

**DETAIL**®  
herbicide

# Supplemental Labeling

EPA Reg. No. 241-361

**FOR USE IN SOYBEANS**  
**THIS LABEL EXPIRES DECEMBER 31, 1998**

### REVISED TOBACCO ROTATIONAL INTERVAL

OBSERVE ALL PRECAUTIONARY STATEMENTS AND LIMITATIONS IN THE DETAIL LABEL BEFORE USING. SEE THE DETAIL LABEL FOR PRECAUTIONS, WORKER PROTECTION STANDARD REQUIREMENTS, APPLICATION INFORMATION AND USES WITH OTHER PRODUCTS.

#### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. **DO NOT** apply this product through any type of irrigation system. This label must be in the possession of the user at the time of herbicide application.

#### ROTATIONAL CROP RESTRICTIONS

Tobacco may be planted 9½ months following an application of DETAIL at 2 pints per acre and no more than a total of 0.125 pounds of imazaquin applied per acre.

Use of DETAIL herbicide in accordance with label directions is expected to result in normal growth of rotational crops in most situations; however, various environmental and agronomic factors make it impossible to eliminate all risk associated with the use of DETAIL and, therefore, rotational crop injury is always possible.

**ACCEPTED**
