X-12 ANTISEPTIC SPRAY

Destroys most germs on any surface including normally inaccessible areas.

Exhibits a broad spectrum of germicidal activity in destroying antibiotic-resistant strains of staphylococci and other grampositive pathogens as well as many gram negative bacteria and fungi.

Kills molds including mildew organisms

Reduces hazard of cross infection by disease bearing bacteria and viruses

Removes odors by unique oxidation process catalyst.* In air—actually destroys odors instead of just "masking" them.

Refreshes air pleasantly and effectively

Dries instantly—leaving no oily film

*Technical data on request **Patent pending

SUGGESTED USE—APPLICATIONS

DISINFECTING INANIMATE OBJECTS Hold dispenser about 6" to 8" from surface to be disinfected and spray 3 seconds or until surface is thoroughly wet

DEODORIZING—SPACE SPRAY Hold dispenser upright—spray into air toward center of room for 3 to 5 seconds

CAUTION: Do not puncture or incinerate. Do not use near heat or store at temperatures above 120° F. Avoid contact with food. Do not use on polished wood, furniture or rayon fabrics. Do not spray near eyes. In case of contact, flush eyes with plenty of water for 15 minutes. Get medical attention if required.
