FULD BROS., INC.

Baltimore, Maryland 21231

Los Angeles, Calif. 90013

Kills: Ticks, Lice and Fleas. For use on Dogs and Cats. Controls "Doggy Odor." Helps to keep Fleas away. Sold to graduate veterinarians only.

DIRECTIONS

Remove metal cap. Press down plastic button with hole away from you. Hold container 2 to 4 inches from dog or cat. Start spraying at the tail, moving up to the back of the neck and including the legs and under body. While spraying fluff the hair to permit the spray to penetrate, spraying only until the hair is slightly damp. Spray ticks directly. Keep spray moving constantly. ~~Avoid spraying eyes, face or scrotum. Repeat when necessary but not more often than once every 7 days. Treat bedding, kennel and quarters with the spray, contacting as many insects with the spray as possible.~~

In use this spray makes a slight hissing sound and causes a temporary cool sensation. Occasionally nervous animals may become frightened after first use but soon become accustomed to treatment.

CAUTION: Do not spray near eyes. In case of contact flush eyes with plenty of water for at least 15 minutes. Get medical attention if required. Avoid prolonged breathing of spray mist, repeated contact with skin, contamination of food-stuffs. Wash hands thoroughly after using. Do not use on birds or near fish bowls. Do not puncture or incinerate can when empty. Do not use near heat or store at temperatures above 120 F.

ACTIVE INGREDIENTS 6.20%
Pyrethrins 0.06% Tetra. P. paronyl Butoxide (equivalent to) 0.384% of Butylcarbitol 0.096% Propylparonyl ether and 0.096% of related compounds 0.42% Methoxy. n. p. Isobutyl (equivalent to) 0.44% 2,2-bis(p-methoxyphenyl) 1,1,1-trichloroethane and 0.06% other isomers and related compounds 0.50% Malathion (0.01 methyl dithiophosphate of diethyl mercaptosulfonate) 0.15% Petroleum Distillate 4.41% Essential Oil 0.50%

INERT INGREDIENTS 93.80%
