Northridge, Maryland 21201 Los Angeles, California

A fast-acting insecticide with a delightful fragrance. Has
strong knock-down power. Contains 0.3% pyrethrin. Plus
pyrethrin synergist to even increase its effectiveness. Can be used
with complete confidence in any room in any establishment
including bakeries and restaurants. Also popular for use in
grocery markets, hotels, motels, clubs, canneries, breweries, meat
markets, and other places where foods or foodstuffs are
handled.

When used in processed treatment should be limited
to areas where the establishment is closed or not in operation
and should not be covered or removed during spraying. Work
areas should not be cleaned before re-use.

Non-flammable

TO SPRAY: Shake cap. Hold can upright. Push valve opening
away from you. Direct valve to insect spray. Hold three feet
from wall or ceiling.

**FLYING INSECTS: FLIES, FRUIT FLIES, FLYING MOTHS,
MOSQUITOES, GNATS.** Direct spray on swarms swarming or
concentrated in heavily infested areas. With the spray, the
insects will be driven down to the floor where they will die.
WASPS, HORNETS. Direct spray on nests.

**CRAWLING INSECTS: ROACHES, SILVERFISH, WATER
BEETLES, BEES, ANTS.** Direct spray on infested areas. Will
kill on contact. For roaches, spray in cracks and crevices, under
sinks, and in other places where they hide. For ants, spray in
cracks and crevices. For silverfish, spray in cracks and
crevices. For water beetles, spray in cracks and crevices.
BEETLES, FLEAS. Direct spray on infested areas. Will
kill on contact. For fleas, spray on pets and bedding.
ANIS. Direct spray on infested areas. Will
kill on contact. For anis, spray on infested areas.
BEDBUGS. Direct spray on infested areas. Will
kill on contact. For bedbugs, spray on infested areas.

CAUTION: CONTENTS UNDER PRESSURE

Do not spray near eyes. In case of contact flush eyes with
plenty of water for 15 minutes. Get medical attention if re-
quired. Do not contaminate feed or foodstuffs. Do not pur-
chase or use near heat. Do not use near heat or store at tempera-
tures over 120 F.

ACTIVE INGREDIENTS: Pyrethrin 0.3%, Pyrethrin synergist 0.1%,
Inert ingredients 99.6%.

INERT INGREDIENTS: See TOTAL INGREDIENTS above.

Made especially for use in homes and hotels.

U.S. Pat. No. 2,572,080 5032 6/68
