This recyclable package contains two (2) ECO-PAK water soluble packets. Each packet will treat five (5) acres.

Each packet contains 7.2 ounces of PURSUIT DG.

EASY TO USE:

- Begin filling spray tank, with agitation.
- Add ECO-PAK packets to water. Packets disperse in 1-2 minutes.
- Add other herbicides or additives.
- Finish filling tank and mix thoroughly.

Note: When mixing with liquid fertilizer, ECO-PAK packets MUST first be completely dissolved in water.

(This side of the package will treat 5 acres.)
