Use only on vitreous ware. Do not use on
porcelain or enamel.

TO CLEAN AND DISINFECT TOILET BOWLS - Flush bowl 3 or 4 times
around edges of bowl. Let remain a few minutes. Then brush with toilet
bowl brush up under flush ring and around inside surface. Repeat if
needed, until cleaned. Rinse bowl by flushing. To keep bowl clean, dump
your own urine into water in bowl. Brush solution under flush ring and
inside surface.

TO CLEAN FLOORS AROUND BOWL - Use only on hard surfaces. Do not
use on resilient floors. Sprinkle a few drops on floor, brush with brush
with water and mop. Flush mop when finished.

TO CLEAN AND DISINFECT URINALS - Remove protecting screen. Pour
3 ounces around pipe edges. Allow to remain for a short time. Remove
waste and flush. This cleaner is heavier than water. Let stand in trap
short time to remove scale. Then flush.

CLEANING FLUSH RING - Use same method as for toilet bowls.

MAINTAINING CLEAN URINALS - Pour 3 oz. amount into trap a few
times, to flush ring regularly. Always rinse.

USE ONLY ON VITREOUS WARE - Never use on fabrics, painted
or varnished surfaces. If applied to any surface other than vitreous
ware, it may stain or discolor.

DANGER — CORROSIVE: CONTAINS HYDROCHLORIC ACID.

KEEP OUT OF REACH OF CHILDREN.

May be fatal if swallowed. Produces chemical burn in mouth, breath, lungs
or tissues. Do not get in eyes or skin, or on clothing. Call physician
immediately in case of ingestion or injury.

FIRST AID - INTERNAL - Drink a teaspoonful or more of magnesia, chalk,
or small pieces of soap softened with water, in milk or raw egg white.

EYES - Wash with water for 15 minutes. Get prompt medical attention.

EXTERNAL - Wipe off acid gently, immediately flush with water, using
soap freely, then cover with moist magnesia or baking soda.

RINSE EMPTY CONTAINER THOROUGHLY WITH WATER AND SOAK
