Dis Pur' Soil HOT SHOT SYSTEM without damage frees drains, fixtures, containers, equipment of rust, scum, IRON AND LIME SCALES. Removes source of toilet bowl odors.

Using Dis Pur' Soil at regular intervals prevents dangerous stoppage as it is heavier than water and rapidly sinks through water to lowest free drain level. There it gives full concentrated action upon waste beyond reach of cleaning instruments. Removes rust spots.

### DIRECTIONS

**FLOOR TYPE URINALS.** Push Dis Pur' Soil Hot Shot Plug into drain to bottom of trap. Inflate with hand bulb, thus closing pipe at trap below water level. The Hot Shot Plug will pass through small strainer slots on non removable strainer plates. Pour Dis Pur' Soil into pipe. Let stand until rising and slime stop bubbling. Release air and flush. For use without Hot Shot Plug, follow Wall Stand Urinals directions.

**WALL STAND URINALS.** Pour into opening. Allow 10 to 30 minutes action depending on amount of scale. No plug needed.

To disinfect urinal surfaces pour small amount on mop and swab thoroughly, then rinse with water.

**TOILET BOWLS.** Removes discoloration under rim and in bottom of bowls. Use small amount in bowl. Brush with brush or rag and flush.

Pour 2 ounces into bowl and swab thoroughly to disinfect.

Dis Pur' Soil HOT SHOT SYSTEM without damage frees drains, fixtures, containers, equipment of rust, scum, IRON AND LIME SCALES. Removes source of toilet bowl odors.

Using Dis Pur' Soil at regular intervals prevents dangerous stoppage as it is heavier than water and rapidly sinks through water to lowest free drain level. There it gives full concentrated action upon waste beyond reach of cleaning instruments. Removes rust spots.

### DIRECTIONS

**FLOOR TYPE URINALS.** Push Dis Pur' Soil Hot Shot Plug into drain to bottom of trap. Inflate with hand bulb, thus closing pipe at trap below water level. The Hot Shot Plug will pass through small strainer slots on non removable strainer plates. Pour Dis Pur' Soil into pipe. Let stand until rising stops and slime stop bubbling. Release air and flush. For use without Hot Shot Plug, follow Wall Stand Urinals directions.

**7 WALL STAND URINALS.** Pour into opening. Allow 10 to 30 minutes action depending on amount of scale. No plug needed.

**TOILET BOWLS.** Removes discoloration under rim and in bottom of bowls. Use small amount in bowl. Brush with brush or rag and flush.

Pour 2 ounces into bowl and swab thoroughly to disinfect.

**COMPLETE STOPPAGE** in urinal pipes where scale has caused complete stoppage, pour Dis Pur' Soil into line. It will sink to stoppage point acting full strength. DO NOT AGITATE WITH SUCTION PUMP.

### CAUTION:

## CONTAINS HYDROCHLORIC ACID

**Caustic:** May be fatal if swallowed. Produces chemical burns. Do not breathe vapor or fumes. Do not get in eyes, on skin, or on clothing. Do not use on any surface except vitreous ware. Store in cool place. Keep away from heat.

**ANTIDOTE:** Call physician immediately.

**INTERNAL:** Drink a teaspoonful or more of magnesia, chalk or small pieces of soap softened with water, in milk or raw egg white.

**EYES:** Wash with water for 15 minutes. Get prompt medical attention.

**EXTERNAL:** Wipe off the acid gently, immediately flood with water, using soap freely, then cover with moist magnesia or baking soda.

If spilled on any surface, flood surface with water immediately, then cover surface with moist baking soda. Empty containers should be flushed with clear water, drain and replace top before disposal.

**DANGER: KEEP OUT OF REACH OF CHILDREN**
