Jersey 07470

**PRECAUTIONARY STATEMENTS:**

**CAUTION:** May be harmful if swallowed.

**FIRST AID:** If swallowed, drink two glasses of water and induce vomiting by touching back of throat with finger. Do not induce vomiting or give anything by mouth to an unconscious person. Get medical attention. In case of emergency, call collect, day or night, Area Code 201-835-3100. If you have any questions or comments about COMBAT, please call us toll free 1-800-4COMBAT.

**DISPOSAL:** Wrap containers and put in trash can
